## **Spiral Way A Womans Healing Journey:**

**The Spiral Way** Aldo Carotenuto, 1986 Detailed account of a 50 year old woman's Jungian analysis during which she recovers her energy and sense of self worth The emphasis here is on the importance of dreams which point the way at times of transition

**The Analysand's Tale** Robert Morley, 2018-05-08 Most accounts of psychoanalysis and psychotherapy have been written by therapists from a professional point of view May such accounts alone be an authentic history of what occurred between the therapist and the patient Would the patients accounts be as valid as those of the therapists In this book the published stories of several analysands some of Freud and Jung over one hundred years have been collected for purposes of comparison some have been written by therapists in training but others are by patients not involved in the profession A number are complaints about malpractice or of failures to make a difference to their condition and a common factor in most has been a discordant agenda between analyst and analysand Where analysands have felt that they have gained transforming benefit from the therapy those gains are frequently ascribed to the relationship with the therapist rather than the practice or technique which they may have criticized Collected together they make stimulating reading and raise interesting issues about the nature of psychoanalysis and psychotherapy and the healing function of the process

**The Path to Healing is a Spiral** Anna McKerrow, 2023-02-14 A funny and profound memoir about trauma healing written by a Reiki Master witch and tarot reader The debut non fiction by a YA crime and romance novelist Anna's story is heartbreaking compelling and hilariously ridiculous What would you do to heal emotional trauma Anna was screaming at full volume into a pillow in a grey industrial estate when it dawned on her that maybe this was a slightly unusual way of processing grief It wasn't the first time she had done something a little odd to try and make sense of things There was the time she sobbed along to Elton John with a room full of strangers Or the very special experience of trying to enact the spirit of a deer in a school hall She's tried Reiki reflexology BodyTalk shamanic healing past life regression breathwork guided visualization dreamwork magick ritual

disastrous gong baths and meditation her journey has been long and twisting but eventually it led to real understanding and real healing This book is about acknowledging our trauma looking at what it actually is and feeling our feelings Interviews with practitioners and experts delve deeper into what alternative therapies offer Ultimately Anna hopes to trigger much needed conversations about emotional health and the non mainstream ways we can communicate with ourselves and others
