The Metaphrase of Niketas Choniates' >History< John C. Davis, Martin Hinterberger, 2025-05-06 This volume presents for the first time a critical edition of a highly unusual Byzantine text the *Metaphrase* or intralingual translation of the early 13th century *History* Chronike Diegesis of Niketas Choniates The original *History* of Choniates has always been considered a monument of Byzantine historical and rhetorical discourse Its highly learned Atticizing style of Greek however frequently made it obscure to readers even in the Byzantine period As a result in the second quarter of the 14th century probably in Constantinople an individual or group of individuals undertook to transpose the entire work into a simpler register of Greek closer to the everyday language of the period Accordingly the text as published here brings to light a major body of primary linguistic material enabling scholars in the field to judge for themselves the nature and extent of the linguistic and stylistic enterprise represented by the *Metaphrase* The introductory matter and accompanying analysis provide background information on the manuscript tradition of the *Metaphrase* as well as an assessment of its linguistic and cultural context and genesis
