McMillan, Eldon Yellowhorn, 2009-12-01 First Peoples in Canada provides an overview of all the Aboriginal groups in Canada Incorporating the latest research in anthropology archaeology ethnography and history this new edition describes traditional ways of life traces cultural changes that resulted from contacts with the Europeans and examines the controversial issues of land claims and self government that now affect Aboriginal societies Most importantly this generously illustrated edition incorporates a Nativist perspective in the analysis of Aboriginal cultures **Indigenous Encounters with Neoliberalism** Isabel Altamirano-Jiménez, 2013-05-21 The recognition of Indigenous rights and the management of land and resources have always been fraught with complex power relations and conflicting expressions of identity Indigenous Encounters with Neoliberalism explores how this issue is playing out in two countries very differently marked by neoliberalism s local expressions Canada and Mexico Weaving together four distinct case studies this book presents insights from Indigenous feminism critical geography political economy and postcolonial studies These examples highlight Indigenous people s responses to neoliberalism reflecting the tensions that result from how Indigenous identity gender and the environment have been connected Indigenous women s perspectives are particularly illuminating as they articulate diverse concerns within a wider political framework **They Desire a Better Country/Ils désirent une patrie meilleure** Lawrence Scanlan, 2017-02-08 Twice a year in summer and in winter appointments to the Order of Canada are posted in newspapers across the country The range of professions represented are often dizzying but there are common themes in the choices excellence service to the nation passion innovation commitment dedication brilliance The order s motto effectively captures the generous and selfless spirit of these people Desiderantes meliorem patriam they desire a better country The Order of Canada our nation s highest honour was launched fifty years ago in 1967 by Prime Minister Lester B Pearson Since then almost seven thousand Canadians have received the award for service to their communities the nation and in some cases the

world To celebrate the Order of Canada s fiftieth anniversary in 2017 the Rideau Hall Foundation commissioned this exceptional book with the aim of encouraging Canadians to learn about some of the remarkable individuals who have garnered this prestigious award And though this book captures only a handful of their stories it is a reflection of the inspiration all Order of Canada members bestow upon us *Aboriginal Canada Revisited* Kerstin Knopf,2008-09-13 Exploring a variety of topics including health politics education art literature media and film *Aboriginal Canada Revisited* draws a portrait of the current political and cultural position of Canada s Aboriginal peoples While lauding improvements made in the past decades the contributors draw attention to the systemic problems that continue to marginalize Aboriginal people within Canadian society From the Introduction This collection helps to highlight areas where the colonial legacy still takes its toll to acknowledge the manifold ways of Aboriginal cultural expression and to demonstrate where Aboriginal and non Aboriginal people are starting to find common ground Contributors include Aboriginal and non Aboriginal scholars from Europe and Canada including Marlene Atleo University of Manitoba Mansell Griffin Nisga a Village of Gitwinksihlkw British Columbia Robert Harding University College of the Fraser Valley Tricia Logan University of Manitoba Steffi Retzlaff McMaster University Siobh n Smith University of British Columbia Barbara Walberg Confederation College Reclaiming Indigenous Governance William Nikolakis,Stephen Cornell,Harry W. Nelson,2019-10-22 Reclaiming Indigenous Governance examines the efforts of Indigenous peoples in four important countries to reclaim their right to self govern Showcasing Native nations this timely book presents diverse perspectives of both practitioners and researchers involved in Indigenous governance in Canada Australia New Zealand and the United States the CANZUS states Indigenous governance is dynamic an ongoing relationship between Indigenous peoples and settler states The relationship may be vigorously contested but it is often fragile one that ebbs and flows where hard won gains can be swiftly lost by the policy reversals of central governments The legacy of colonial relationships continues to limit advances in self government Yet Indigenous peoples in the CANZUS countries are no strangers to setbacks and their growing movement provides ample evidence of resilience resourcefulness and determination to take back control of their own destiny Demonstrating the struggles and achievements of Indigenous peoples the chapter authors draw on the wisdom of Indigenous leaders and others involved in rebuilding institutions for governance strategic issues and managing lands and resources This volume brings together the experiences reflections and insights of practitioners confronting the challenges of governing as well as researchers seeking to learn what Indigenous governing involves in these contexts Three things emerge the enormity of the Indigenous governance task the creative agency of Indigenous peoples determined to pursue their own objectives and the diverse paths they choose to reach their goal **The Colonial Present** Kerry Coast,2013-10-23 No treaties were made with indigenous nations residing in those territories where now there is a Canadian province called British Columbia Instead a breathtaking policy of criminalization assimilation and land rights and sovereignty extinguishment has been vigorously carried out against them Present day

