Chicorel Index to Short Stories in Anthologies and Collections ,1975 *Russia Abroad* Marc Raeff,1990-04-19 The dramatic events of the twentieth century have often led to the mass migration of intellectuals professionals writers and artists One of the first of these migrations occurred in the aftermath of the Russian Revolution when more than a million Russians were forced into exile With this book Marc Raeff one of the world s leading historians of Russia offers the first comprehensive cultural history of the Great Russian Emigration He examines the social and institutional structure of the emigration and describes its rich cultural and intellectual life He points out that what distinguishes this emigration from other such episodes in European history is the extent to which the emigres succeeded in reconstituting and preserving their cultural creativity in the West The flourishing Russian communities of Paris Berlin Prague and Kharbin not only enriched Russian arts and letters but also significantly influenced the culture of their Western hosts and Raeff concludes with an assessment of their impact on the development of modern Western and Soviet culture **St. James Guide to Science Fiction Writers** Jay P. Rhetoric and Drama in the Johannine Lawsuit Motif George L. Parsenios,2010 George L Parsenios explores the legal character of the Gospel of John in the light of classical literature especially Greek drama Johannine interpreters have explored with increasing interest both the legal quality and the dramatic quality of the Fourth Gospel but often do not connect these two ways of reading John Some interpreters even assume that the one approach excludes the other and that John is either legal or dramatic but not both Legal rhetoric and tragic drama however were joined throughout antiquity in a complex pattern of mutual influence To connect John to drama therefore is to connect John to legal rhetoric and doing so helps to see even more clearly the pervasiveness of the legal motif in the Gospel of John Tracing the legal character of seeking in Sophocles Oedipus Rex for example sheds new light on the legal character of seeking in the Fourth Gospel especially in the enigmatic comment of Jesus at John 8 50 New insights are also offered regarding the evidentiary character of the signs of Jesus based on comparison with Aristotle s comments about signs and rhetorical evidence in both the Poetics and Rhetoric as well as by comparison with plays by Aeschylus Sophocles and Euripides To call the signs of Jesus evidence however does not remove them from the dialectical tension inherent in Johannine theology If the signs are evidence they are evidence in a world in which the basis of forming judgments has been problematized by the appearance of the Word in the flesh *American Book Publishing Record Cumulative, 1950-1977: Fiction.
