The War in the Pacific Duane Ryan, US Army Military History Institute, 1978 **Merrill's Marauders: Combined Operations In Northern Burma In 1944 [Illustrated Edition]** Dr. Gary J. Bjorge, 2015-11-06 Includes the US Special Forces in World War II Illustrations Pack with 95 maps plans and photos Coalition warfare is generally a two edged sword When several countries join forces to fight a common enemy the weight of their combined effort can be overwhelming The effectiveness of this effort however can be dissipated or even rendered counterproductive if members of the coalition cannot find common ground among themselves on such vital issues as the nature and objectives of the war and the appropriate strategy command structure and methods for fighting it In this Special Study Dr Gary Bjorge of the Combat Studies Institute offers a case study in coalition warfare during the Second World War While the focus of his study is Merrill's Marauders his analysis offers a broader perspective on how coalition considerations affected strategy command and protocol and military operations and tactics in the China Burma India theater The lesson for today's professional officer is clear It may be the responsibility of the political authorities to fashion a wartime coalition but once in place the partnership will have an impact on military considerations from the strategic through the tactical levels Few officers involved in the combined effort will escape the fallout in one form or another from decisions made by the coalition leaders Officers must be prepared for this and Dr Bjorge's study is designed to assist in that preparation *The War Against Japan, 1941-1945* John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru
