The Distorters of History: Unexpected Changes in the Media and the Motion Picture Industry with Movies

Forever Expanded-Updated Edition Robert D. Ronson, 2013-06-20 If some authorities say the political history is Ronson's interpretation then ask them why the facts are found in the World Almanac. Controversial issues in politics and greed dominate our society with power struggles for change. My book tries to show how past mistakes lead up to how our system is working now but also discusses what I think are enjoyable films that adequately entertain the average person looking for temporary escapism. Most critics or journalists analyze, evaluate, and review films in terms of production values or political reasons. I simply buy a ticket and walk in as a member of the audience. After the movie, asking myself questions how well I liked it is what I pass on to the viewer. *The Laser Disc Newsletter*, 1997 *The Films of Akira Kurosawa* Donald Richie, 1998 Film scholars and enthusiasts will welcome this new edition of Donald Richie's incomparable study last updated in 1984. The Method section, filmography, and bibliography contain new information, and Richie has added chapters on *Ran*, *Dreams*, *Rhapsody in August*, and *Madadayo*. Kurosawa's films display an extraordinary breadth and an astonishing strength from the philosophic and sexual complexity of *Rashomon* to the moral dedication of *Ikiru*, from the naked violence of *Seven Samurai* to the savage comedy of *Yojimbo*, from the terror-filled feudalism of *Throne of Blood* to the piercing wit of *Sanjuro*. Running through all Kurosawa's work is a tough, humane, and profoundly ethical concern for the painful, beautiful, frequently ridiculous ambiguities of human life. *EBOOK: Film Art: An Introduction* David Bordwell, 2013-08-16 Film is an art form with a language and an aesthetic all its own. Since 1979 David Bordwell and Kristin Thompson's *Film Art* has been the best-selling and most widely respected introduction to the analysis of cinema. Taking a skills-centered approach supported by examples from many periods and countries, the authors help students develop a core set of analytical skills that will enrich their understanding of any film in any genre. In-depth examples deepen students' appreciation for how creative choices by filmmakers affect what viewers experience and how they respond. *Film Art* is generously illustrated with more than 1,000 frame enlargements taken directly from completed films, providing concrete illustrations of key concepts.
