Spirit Of God Spirit Of Christ Ecumenical Reflections On The Filioque Controversy:

Spirit of God, Spirit of Christ Lukas Vischer,1981 Karl Barth on the Filioque David Guretzki,2016-04-22 Despite the burgeoning literature on Karl Barth his doctrine of the Holy Spirit continues to be under appreciated by his friends and critics alike Yet while Barth s commitment to the doctrine of the procession of the Holy Spirit from the Father and the Son Filioque is well known many scholars dismiss his stand as ecumenically untenable and few have bothered to subject his stance on the Filioque to close theological analysis For those interested in this long standing ecumenical point of contention between Eastern and Western trinitarian theology this book will show how Barth s doctrine of the Filioque may still have something to contribute to the debate The work traces the origin of Barth s commitment to the Filioque in his early career particularly in Romans and the G ttingen Dogmatics and then analyzes how the doctrine functions throughout the Church Dogmatics Guretzki concludes that Barth s doctrine of the Filioque while clearly standing within the Western trinitarian tradition is atypical in that he refuses to speak of a double procession in favour of a common procession of the Spirit a position that has more affinity with the Eastern position than many of Barth s critics may have thought *The Tragedy of Human Freedom* Martien E. Brinkman,2021-11-15 Human freedom has been the source of both the high points of humanity as well as of its low points thus giving rise to the impression that it is a somewhat ambivalent concept According to Martien Brinkman the major factor in this ambivalence is the rather narrow meaning that the concept has received in the course of history Freedom is for the most part understood as freedom from or freedom to but only rarely as freedom for However it is precisely this latter understanding that is closest to the Christian understanding of freedom which Brinkman defines as internal attachment In his view Christian freedom is at bottom characterized by that to which one commits oneself in trust He sees primarily the Christian theology of baptism with its accent on dying and rising with Christ as the model for the way in which one acquires freedom Brinkman illustrates this in this study by means of a great number of biblical images and images borrowed from the historical debates between Augustine and Pelagius and Luther and Erasmus *The Encyclopedia of Christianity* Erwin Fahlbusch,Geoffrey William Bromiley,1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA **Engaging Nicene Trinitarianism** Matthias Grebe,Nadine

Hamilton, Christian Schlenker, 2025-08-21 Twelve original studies on Trinitarian theology and its enduring capacity to shape theological discourse ecclesiology and society today The doctrine of the Trinity sits at the heart of Christian identity shaping how Christians think about faith worship and community The Nicene Creed recited in churches across the world invites not only a shared confession but also a deep and ongoing conversation about who God is and how God relates to the world The Council's articulation of the consubstantiality of the Son with the Father laid the foundation for Trinitarian doctrine and safeguarded the mystery of salvation It continues to serve as a rich source of interdisciplinary exploration and inspire fresh theological inquiry into the mystery of divine communion the incarnation of Christ and the unity and identity of the Church On the 1700th anniversary of this historic event the essays in this volume collectively re-examine earlier debates introduce fresh perspectives and renew dialogue around doctrines as vital today as in the fourth century Emphasising the value of constructive engagement between traditions and exploring how Trinitarian theology continues to inform Christian witness in a complex and changing world this volume offers essential reading for anyone seeking to deepen their understanding of a foundational aspect of Christian faith and history

Beyond the Impasse Amos Yong, 2014-09-25 No one who cares about a theology that does justice to what the Bible tells us about the cosmic ministry of the Holy Spirit can afford to ignore this important work Amos Yong's book itself displays the robust sense of discernment that he asks all of us to exercise in our engagement with non-Christian religions RICHARD J MOUW Fuller Theological Seminary Finally a Spirit-based theology of religions that takes the Spirit seriously Drawing on his Pentecostal roots Yong offers guidelines for discerning the voice of the Spirit in other traditions a voice that may call us to unexpected christological conclusions This is truly a pioneering work that opens new theological paths but modestly recognizes that there is still much to explore PAUL F KNITTER Xavier University Few areas in theology are as complex controversial and urgent as theology of religions Amos Yong has advanced the discussion significantly with his creative and sophisticated proposal for a pneumatological theology of religions While undoubtedly controversial Yong's proposal frames the issues in fresh ways and suggests new options for an evangelical theology of religions Harold Netland Trinity Evangelical Divinity School With scholarly rigor and intellectual acumen Yong's theology takes seriously and appreciatively the diversity of the work of the universal Spirit in the cultures and religious communities of the world His position is fully evangelical but is richly informed by his Pentecostal roots and context He sets this Pentecostal evangelical theology of religions in the center of the ongoing discussion not only among evangelicals but also in the whole church John B Cobb Jr Claremont School of Theology and Claremont Graduate Schools An insightful theological reflection on the place of world religions within the broader framework of Christian theology Yong provides a theological basis for everyday interaction with members of other religions and an understanding of other religious traditions in the providence of God This is an excellent book that ought to be widely read and discussed Irving Hexham University of Calgary

