Teacher Evaluation Gathering And Using Data:

Teacher Evaluation Willard R. Duckett, 1983 These three conference presentations on teacher evaluation cover gathering and using evaluation information Robert D Brown emphasizes the communication and trust necessary to maintaining a good working relationship during and after evaluations Basic strategies of data gathering and reporting are covered as well Using a management information perspective Lloyd A DuVall focuses on deciding what information to include building an evaluation framework with that information reporting evaluations legally and using information gathered for management decisions and improvement of instruction Anton J Netusil divides the utilization of information from teacher evaluations into 24 exhibits which are condensations of the essential elements of evaluations which include purposes of evaluation characteristics of effective teachers and schools management styles and characteristics of a well organized teacher JW

Assessment and Data Systems in Early Childhood Settings Claire McLachlan, Tara McLaughlin, Sue Cherrington, Karyn Aspden, 2023-01-01 This book describes the use of data systems in early childhood settings birth to eight years for the purposes of assessment evaluation and curriculum planning It presents an international collection of research examining ways in which teachers and researchers have revisited notions of what constitutes effective assessment revised ways in which they assess children s learning and development and use the knowledge gained for curriculum planning It offers insights into contemporary research on how teachers and children are engaging with data systems as part of effective assessment and how these approaches influence practice This book presents recent theorizing and examples of research which have investigated innovative approaches to assessment using data systems in early years settings It represents both early childhood and junior primary contexts and includes research which focusses on teachers perspectives and reflections on use of data systems It also examines research which reflects on what children gain from being involved in these data systems

Teacher Evaluation Kenneth D. Peterson, 2000-05-19 The original edition published in August 1995 challenges current teacher evaluation and school practice The book discusses stages of teacher choice teacher responsibilities for evaluation and suggests ways for teachers to become more involved and in control of their own evaluation Combining information and techniques from his academic studies and evaluation experiences Peterson presents a coherent field tested set of new practices for teacher evaluation The revised edition adds new chapters on the role of the principal in changed teacher evaluation how districts can transition from current practice to improved practices the use of national standards developments in using pupil achievement data and puts a new emphasis on developing sociologically The Internet as a resource for local development is encouraged 67 web sites are recommended as starting points New resources for local development have been added from extensive field testing and analysis forms have been improved and district level principles have been assembled Substantial material has been added on the topic of responding to deficient teacher practice Finally the research literature has been augmented

Evaluating Teaching James H. Stronge, 2005-11-02 Foster the

development of highly qualified teachers and improve your school's teaching and learning with solid teacher evaluations. The connection between teacher evaluation fostering school improvement and the development of highly qualified teachers is receiving more attention than ever before. Just as there is a rational connection between school improvement and teacher performance, there is a necessary and rational connection between supporting and cultivating highly qualified teachers through effective evaluations and improving relationships in the school. In this updated edition, top-selling author James H. Stronge and his colleagues synthesize current teacher evaluation research and blend it with practice, highlighting how to design a sound teacher evaluation system, assess teacher performance thoroughly and accurately, implement a successful teacher evaluation system, incorporate student performance data, teaching portfolios, and classroom observation into the evaluation process. By aligning teaching performance and improvement goals with your school's mission, this text demonstrates how you can effectively encourage teachers to achieve a high standard of instruction at all levels.

Handbook on Teacher Evaluation with CD-ROM James Stronge, Pamela Tucker, 2020-10-14. Easy to use, authoritative, and flexible, the tools in this book and downloadable resources have been developed over the last 15 years and have been field tested in over 500 schools. These tools will empower you to do your evaluations based on current thinking and best practices.

Handbook on Measurement, Assessment, and Evaluation in Higher Education Charles Secolsky, D. Brian Denison, 2017-07-31. In this valuable resource, well-known scholars present a detailed understanding of contemporary theories and practices in the fields of measurement, assessment, and evaluation, with guidance on how to apply these ideas for the benefit of students and institutions. Bringing together terminology, analytical perspectives, and methodological advances, this second edition facilitates informed decision making while connecting the latest thinking in these methodological areas with actual practice in higher education. This research handbook provides higher education administrators, student affairs personnel, institutional researchers, and faculty with an integrated volume of theory, method, and application.

The New Handbook of Teacher Evaluation Jason Millman, Linda Darling-Hammond, 1990. The 25 chapters in this handbook examine evaluation purposes, processes, and methods, and discuss how they shape the implementation and outcomes of evaluation. Following an introduction in chapter 1, the nine chapters in Part I consider the purposes of evaluation. Chapters 3, 4, and 5 are concerned with the evaluation processes that determine selection into teaching, preservice evaluation, licensure, and certification. Chapters 6, 7, and 8 focus on how evaluation may support the development of greater teaching competencies for beginning and veteran teachers. Chapters 9 and 10 consider school accountability and school improvement. Part II examines the various methods used to evaluate teachers, along with their strengths and limitations as applied to the many purposes of evaluation. Chapters 11 and 12 deal with two methods for evaluating inservice teachers: classroom observations and ratings of classroom performance, while chapter 13 deals with teacher self-assessment. Chapters 14 and 15 deal with less widely used methods: the use of student test scores and the use of teacher portfolios. Chapters 16 through 18 address the use of formal

tests to evaluate teachers for licensure or certification and chapter 19 discusses combining evaluation data from multiple sources for decision making In Part III some of the system wide concerns that developers and users of evaluation plans must confront are discussed Chapters explore legal ethical administrative and economic aspects of teacher evaluation and ways to improve and support teacher evaluation The use of personnel standards to improve teacher evaluation is also discussed Each chapter contains references Contains six figures and four tables SLD
