Taxing The Hard To Tax Lessons From Theory And Practice:

Taxing the Hard-to-tax James Alm, Jorge Martinez-Vazquez, S. Wallace, 2004 In the developed and developing world taxing certain kinds of activities sectors or individuals the so called hard to tax is a challenge for governments This volume s goal is to take a hard objective look at the different aspects of taxing the hard to tax as well as at a variety of approaches that have been employed around the world **The Elgar Guide to Tax Systems** Emilio Albi, Jorge Martinez-Vazquez, 2011-01-01

Tax systems have changed considerably in the past three decades These fundamental changes have been the result of economic globalization new political stances and also of developments in public finance thought The chapters in this volume offer a critical review of those changes from the perspectives of tax theory policy and tax administration practice and the political economy of taxation The authors also consider what sort of reforms are worth undertaking in tax policy design tax administration and enforcement and the assignment of sub national taxes The authors in this volume are among the top scholars in the study of public finance The development of tax systems in OECD countries is examined as are various methods of taxation direct versus indirect corporate income tax value added tax and others employed throughout the world The politics of public finance and the institutions used to administer it are also analyzed Reflecting on the influence of the research itself Richard Bird closes the book with a chapter exploring whether or not economic literature has focused on the issues and problems that really matter to policymakers and whether it has influenced the development of tax systems

Epifantseva,2017-10-02 An inherently interdisciplinary subject tax avoidance has attracted growing interest of scholars in many fields No longer limited to law and accounting research increasingly has been conducted from other perspectives such as anthropology business ethics corporate social responsibility and economic psychology This was recently stimulated by politicians mass media and the public focussing on tax avoidance after the global financial and economic crisis put a squeeze on private and public finances New challenges were posed by changing definitions and controversies in the interpretation of tax avoidance concept as well as a host of new rules and policies that need to be fully understood This collection provides a comprehensive guide to students and academics on the subjects of tax avoidance from an interdisciplinary perspective exploring the areas of accounting law economics psychology and sociology It covers global as well as regional issues presents a discussion of the definition legality morality and psychology of tax avoidance and provides guidance on measurement of economic effect of tax avoidance activities With a truly international selection of authors from the UK North America Africa Asia Australasia Middle East and continental Europe with well known experts and rising stars of the field the contributors cover the entire terrain of this important topic The Routledge Companion to Tax Avoidance Research is a ground breaking attempt to bring together scholarly research in tax avoidance offering rigorous academic analysis of an important and hotly debated issue in a structured and balanced way **Innovations in Tax Compliance** Roel Dom,Anna Custers,Stephen

Davenport,Wilson Prichard,2022-03-14 Recent decades have seen important progress in strengthening country tax systems

Yet many areas of reform have remained stubbornly resistant to major improvements Overall revenue collection still falls short of that needed for effective governance and service delivery Tax collection is too often riddled with high rates of evasion among large corporations and the rich and by disproportionate though often hidden burdens on lower income groups As countries around the world deal with the large debt burdens induced by COVID 19 an in depth look at how to strengthen tax systems is especially timely Innovations in Tax Compliance Building Trust Navigating Politics and Tailoring Reform takes a fresh look at tax reform The authors draw on recent research and experience for their new conceptual framework to guide more effective approaches to reform Building on the achievements of recent decades they argue for a greater emphasis on the overlapping goals of building trust navigating political resistance and tailoring reform to unique local contexts an emphasis achieved by identifying the most binding constraints on reform This focus not only can lead to greater compliance a fairer system and higher revenues but also can contribute to building state capacity sustained political support for further reforms and a stronger fiscal contract between citizens and governments

Science, Technology and Taxation Robert F. van Brederode, 2012-08-01 This first comprehensive study of the interaction between technology and taxation approaches the subject along four main avenues insight and analysis gained from empirical legal studies conducted in the area of taxation methods for improving the control and management of the tax function in business tax auditing through statistical sampling and changes in the fiscal environment as a result of technological capabilities Among the topics that arise are the following what choices of sampling methodology exist determination of both one sided and two sided confidence intervals under what circumstances statistical sampling is acceptable as proof of underpayment and as a basis for penalties the use of sampling agreements as a tool to improve taxpayers understanding of the process complexities encountered by the introduction of technology in tax administration in developing countries technological capability to detect economic activity in the informal sector technological innovation as substitute for inadequate human capacity improvements available to better monitor the movement and values of goods entering a country safeguards to prevent unauthorized use of personal information prioritizing resources to ensure that the key strategic objectives of the agency are being addressed government defensive action and the threat to privacy and capabilities and limitations of enterprise resource planning systems and tax engines Although the author pays especially detailed attention to the technologies developed and used by the United States Internal Revenue Service other notable systems developed by the European Union Brazil Mexico and China are also examined Various sampling methods and practices are illustrated with numerical examples As tax systems acquire ever higher levels of integration and because accuracy is crucial to the measurement of tax compliance the perspectives opened and expertly analyzed by the author will prove of great importance Practitioners tax policymakers and administrators tax standard setters and tribunals dealing with disputes over tax administration and procedure as well as academics and researchers will instantly recognize the book s great importance and practical value

Rethinking Wealth and Taxes Geoffrey

Poitras,2020-08-28 Taxes on the wealthy are a topic sure to incite venomous rants from both right wing and left wing ideologues The topic attracts conflicting interpretations and policy recommendations and generates proposals for tax reform that consume political debate All this activity takes place against an opaque backdrop of empirical evidence dealing with the distribution of wealth and income and tax avoidance and tax evasion by corporations and wealthy individuals Rethinking Wealth and Taxes explores these problems and considers the possibilities for increasing taxes on wealth to address the increasingly unequal distribution of wealth and income

Taxation and Development: The Weakest Link? Richard M. Bird,Jorge Martinez-Vazquez,2014-09-26 Taxation and Development highlights the importance of better understanding the ways in which taxes and expenditure are linked Focusing on developing countries the book argues for a broader approach to the topic with a secondary focus on developing a