The Freedom of God James Daryn Henry, 2018-05-30 The Freedom of God wrangles with the unfolding legacy of Christian

theologian Robert Jenson and presents the first in depth study of his teaching on the Holy Spirit It is a specialist monograph that will entice those with interest in academic theology systematics and twentieth and twenty first century Christian thought especially the post Barthian historicist electionism and the post Rahnerian immanent and economic trinitarian project conversations Devoted readers of the works of Robert Jenson scholars of pneumatology third article theology or pentecostal renewal movements practitioners of liberation theology and supporters of ecumenical theology will all be particularly gripped by the analysis developed in this work As a text the Freedom of God could find a home in graduate seminars seminary classrooms and in classes for advanced undergraduates for those studying Jenson as a way into systematic theology and contemporary Christian thought or in any thematic doctrinal courses on the Holy Spirit or the Trinity

Theology as Hope Ryan A. Neal, 2009-01-01 Hope is the leitmotiv of Jürgen Moltmann's theology Not merely one aspect of his project hope is the whole of it the supreme doctrine interpenetrating all others Indeed hope is his method The present study is both historical and developmental while also being analytical and interrogative This chronological exploration seeks to show the nature composition and development of Moltmann's doctrine of hope as the distinctive doctrine of his theology implicating all others Part I establishes Moltmann's doctrine of hope as grounded in God's faithfulness in the cross and resurrection Part II investigates major doctrines in his project in light of this ground This design seeks to take advantage of the chronological approach while also integrating the best elements of a topical approach

Systematic Theology Robert

Letham, 2019-11-19 This comprehensive systematic theology by respected theologian Robert Letham covers the whole field of Reformed Christian doctrine from biblical historical and theological angles Letham begins with God's ultimate self-revelation as the Father the Son and the Holy Spirit in indivisible union continuing on with the works of God in creation providence and grace He draws deeply from Scripture and important voices from the church to provide a clear and concise articulation of the Reformed faith He also addresses current issues such as feminism charismatic gifts sexual ethics environmentalism other religions the nature of truth and civil liberties Each chapter is followed by discussion questions with a glossary of terms included at the end This work grounds theological understanding and practice in the life and ministry of the church accessible to pastors students scholars and anyone who desires to understand believe and live scriptural doctrine more fully

The Possibility of Salvation Among the Unevangelized Daniel Strange, 2007-01-01 In the area of systematics known as the theology of religions those who affirm the particularity of Christ in terms of truth revelation and salvation have always had to deal with the problem of the unevangelized those who have never heard of Christ through no fault of their own For evangelical theologians this issue impinges on fundamental tenets of evangelical identity Recently the fate of the unevangelized has received detailed attention from evangelicals and has been fiercely debated because of the wider doctrinal issues it raises The position known as inclusivism has been most fully developed by Clark H. Pinnock an influential and controversial evangelical theologian known as being the leading spokesman of Arminianism and a new theistic paradigm

