Biblical-Theological Introduction to the Old Testament Miles V. Van Pelt,2016-05-31 The Old Testament is not just a collection of disparate stories each with its own meaning and moral lessons Rather it s one cohesive story tied together by the good news about Israel s coming Messiah promised from the beginning Covering each book in the Old Testament this volume invites readers to teach the Bible from a Reformed covenantal and redemptive historical perspective Featuring contributions from twelve respected evangelical scholars this gospel centered introduction to the Old Testament will help anyone who teaches or studies Scripture to better see the initial outworking of God s plan to redeem the world through Jesus Christ **Building Bridges of Time, Places and People: Volume I** J. Pierce,2023-12-28 A Black

Man's Notes on Ancient Egypt is Karl C Pierce's personal study of his own black history from the beginning of mankind. Throughout the text, Pierce explores several familiar questions: Who were the early Humans? Where did they come from? What was the role of Africa and its people in the development of civilization? Why is Ancient Egypt so critical to this story? This story is unique as it is not told from an academic viewpoint but from that of a truth-seeking black man intent on solidifying his own knowledge of his ancestors to push back on this narrative of blacks as savages promoted for hundreds of years by European scholars whose writings are designed to continue the hundreds of years of disenfranchisement of blacks.

About the Author: Karl C Pierce grew up in Richmond, Ca but lived his adult years in Oakland where he currently resides. He is the father of three adult daughters and the proud grandpa of two grandchildren. Pierce's education and work history are both in the Architectural Engineering Planning (AEP) fields, and he is now happily retired. He holds a degree in Urban Studies from San Jose State University. He is also a former member of the American Institute of Certified Planners (AICP).

Building Bridges of Time, Places and People J. Marc. Merrill, 2012-05

Mysteries associated with ancient Egypt are not confined to the pyramids of Giza. For example, consider these: One Egyptian hieroglyph is patterned after a bird known as the jabiru; another is an image of a saguaro cactus. Both the jabiru and the saguaro are found only in the Western Hemisphere, so how did they become hieroglyphs? Tutankhamen is referred to as the boy king by Egyptologists. Why then were statues found in the tomb portraits of a young woman? Hatshepsut is said to have been a female pharaoh who reigned for 22 years but then disappeared from the scene. What happened to her? And why was her image expunged from the walls of temples? Senenmut, a favorite of Hatshepsut, wrote that he had access to all the writings of the prophets. Which prophets did he mean? Why does the face of the mummy of Ramesses II not match the statues of this great pharaoh? Also, why did the embalmers remove the stomach and place the heart on the right side of the thorax? And why were diced tobacco leaves from the Western Hemisphere used to line the chest cavity? Why was Yuya supposedly the father of the great Queen Tiye buried with three coffins while his wife had only two? Moreover, why did the mask that covered his face along with the face on the innermost coffin look totally different from the mummy and from each other? Death masks were found not just in Egypt but in Greece as well. The most famous of these came from grave 5 at Mycenae. Each eye of this gold mask has double eyelids. In addition, like the Sphinx at Giza and the Shroud of Turin, the left eye is higher than the right and the mouth is not centered. How can such similarities be explained? Turning to Italy, on the underside of the right wrist of the Prima Porta statue of Augustus, there is the distinct impression of the head of a spike. According to historians, this statue depicts the first emperor of Rome, but what if it is instead a portrait of a man who was crucified? These mysteries, along with many others, are examined in detail and then convincingly explained in this first of two volumes to explore crucial links between Egypt, Israel, Greece, and Italy.
