 conception of the Irish as a city people those who settled in Ontario were primarily rural and small town dwellers Though it is
 often claimed that the experience of the Irish in their homeland precluded their successful settlement on the frontier in North
 America Akenson s research proves that the Irish migrants to Ontario not only chose to live chiefly in the hinterlands but that
 they did so with marked success Akenson also suggests that by using Ontario as an historical laboratory it is possible to make
 valid assessments of the real differences between Irish Protestants and Irish Catholics characteristics which he contends are
 much more precisely measurable in the neutral environment of central Canada than in the turbulent Irish homeland While
 Akenson is careful not to over generalize his findings he contends that the case of Ontario seriously calls into question
 conventional beliefs about the cultural limitations of the Irish Catholics not only in Canada but throughout North America
