Romanyshyn, 2020-08-14 The Wounded Researcher addresses the crises of epistemological violence when we fail to consider that a researcher is addressed by and drawn into a work through his or her complexes Using a Jungian Archetypal perspective this book argues that the bodies of knowledge we create degenerate into ideologies which are the death of critical thinking if the complexity of the research process is ignored Writing with soul in mind invites us to consider how we might write down the soul in writing up our research *Dance and Modernism in Irish and German Literature and Culture* Sabine Egger, Catherine E.
