Hailey and her sister Kathy find themselves with a lot of decisions to make when their grandmother passes away. Hailey has never settled into adulthood, working dead end jobs and full of anxiety about everything. Her sister Kathy has always known what she's wanted; her life is on track and she's determined to not let anything get in the way. Hailey spends one last night alone in her grandmother's home, hoping to find closure. What she finds is a sexy half demon knocking on her front door, ghosts appearing out of nowhere, and some kind of monster eating her grandmother's garden. Vint, a half demon half witch, claims he's there to protect the magic that the death of her grandmother has left behind: A wild family magic that is coveted by many, including the local coven who Hailey knows her grandmother wasn't fond of. But the half demon is there for more than Hailey's benefit, and when the will reveals he could have the magic if Hailey and Kathy don't take it, the decisions that need to be made become everybody's business.

The Tea Leaf Reader Sarita Gupta, 2020-05-14

A scientific journey into life, matter, and space. This book answers questions about why we exist, who we are, if life exists outside Earth, the universe, and other truths on life and cosmology. This is a one-of-a-kind book on metaphysics explaining the paranormal as well as life problems with a scientific approach. The star wars aren't all lies, and a handful of us do end up interacting with star people, especially at times of war. Earth is governed by star people, and they do affect our lives in invisible ways that result in visible changes in our bodies and in the climate, the roots of which we haven't yet correlated to the goodness and the havoc brought down from the stars. The author draws our attention to some of the burning problems affecting us, along with some suggested remedies to minimize negativity and bring positivity into our lives, and on this planet. The book also talks about alternative methods of healing and shares some of the good and the bad about them. We experience our spiritual selves and the invisible realms of Earth more than we know in our cognitive reality or waking consciousness.

REVIEWS: Sarita Gupta in *The Tea Leaf Reader*. *Earth is Ruled by Star People* seeks to bring to her readers the experiences she has been having since 2014 as a clairvoyant. After her powers awakened in 2014, she has been able to communicate with the Star People or Star Aliens, as they are also known as. In this manuscript, Gupta seeks to bring a self-help book style novel.

The Poetry Demon Jason Protass, 2021-07-31 Chinese Buddhist monks of the Song dynasty 960-1279 called the irresistible urge to compose poetry the poetry demon In this ambitious study Jason Protass seeks to bridge the fields of Buddhist studies and Chinese literature to examine the place of poetry in the lives of Song monks Although much has been written about verses in the gong'an (Jpn k'an) tradition very little is known about the large corpora roughly 30,000 extant poems composed by these monastics Protass addresses the oversight by using strategies associated with religious studies literary studies and sociology He weaves together poetry with a wide range of monastic sources and in doing so argues against positing a literary Chan movement that wrote poetry as a path to awakening he instead presents an understanding of monks poetry grounded in the Song discourse of monks themselves The work begins by examining how monks fashioned new genres created their own books and fueled a monastic audience for monks poetry It traces the evolution of g' th from hymns found in Buddhist scripture to an independent genre for poems associated with Chan masters as living buddhas While Song monastic culture produced a prodigious amount of verse at the same time it promoted prohibitions against monks participation in poetry as a worldly or Confucian art This constructive tension was an animating force The Poetry Demon highlights this and other intersections of Buddhist doctrine with literary sociality and charts productive pathways through numerous materials including collections of Chan recorded sayings monastic rulebooks eminent monk and flame record hagiographies manuscripts of poetry Buddhist encyclopedia primers and s' tra commentary Two chapter length case studies illustrate how Song monks participated in two of the most prominent and conservative modes of poetry of the time those of parting and mourning Protass reveals how monks used Chan humor with reference to emptiness to transform acts of separation into Buddhist teachings In another chapter monks in mourning expressed their grief and dharma through poetry The Poetry Demon impressively uncovers new and creative ways to study Chinese Buddhist monks poetry while contributing to the broader study of Chinese religion and literature
