The Vanity Fair Diaries Tina Brown, 2017-11-14 Named one of the best books of 2017 by Time People The Guardian Paste Magazine The Economist Entertainment Weekly Vogue Tina Brown kept delicious daily diaries throughout her eight spectacular years as editor in chief of Vanity Fair Today they provide an incendiary portrait of the flash and dash and power brokering of the Excessive Eighties in New York and Hollywood The Vanity Fair Diaries is the story of an Englishwoman barely out of her twenties who arrives in New York City with a dream Summoned from London in hopes that she can save Condé Nast's troubled new flagship Vanity Fair Tina Brown is immediately plunged into the maelstrom of the competitive New York media world and the backstabbing rivalries at the court of the planet's slickest most glamour focused magazine company She survives the politics the intrigue and the attempts to derail her by a simple stratagem succeeding In the face of rampant skepticism she triumphantly reinvents a failing magazine Here are the inside stories of Vanity Fair scoops and covers that

sold millions the Reagan kiss the meltdown of Princess Diana's marriage to Prince Charles the sensational Annie Leibovitz cover of a gloriously pregnant naked Demi Moore In the diary's cinematic pages the drama the comedy and the struggle of running an it magazine come to life Brown's Vanity Fair Diaries is also a woman's journey of making a home in a new country and of the deep bonds with her husband their prematurely born son and their daughter Astute open hearted often riotously funny Tina Brown's The Vanity Fair Diaries is a compulsively fascinating and intimate chronicle of a woman's life in a glittering era *The Boy Spy* Joseph Orton Kerbey,1889 **Historical Dictionary of Sexspionage** Nigel West,2009-01-22 In a surprising number of espionage cases sex has played a significant role often only in the background possibly as a reason why a particular individual has lived beyond his means and is in desperate need of cash FBI agent Earl Pitts sold secrets to the Soviets to ease his financial burdens which came from his habitually heavy use of male and female prostitutes Yuri Nosenko collaborated with the CIA after having misappropriated KGB funds to entertain expensive women while on official duties in Geneva and Aleksandr Ogorodnik of the Soviet foreign ministry was persuaded to become a spy by his pregnant Spanish lover an agent recruited by the CIA In the realm of human behavior sex can be the catalyst for risky or reckless conduct The Historical Dictionary of Sexspionage explores this behavior through a chronology an introduction a bibliography and hundreds of cross referenced dictionary entries on the secret agencies operations and events From Delilah's seduction of Samson in 1161 BC to State Department official Donald Keyser's conviction of passing secrets to Isabelle Cheng a Taiwanese intelligence officer in 2007 Nigel West recounts the history of sexspionage **Gestapo Lodge** Carlos Mundy,2011-12 Gestapo Lodge is the real life tale of an MI6 agent's career in the most dangerous period of recent European history the Second World War and its aftermath Dripping in glamour charged by eroticism but laden with immense peril in this world of high stakes espionage nothing could be more fantastic than the truth *Mystery Women, Volume Two (Revised)* Colleen Barnett,2011-12-31 Many bibliographers focus on women who write Lawyer Barnett looks at women who detect at women as sleuths and at the evolving roles of women in professions and in society Excellent for all women's studies programs as well as for the mystery hound Look at the popularity of such reading guides as Willetta Heising's *Detecting Women* 3rd ed 0 9644593 7 X or Amanda Cross fiction *Honest Doubt* 0 345 44011 0 11 00 **Spain During World War II** Wayne H. Bowen,2006 The story of Spain during World War II has largely been viewed as the story of dictator Francisco Franco's foreign diplomacy in the aftermath of civil war Wayne H Bowen now goes behind the scenes of fascism to reveal less studied dimensions of Spanish history By examining the conflicts within the Franco regime and the daily lives of Spaniards he has written the first book length assessment of the regime's formative years and the struggle of its citizens to survive Bowen argues that the emphasis of previous scholars on Spain's foreign affairs is misplaced that even the most pro Axis elements of Franco's regime were more concerned with domestic politics the potential for civil unrest and poverty than with events in Europe Synthesizing a wide range of Spanish language scholarship and recently declassified government documents Bowen

