THEY WERE ARMED AND READY FOR A WAR  
THEY HOPED WOULD NEVER START

# STARCRUISER SHENANDOAH

SQUADRON  
ALERT

The background of the cover is a dynamic illustration of four soldiers in futuristic combat gear. They are positioned in a line, moving forward. The soldier in the foreground is a man with a determined expression, holding a large, complex weapon. Behind him are three other soldiers, including a woman, all equipped with advanced armor and weaponry. The scene is set against a dramatic, fiery orange and red sky, suggesting a battlefield or a planet under attack. The overall tone is one of intense action and military readiness.

## Squadron Alert:

**Retread Squadron** John Munn, 2001-08-26 RETREAD SQUADRON is about an Air National Guard Squadron that is fat and corrupt when the Korean War breaks out Captain Marshall Stone the central character loves flying almost as much as he loves his beautiful wife Georgie Through his perception we see the squadron reshaping into a fighting unit capable of carrying out the dirty missions that the F 84 pilots are ordered to fly in the war Hanging over all that happens is the conviction that military decisions are being by politicians who are willing to sacrifice the lives of American fighting men and our country's honor to avoid any confrontation with countries that support our enemy Captain Stone keeps his perspective as he flies dangerous and predictable missions while at home his marriage is threatened He focuses his skills on the missions achieving some glorious moments by flying all out beyond normal limitations when his comrades need help He comes through these experiences with a clear view of the priorities that can make his life worth living The squadron too survives and triumphs in the end *60/337th Fighter Interceptor Squadron* Stan Lukasiewicz, 2006-11-19 During a portion of the 20th century known as the Cold War Era when the United States feared an attack on its land our armed forces kept a 24 hour vigil to meet any armed aggression against us A part of this vigil involved the United States Air Force keeping fighter interceptor squadrons on alert at all times with a certain amount of aircraft poised in alert hangars fully armed and ready to launch within five minutes from the sound of the alarm This history is about one such squadron the 60th 337th Fighter Interceptor Squadron assigned to Westover Air Force Base Chicopee Massachusetts Its task was to guard a specific area of airspace in the northeast from an airborne attack Their object was to destroy any enemy bombers penetrating U S airspace that was assigned to the squadron The Air Force assigned the newest all weather interceptor the F 86D Sabrejet to the 60th in May 1953 Sometime in mid 1956 the squadron began receiving a more advanced version of the Sabrejet known as the F 86L In 1958 the squadron converted to the fastest interceptor in the U S arsenal the F 104 Starfighter which they flew until the unit was deactivated in July 1960 You will follow the events of this fighter squadron from May 1953 until its last F 104 departed in June 1960 It tells the stories of the unit's accomplishments tragedies that befell the squadron the personal reflections and feelings of some of the members some eventful sporting news a few social events that occurred and the public relations work involved in helping the civilian population in the surrounding communities to better understand the importance of the mission of the fighter squadron and the significance it had on the civilian population The Air Reservist, 1955 Hearings United States.  about relationships Theres no romance involved not even any close friendships Its mostly about flying machines and their  
 missions But people are important After all pilots fly the machines There are a lot of characters here that aviation buffs will  
 immediately recognize Lots of record setting test pilots and even some astronauts Older non buffs will also see familiar  
 names an aviation legend first ever moon walkers a couple of popular entertainers a famous TV news anchor and even two  
 former presidential candidates Watch closely some of them just flash past Airplanes star in this tale None of them were  
 perfect but many of them excelled performing their assigned tasks North American Aircrafts F 86F was a beautiful machine  
 But it was also a breathtakingly good MiG killer Because of its fine flying qualities it was fun to fly a sports car among sedans  
 Fairchild Chase Aircrafts C 123B was an outstanding assault transport It was almost perfect for its mission in Vietnam but it  
 could be a real handful for any pilot to fly I have lots of favorite airplanes but Douglas A 1H Skyraider stands out There has  
 never been a better attack fighter in terms of accuracy in iron bomb delivery weapons load carrying ability or endurance  
 Lockheeds F 104A or C models were many pilots dream machines Their luster dimmed somewhat for me after I flew them  
 But they were certainly suitable for training Test Pilot School students to perform zooms and shuttle aircraft type approaches  
 and landings Ill stop with these four Theres much more on airplanes inside about 192 000 words worth Thats a lot to slog  
 through and you may find some parts too technical or too detailed Ignore them There are also many numbers but most arent  
 important Browse for good stuff If you want more info on some airplane Google her up      The U.S. Air Service in World War
