Baker, PhD, Paul R. Fine, LCSW, 2014-04-04 Half of all marriages end and when they do most parents hope to achieve a good divorce in which they can amicably raise their children with their former spouse Unfortunately about 20% of divorces are high conflict involving

frequent visits to court allegations of abuse and chronic disagreements regarding parenting schedules In response to this conflict some children become aligned with one parent against the other even a parent who has done nothing to warrant the hostile rejection of their formerly loving children These targeted parents suffer from the loss of time with their children the pain of watching their children become distant even cruel and the uncertainty of not knowing if and when their children will come back to them These parents are on a painful journey with an uncertain outcome Surviving Parental Alienation fills the tremendous need for concrete help for these parents Too often parental alienation stories that are shared by word of mouth on the internet or in books depict unending pain and frightening outcomes Surviving Parental Alienation provides true stories and information about parents who have reconnected with their lost and stolen children and offers better insight and understanding into what exactly parental alienation is and how to handle it Targeted parents are desperate to be understood and to find cause for hope even as they search for answers Surviving Parental Alienation is where they can start to find this hope

Teaching Death and Dying Christopher M. Moreman, 2008 The academic study of death rose to prominence during the 1960s Courses on some aspect of death and dying can now be found at most institutions of higher learning These courses tend to stress the psycho social aspects of grief and bereavement however ignoring the religious elements inherent to the subject This collection is the first to address the teaching of courses on death and dying from a religious studies perspective

The book is divided into seven sections The hope is that this volume will not only assist teachers in religious studies departments to prepare to teach unfamiliar and emotionally charged material but also help to unify a field that is now widely scattered across several disciplines A Grief Like No Other Kathleen O'Hara,2006-04-20 A Grief Like No Other is the book no one wants to ever have to buy sadly many people continue to need it From 9 11 to Cindy Sheehan s son from mass tragedies like the recent London bombings to Law and Order type crimes that make the news only to be replaced by another name As such more people are left with the aftermath of dealing with the violent death of a loved one It brings its own special brand of grieving since victim s families can spend years dealing with legal ramifications guilt and a myriad of other circumstances that don t accompany normal deaths Kathleen O Hara knows both sides of this coin As a therapist she has counseled hundreds of people dealing with grief As a mother she saw her worst fears realized when her college aged son was brutally murdered in 1999 In the aftermath of Aaron s murder O Hara developed the seven stage journey that is at the heart of A Grief Like No Other Although this is a book for those left behind in the aftermath of violence it offers concrete and practical steps and stages allowing family and friends safe passage through this incredibly harrowing journey Sandspun Annette J.