reveals how Franco's government stumbled in the face of world war inexperienced leaders contradictory political ideology and a divided populace His book tells the dramatic story of a six year argument among the general the politicians and the clerics on nothing less than what should be the nature of the new Spain touching on issues as diverse as whether the monarchy should be restored and how women should dress Examining the effects of World War II years on key facets of Spanish life Catholicism the economy women leisure culture opposition to Franco and domestic politics Bowen explores a wide range of topics the grinding poverty following the civil war exacerbated by poor economic decisions restrictions on employment for women versus the relative autonomy enjoyed by female members of the Falange the efforts of the Church to recover from near decimation and methods of repression practiced by the regime against leftists separatists and Freemasons He also shows that the lives of most Spaniards remained apolitical and centered on work family and leisure marked by the popularity of American movies and the resurgence of loyalty to regional sports teams Unlike other studies that have focused exclusively on Spain's foreign affairs during the Second World War Bowen's work stresses the importance of the home front not only in keeping Spain out of the war but also in keeping Franco in power He shows that in spite of internal problems and external distractions Franco's government managed to achieve its goals of state survival and internal peace As the only single volume survey of this era available in English Spain during World War II is a masterful synthesis that offers a much needed alternative view of the Franco regime during crucial times as it provides a testament to the Spanish people's will to survive *The New York Times Index*, 1990

Cousins Clarence Mike Dunaway, 2017-01-26 Two cousins Carrie and Connor were born next door to each other and remained that way through high school and beyond At the age of nine a girl named Rebecca who was the same age as the cousins was raped and tossed off along the highway She did well recovering from the trauma however she fell far behind in her academics Carrie found a way to help Rebecca where adults failed As more time progressed Rebecca and Connor fall in love However Connor treated her as though she was made of glass making their relationship difficult at best In the book there are three attempted murders one by arson another by poison and blunt force trauma and another one as a successful bullet through the brain There are many twist and turns When Rebecca finds out who her rapist is and is forced to go before a line up and again faces him in court to her it was almost like the rape trauma all over again **A GRAMMAR OF THE WAPPO LANGUAGE** PAUL RADIN, 1929 [The Duchess Of Windsor](#)

Greg King, 2011-05-01 A sympathetic and believable portrait of the American woman for whom King Edward VIII gave up the throne with photos included *Christian Science Monitor* A woman's life can really be a succession of lives each revolving around some emotionally compelling situation or challenge and each marked off by some intense experience It was the love story of the century the king and the commoner In December 1936 King Edward VIII abdicated the throne to marry the woman I love Wallis Warfield Simpson a twice divorced American who quickly became one of the twentieth century's most famous personalities a figure of intrigue and mystery both admired and reviled Wrongly blamed for the abdication crisis

Wallis suffered hostility from the Royal Family and much of the world Yet interest in her story has remained constant resulting in a small library of biographies that convey a thinly veiled animosity toward their subject The truth however is infinitely more fascinating than the shallow pathetic portrait that has often been painted Using previously untapped sources acclaimed biographer Greg King presents a complete and for the first time sympathetic portrait of the Duchess that sifts the decades of rumor and accusation to reveal the woman behind the legend From her birth in Pennsylvania during the Gilded Age to her death in Paris in 1986 King takes the reader through a world of privilege palaces high society and love with the accompaniment of hatreds feuds conspiracies and lies The cast of characters is vast politicians and presidents dictators and socialites Twenty four pages of photographs reveal the life of the Duchess in all its incomparable glamour and romance A wide absurd cast of characters led by the British royal family Wallis lavish decorati **Jim Kobak's Kirkus Reviews**, 1991
