The Heart of the Matter Wesley M. Collins, 2016-11-16 Can a culture have a theme that unifies seemingly unrelated practices? In this volume, Collins suggests that Maya Mam customs as different as constructing a house, staying healthy, seeking God, disciplining children, agreeing to a contract, or just speaking the language all originate from the same concept: a search for the center. This is far more than mere balance, long recognized as a Mayan cultural value. Rather, center space is a place of physical and metaphysical peace, acceptance, meaning, health, happiness, and home. Collins also shows how cenderedness is deeply embedded in the grammar of Mam: its lexicon, morphology, syntax, and discourse structure. This relatedness of Mam culture and linguistics provides an unusually detailed contribution to the debate on linguistic relativity and the Sapir-Whorf hypothesis. Collins combines historical accounts with firsthand ethnographic and linguistic

methodology to explore the concept of centeredness Detailed accounts of his personal interaction with the Mam illustrate and enrich the book s concepts This volume will interest students of the relationship between language and culture generally and specifically those interested in the study of Maya of Mexico and Guatemala

The Heart of the Mission Cary Cordova,2017-05-04 An illustrated in depth examintion of the avant garde and politically radical Latino art of San Francisco s Mission District In *The Heart of the Mission* Cary Cordova combines urban political and art history to examine how the Mission District a longtime bohemian enclave in San Francisco has served as an important place for an influential and largely ignored Latino arts movement from the 1960s to the present Well before the anointment of the Mission School by art world arbiters at the dawn of the twenty first century Latino artists writers poets playwrights performers and filmmakers made the Mission their home and their muse The Mission home to Chileans Cubans Guatemalans Mexican Americans Nicaraguans Puerto Ricans and Salvadorans never represented a single Latino identity In tracing the experiences of a diverse group of Latino artists from the 1940s to the turn of the century Cordova connects wide ranging aesthetics to a variety of social movements and activist interventions The book begins with the history of the Latin Quarter in the 1940s and the subsequent cultivation of the Beat counterculture in the 1950s demonstrating how these decades laid the groundwork for the artistic and political renaissance that followed Using oral histories visual culture and archival research she analyzes the Latin jazz scene of the 1940s Latino involvement in the avant garde of the 1950s the Chicano movement and Third World movements of the 1960s the community mural movement of the 1970s the transnational liberation movements in Nicaragua and El Salvador and the AIDS activism of the 1980s Through these different historical frames Cordova links the creation of Latino art with a flowering of Latino politics
