Clare Gogerty

The Magic Seeds:

The Magic Seeds Tera Ab Ankhnu Feaster, 2009-08-04 The Magic Seeds is an urban fairy tale. It was inspired by a what if game played by the authors a mother son team. What if the toy gemstone the son was playing with was actually real? While riding home every day after school the authors thought about this question and created a lovely story about a little boy and his mother and how a pack of magic seeds changed their lives. The Magic Seeds is a fantastical story about a modern day urban family that faces the average daily challenges that many people face. However in this story as in all fairy tales there is a very happy ending. The Magic Seeds does not have goblins giants or evil stepmothers in it. What it does touch on are real life situations such as finding good childcare spending quality time with your children as a single parent and making the best of your situation. By reading The Magic Seeds you and your family will smile and laugh at the way little Johnny creates fun in his life and recognizes his mother's determination to do her best to give her son a great childhood on a budget. This is a feel good story that will remind you that it's the small things that truly matter most. The Magic of Seeds Clare Gogerty, 2023-03-28 The ultimate reference to growing plants from seed. Seeds are magical. Every little one has the potential to become a new plant and give you more seeds connecting us to the circle of life and nature's endless ability to surprise and delight. The act of planting seeds and watching them grow into seedlings and then on into productive plants is enormously therapeutic. Even when things don't go to plan the gardener is constantly learning growing and deepening their connection to nature. It's an incredibly grounding and humbling experience that feeds the soul of the gardener. This beautifully illustrated guide will show readers how and when to harvest the seeds of 100 different garden plants and flowers with advice on when and how to sow them and where and when to plant them out. Alongside this hands on guidance the reader will be engaged with snippets of folklore and traditions that further enhance their appreciation of nature and help them discover the inherent magic of seeds. Whether the reader is a practising green witch or simply an amateur gardener with a spiritual affinity with nature this book will give them everything they need to successfully make a garden from seed and unlock the wonders of nature. **The Magic Seeds** Siew Mun Khoo, Weng Mun Chew, 1995 **The Magic Seed** Augustin Pacheco, 2020-12-16 When Raquel and her small daughter Mireya go hiking in the forest they find a sparkle on a rock which turns out to be a tiny seed. They take it home. When they get home they plant the seed in a pot. The next morning they discover that the seed is already growing a shoot. At the end of the day a tree is growing fast and is almost as tall as Mireya. Mireya tells her school friends about it and they come to see the tree at the end of the day. It gets dark while they are admiring the tree. The children gather in a circle around the tree in astonishment as the tree lights their faces with its glow and sparkle. Raquel and Mireya take the small tree to a meadow where they plant it. Days later they find that the small tree has grown into a giant tree. Mireya climbs the tree and her mother gets worried and calls her friend who comes in a helicopter. They fly up and find Mireya skipping along a large branch. They spend the night in the tree which has grown fruit nuts veggies and seeds which sparkle and glow and they