governments continue that approach now 150 years old in processes which have recently been re named and cosmetically improved but remain unconstitutional and are prohibited by the 1948 Genocide Convention which terms as genocide inter alia deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part Neither Britain nor Canada nor the settlers of British Columbia themselves have ever honourably addressed the peoples whose lands and resources form British Columbia The indigenous nations in what is now called British Columbia have never joined Canada but had citizenship imposed on them The province of BC has never fulfilled Canada s constitutional requirements of purchasing lands from the indigenous owners before settling The ongoing colonization of British Columbia relies on the settler population s indifference to the indigenous peoples plights and rights The Colonial Present documents the colonizer s manufacture of a new mythology to dehumanize the native peoples and strip them of their rightful place The interests of resource industries have dominated accounts of indigenous peoples throughout the mainstream media the academic presses and the courts They have substantially corrupted and impoverished the non native understanding of indigenous peoples on whose homelands they live and work and to which they seem to feel entitled The indigenous nations and individuals have suffered excruciating losses But the highest expression of official BC aspirations for reconciliation is only that they should release title to their homelands accept a small financial land and program funding settlement and submit to the British Columbia Treaty Commission agenda reducing them in legal terms to incorporated associations exercising management capacities barely distinguishable from those of BC municipalities while by fee simple title their lands and rich resources are ceded to the Queen This book is an exploration of how such a stunning string of events has happened and British Columbians continuing attempts to rationalize them

Let Right Be Done Hamar Foster, Heather Raven, Jeremy Webber, 2011-11-01 In the early 1970s many questioned whether Aboriginal title existed in Canada and rejected the notion that Aboriginal peoples should have rights different from those of other citizens But in 1973 the Supreme Court of Canada issued a landmark decision in the Calder case confirming that Aboriginal title constituted a right within Canadian law Let Right Be Done examines the doctrine of Aboriginal title thirty years later and puts the Calder case in its legal historical and political context both nationally and internationally With its innovative blend of scholarly analysis and input from many of those intimately involved in the case this book should be essential reading for anyone interested in

Aboriginal law treaty negotiations and the history of the BC Indian land question **Inalienable Properties** Jamie Baxter, 2020-05-31 As many Indigenous communities return to self governance and self determination they are taking their own approaches to property rights and community development Based on case studies in four Indigenous communities the Westbank Membertou Nisga'a and James Bay Cree nations Jamie Baxter traces how local leaders have set the course for land rights and development during formative periods of legal and economic upheaval Drawing on new research about institutional change in organizational settings Baxter explores when and how community leaders have sustained inalienable land rights without turning to either persuasion or coercive force the two levers of power normally associated with political leadership Inalienable Properties challenges the view that liberalized land markets are the inevitable result of legal and economic change It shows how inalienability can result from intentional choices and is linked to structures of decision making that have long lasting consequences for communities

Beyond Rights Carole Blackburn, 2021-12-15 In 2000 the Nisga'a treaty marked the culmination of over one hundred years of Nisga'a people protesting petitioning litigating and negotiating for recognition of their rights and land title Beyond Rights explores this groundbreaking achievement and its impact The Nisga'a were trailblazers in gaining Supreme Court recognition of unextinguished Aboriginal title and the treaty marked a turning point in the relationship between First Nations and provincial and federal governments By embedding three key elements self government title and control of citizenship the Nisga'a treaty tackled fundamental issues concerning state sovereignty the underlying title of the Crown and the distribution of rights Using this pivotal case study Beyond Rights analyzes both the potential and the limits of treaty making as a way to address historical injustice and to achieve contemporary legal recognition It also assesses the possibilities for a distinct Indigenous citizenship in a settler state with a long history of exclusion and assimilation

Weaponizing Maps Joe Bryan, Denis Wood, 2015-03-05 Maps play an indispensable role in indigenous peoples efforts to secure land rights in the Americas and beyond Yet indigenous peoples did not invent participatory mapping techniques on their own they appropriated them from techniques developed for colonial rule and counterinsurgency campaigns and refined by anthropologists and geographers Through a series of historical and contemporary examples from Nicaragua Canada and Mexico this book explores the tension between military applications of participatory mapping and its use for political mobilization and advocacy The authors analyze the emergence of indigenous territories as spaces defined by a collective way of life and as a particular kind of battleground
