Teaching and Learning Chinese as a Foreign Language

Janet Zhiqun Xing, 2006-01-01 This book provides a research based account of how to teach and learn Chinese as a foreign language In addition to the discussion of relevant second foreign language research this volume gives detailed information on ways to develop a pedagogical model that is uniquely suited to teaching Chinese in five key areas pronunciation tones and pinyin characters and words sentences when and why different sentence structures are used discourse and pragmatic competence coherence and genre and cultural competence Specially written for Chinese language teachers student teachers and applied linguists this is the first book written in English that systematically addresses all major aspects involved in teaching and learning Chinese as a foreign language This book covers all the fundamental grammar elements in Chinese explains their functions in discourse and communication and explores different strategies for teaching and engaging students

in learning the language **Learning English and Chinese as Foreign Languages** Wen-Chuan Lin, 2019-09-19 Learning English and Chinese is becoming increasingly important to the prospects of young people This book compares English as a Foreign Language teaching in Taiwan with Chinese as a Foreign Language education in England in order to highlight how classroom activities are embedded within multiple settings including ethnic or other social group cultures family and community resources and school visions or goals The book illustrates how in Taiwan different ethnic groups recognise access and value English language learning to varying extents Its findings illuminate why some ethnic groups are highly motivated to learn English and are able to gain privileged economic positions in the job market In England access to Chinese is marked by social class and the book argues that this could augment an educational apartheid that already exists in language teaching in secondary schools thereby exacerbating existing inequality **Infusing IB Philosophy and Pedagogy into Chinese Language Teaching** Mark S. K. Shum, 2015-10-30 This book not only examines what IB philosophy is it also explores the relationship between IB philosophy and Chinese language and culture and introduces a lot of useful and creative teaching pedagogies and methodologies Most importantly this book fills the gap of implementing IB philosophy and pedagogy into Chinese language teaching **Interculturality in Learning Mandarin Chinese in British Universities** Tinghe Jin, 2020-11-29 As China and Chinese language learning moves centre stage economically and politically questions of interculturality assume even greater significance In this book interculturality draws attention to the processes involved in people engaging and exchanging with each other across languages nationalities and ethnicities The study which adopts an ecological perspective critically examines a range of issues and uses a variety of sources to conduct a multifaceted investigation Data gathered from interviews with students of Mandarin sit alongside a critical discussion of a wide range of sources Interculturality in Learning Mandarin Chinese in British Universities will be of interest to students and academics studying and researching Chinese language education and academics working in the fields of language and intercultural communication intercultural education and language education in general *A Transdisciplinary Approach to Chinese and Japanese Language Teaching* Nobuko Chikamatsu, Li Jin, 2023-03-31 A Transdisciplinary Approach to Chinese and Japanese Language Teaching illustrates how the transdisciplinary approach to second language acquisition SLA centers around collaboration to provide a learning conducive environment with rich semiotic resources for second foreign language learners The volume consists of 14 chapters from leading experts in SLA and Chinese and Japanese language educators from Canada China Japan the United Kingdom and the United States of America As a first work of its kind the contributions feature both theoretical interpretations of transdisciplinary concepts that can apply to Chinese Japanese as a second language learning and case studies showcasing how college level Chinese and Japanese language educators design and implement pedagogical projects in collaboration with partners across languages disciplines communities and borders by adopting a transdisciplinary perspective to analyze students learning outcomes This book will benefit researchers administrators educators and teacher
