Spirit of a Nation Stuart Piggin, 2004 **Anglican Evangelicalism in Sydney 1897 to 1953** John A.

McIntosh, 2018-03-08 John McIntosh attempts to describe more accurately and completely the spectrum of Evangelicalism Anglican that three successive principals of Moore Theological College appropriated and taught in the period Each was an outstanding graduate of Oxford Cambridge and Dublin respectively The study traces the circumstances of their appointment and seeks to define the convictions they held against the background of challenges and changes to their Christian faith they faced in their day A close examination of their published and unpublished literary oeuvre clears away misunderstandings and even misrepresentations of their thought and influence In so doing it explains how it was that those Evangelicals in the diocese who adhered more closely to their Reformation tradition finally prevailed decisively over those who were Protestant but liberal

Foundations of Anglican Evangelicalism in Victoria Wei-Han Kuan,2019-05-20 For more than half a century the Anglican Diocese of Melbourne was unquestionably the most rigorously evangelical and missions oriented diocese in Australia The Diocese of Sydney in that same period was decidedly broader in theological and liturgical practice How and why did Melbourne move in one direction while Sydney in the other This study suggests that the answers are to be found in four vital contributors local churches evangelical societies theological colleges and diocesan bishops For three broad periods of history between 1847 and 1937 the presence of these four contributors is uncovered described and evaluated for the Diocese of Melbourne Evangelical activism theological reflection and leadership are each shown in their contemporary contexts to help us understand how people with gospel passion sought to respond faithfully to their times This is the question of vision leadership and strategy at the heart of this study What makes for long term evangelical continuity over a hundred year period Public Theology in Law and Life Paul Babie,Brian Edgar,David Wilson,2012-08-30 Public theology involves

the application of biblical and theological principles outside the confines of the church and assesses their implications for wider society It examines both the theoretical structures of society the nature of secularity government globalisation pluralism and so forth and the myriad specific issues involved in daily life everything from sport to work place relations to economics Public theology is also very importantly a discipline that is practiced by the ordinary Christian as well as the academic and it is done in public with all the scrutiny that entails and in such a way that it communicates to non Christians although it remains a theological endeavour In a real sense it is theology for the world from the Word by the people of God

The volume has a variety of contributors and includes an article on the role of public theology in Islam **The Ecclesiology of Donald Robinson and D. Broughton Knox** Chase R. Kuhn,2017-04-18 For the past forty years the Knox Robinson Ecclesiology has been the predominant ecclesiological model in the Sydney Diocese of the Anglican Church of Australia one that emerged out of a series of theological contributions over two decades The impact of this ecclesiology can be seen today across four continents Australia Europe North America Africa Though pervasive in influence there has to date been no extended systematic articulation of this ecclesiology nor a serious and sustained appraisal of it Here the ecclesiologies of Donald W B Robinson Vice Principal of Moore College 1959 1973 Archbishop of Sydney 1983 1992 and D Broughton Knox

Principal of Moore College 1959 1985 are presented systematically then analyzed and evaluated Here finally is a thorough theological engagement with their provocative doctrine of the church

German Moravian

Missionaries in the British Colony of Victoria, Australia, 1848-1908 Felicity Jensz, 2010-01-01 Focusing on the six decades that German Moravian missionaries worked in the British colony of Victoria Australia this book enriches understanding of colonial politics and the role of the non British other in manipulating practice and policy in foreign realms Central to the transnational nature of the book are questions of identity and of how individuals and the organisations they worked for can be seen as both colluders and opposers within nation state borders and politics It analyses the ways in which the Moravian missionaries navigated competing agendas within the colonial setting especially those that impacted on their sense of personal vocation their practices of conversion and their understandings of the indigenous non Christian peoples in the settler society of Victoria *William Taylor and the Mapping of the Methodist Missionary Tradition* Douglas D.

Tzan, 2019-10-16 This book is the first critical biography of William Taylor a nineteenth century American missionary who worked on six continents Following Taylor s global odyssey the volume maps the contours of the Methodist missionary tradition and illumines key historical foundations of contemporary world Christianity A work of social history that places a leading Methodist missionary in the foreground this narrative illustrates distinctive aspects and tensions within Methodist missions such as the importance of doctrines like universal atonement and entire sanctification a deeply pragmatic orientation rooted in God s providence an embrace of both entrepreneurial initiatives and networked connection and the use of revivalism for missionary outreach and leadership development A Virginia native Taylor became a Methodist preacher and missionary in California This volume provides an important narrative account of Taylor s career as an itinerant revivalist and popular author in which he toured the eastern United States the British Isles and Australasia Taylor s participation in the South African revival made him an evangelical celebrity The author also follows Taylor s important visits to India and South America where he initiated new Methodist missions in those contexts and pioneered the concept of tentmaking missions In 1884 Taylor was elected missionary bishop of Africa by his church By the end of his life Taylor had recruited or inspired hundreds of Methodists to become foreign missionaries The Oxford History of Protestant Dissenting Traditions Mark A.

Noll, Timothy Larsen, Michael Ledger-Lomas, 2017 The five volume Oxford History of Dissenting Protestant Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume III considers the Dissenting traditions of the United Kingdom the British Empire and the United States in the nineteenth century It provides an overview

of the historiography on Dissent while making the case for seeing Dissenters in different Anglophone connections as interconnected and conscious of their genealogical connections The nineteenth century saw the creation of a vast Anglo world which also brought Anglophone Dissent to its apogee Featuring contributions from a team of leading scholars the volume illustrates that in most parts of the world the later nineteenth century was marked by a growing enthusiasm for the moral and educational activism of the state which plays against the idea of Dissent as a static purely negative identity This collection shows that Dissent was a political and constitutional identity which was often only strong where a dominant Church of England existed to dissent against

longest serving Deans Cowper Talbot and Shilton Their efforts in different times and contexts are an example to contemporary Christians to go and do likewise

Phenomenal Sydney Marcia Cameron, 2016-10-19 The Diocese of Sydney is admired hated loved and feared While often criticized as no longer Anglican it has at its heart an adherence to classic Anglicanism While to some it is a beacon in the darkness to others it is like a threatening bushfire It is very large very wealthy and very influential in other places Its opposition to ordaining women priests and in many parishes to women preaching mystifies and angers many Anglicans within and outside its boundaries What makes this diocese such a phenomenon The answer lies in its history in the men and women who shaped it in a particular view of the authority of the Bible and in the influence wielded by some powerful institutions that have prospered Its energy comes from the Scriptural mandate for mission to bring the outsider into the community of Christian people but not to leave it there To educate them in the knowledge of Christ in a variety of creative and imaginative ways This book also looks at what Sydney has done badly It may help readers to learn from its past achievements and its mistakes

Sydney Anglicans and the Threat to World Anglicanism Muriel Porter, 2017-05-15 Sydney Anglicans always ultra conservative in terms of liturgy theology and personal morality have increasingly modelled themselves on sixteenth century English Puritanism Over the past few decades they have added radical congregationalism to the mix They have altered church services challenged church order and relentlessly opposed all attempts to ordain women as priests let alone bishops Muriel Porter unpacks how Australia s largest and until recently richest diocese developed its ideological fervour and explores the impact it is having both in Australia and the Anglican Communion
