IBSS: Political Science: 2004 Vol.52 The British Library of Political and Economic Science, 2004-12 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world's most expert librarians and academics Breadth Today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage The IBSS reviews scholarship published in over thirty languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French **Action and Appearance** Anna Yeatman, Charles Barbour, Phillip Hansen, Magdalena Zolkos, 2011-04-21 **Social Policy and Practice in Canada** Alvin Finkel, 2012-05-09 **Social Policy and Practice in Canada A History** traces the history of social policy in Canada from the period of First Nations control to the present day exploring the various ways in which residents of the area known today as Canada have organized themselves to deal with or to ignore the needs of the ill the poor the elderly and the young This book is the first synthesis on social policy in Canada to provide a critical perspective on the evolution of social policy in the country While earlier work has treated each new social program as a major advance and reacted with shock to neoliberalism's attack on social programs Alvin Finkel demonstrates that right wing and left wing forces have always battled to shape social policy in Canada He argues that the notion of a welfare state consensus in the period after 1945 is misleading and that the social programs developed before the neoliberal counteroffensive were far less radical than they are sometimes depicted **Social Policy and Practice in Canada A History** begins by exploring the non state mechanisms employed by First Nations to insure the well being of their members It then deals with the role of the Church in New France and of voluntary organizations in British North America in helping the unfortunate After examining why voluntary organizations gradually gave way to state controlled programs the book assesses the evolution of social policy in Canada in a variety of areas including health care treatment of the elderly child care housing and poverty **Saskatchewan Politics** Howard A. Leeson, 2009 Accompanied by DVD videodisc entitled The 2006-08 throne and budget debates between NDP leader Lorne Calvert and Saskatchewan Party leader Brad Wall in jewel case **Redistributing Health** Thomas Allan McIntosh, Bonnie Jeffery, Nazeem Muhajarine, 2010 What too few people realize is that as Andre Picard writes in his Foreword to **Redistributing Health** social justice or lack thereof has a greater impact on the health of the population than the human genome lifestyle choice and medical treatment The truth is that things like poverty social exclusion lack of meaningful employment and lack of access to education or good housing contribute significantly to ill health in Canada and none of these will be remedied by doctors or hospitals or pill

bottles **American Book Publishing Record** ,2005 **Saskatchewan** John W. Warnock,2004 Isolation is part of the psyche of this sparsely populated prairie province and this abundance of great open space has uniquely shaped the people their politics their economy and their relationship with the rest of North America P Using the broad interdisciplinary social science approach of political economy analysis Warnock traces Saskatchewan s past in an attempt to understand the present and glimpse some of its future Along the way he tells the story of Saskatchewan from inception to centennial John Warnock author of *The Other Mexico* received his Ph D from the American University Washington D C School of International Service After working for the U S State Department he taught political economy at both American and Canadian universities most recently at the University of Regina **Taxing Illusions** Phillip Hansen,2003 Countering recent interest in promoting tax cuts in Canada this study examines how taxation helps define the nature of a political community and the values of a political culture By comparing two Saskatchewan tax reports from the early 1960s and the late 1990s this treatise demonstrates how assumptions about taxation policy reflect and shape conceptions of democracy and citizenship and contends that tax cuts promote an individual centered rather than a society based policy that affirms community values *America, History and Life* ,2005 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Canadian Books in Print.