entitled the trinitarian openness of God Through a detailed analysis and critique of his work this book examines a cluster of issues surrounding the unevangelized and its implications for Christology soteriology and evangelical identity **The Third Person of the Trinity** Zondervan,2020-12-01 A Fresh Look at the Holy Spirit Recent decades have recognized pneumatology the theology of the Holy Spirit as a critical component in Christian thought worthy of increased attention While scholarly discussion about the Spirit is both creative and lively it does sometimes occur in outlying areas of doctrine and practice rather than within its context of the doctrine of God The Third Person of the Trinity represents the proceedings of the 2020 Los Angeles Theology Conference which examined pneumatology as a core component of the doctrine of the Trinity offering constructive proposals for understanding the doctrine of the Holy Spirit with theological and historical depth ecumenical scope and analytic clarity The twelve diverse essays in this collection include discussions on Understanding the Holy Spirit s presence in creation The mystery of the Trinity and the procession of the Spirit An exploration of a Black American pneumatology of freedom Exploring pneumatology alongside sorrow and suffering Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future The Lion, the Dove, & the Lamb, Revised Edition A. Bryden Black,2018-12-14 How might the formal Christian doctrine of the Trinity make a real concrete difference in the lives of individuals and in the life of the church This book proposes there are two parts to answering this important but elusive question In the first place how on earth did the Early Church actually reach its conclusions about this understanding of God and why What s the real point behind their endeavors How might we apprehend what is otherwise sheer mystification or even nonsense in some people s minds Arising out of the answers to such questions we can secondly construct an appropriately simple model of the Trinity By means of this model we can understand with sufficient justice the ways the triune God has come among us in our human history ways that are still ongoing today For the proposed model allows us to begin to appreciate the true mystery of the Christian Faith while also making a practical difference to the lives of Christian discipleship in prayer worship and mission *Jrgen Moltmann* Jürgen Moltmann,Margaret Kohl,Richard Bauckham,2014-08-22 Jrgen Moltmann s life and work have marked the history of theology after the Second World War in Europe and North America like no other He is the most widely read quoted and translated theologian of our time His systematic work thrives on the cutting edge of Christian theology in the twenty first century challenging and stimulating a whole generation of theologians to work at theology in different and more comprehensive ways Margaret Kohl a translator of many of Moltmann s volumes has chosen representative samples of Moltmann s theological writings from eight of the volumes published by Fortress Press and has written brief prefaces to each of the selections Moltmann scholar Richard Bauckham provides an extended Introduction **The Divine Missions** Adonis Vidu,2021-12-24 Christian theology affirms that the persons of the Son and the Holy Spirit are sent into the world to gather a scattered and

rebellious humanity back to God But how are we to understand these divine missions given that the Son and the Spirit have already been present in the world from its foundation Moreover in what sense are they on a mission if they never leave the unity of the Trinity In this volume Vidu introduces us to the profound riches of this ancient and foundational doctrine With ample illustration he explains the technical concepts the operative principles and he clarifies the historical and contemporary debates In the process a constructive theology emerges where the category of divine missions frames topics such as the incarnation and life of Christ his atoning death and ascension the Pentecostal outpouring of the Spirit the invisible indwelling of the Spirit and finally the eschatological beatific vision **Worship and Christian Identity** E. Byron

Anderson,2017-04-21 *Worship and Christian Identity* argues that sacramental and liturgical practices are the central means by which a church shapes the faith character and consciousness of its members Consequently for any church to set aside such practices as outdated or irrelevant is to set aside the means by which the church nurtures and sustains its theological identity From this perspective Anderson explores the following questions What is the relationship between worship and belief What is the relationship between corporate worship and the formation of Christian persons and communities What is the relationship between worship and our knowledge of ourselves our world and God How might our attention to the reform and renewal of worship and sacramental practice provide a framework for theological evangelical and sacramental renewal Questions of sacramental practice inclusive or transformative language and the renewal of congregational hymnody have been largely displaced by marketing questions and conflicts between traditional and contemporary worship The hour of worship is subdivided now into increasingly specialized target audiences of singles seekers boomers and X ers with worship carefully packaged as traditional or contemporary What at various points has been understood as a means of grace is now seen primarily as a means of numerical growth Missing in the conflict between traditional and contemporary worship is significant discussion of what is at stake for the identity of Christian persons and communities in the shape and practice of worship Perhaps more surprising discussion of the theological shape and practice of worship also has been absent in discussions concerning theological standards These absences suggest that for many in the church today worship is a means for expressing a community s belief but has little to do with the shape and character of that belief The assumption that worship is only or primarily a pragmatic means for expressing a community s belief stands in sharp contrast to the Christian tradition This assumption also contrasts with the insights provided by recent work in ritual studies psychology and faith development *Worship and Christian Identity* is an important book for faculty and students in seminary and graduate programs in liturgical studies and religious education particularly those interested in the relationships between liturgical studies and practical theology ritual studies and liturgical theology as well as the role of worship in Christian formation Chapters are Making Claims About Worship Worship as Ritual Knowledge Worship as Ritual Practice Trinitarian Grammar and the Christian Self Trinitarian Grammar and Liturgical Practice and A Vision of Christian Life Children of the Calling

Coakley, 2002 While the Reformed Church in America has resisted the idea of church mergers it has nevertheless been active throughout history in working toward church unity This volume chronicles this effort by outlining historical and theological perspectives on the RCA's ecumenical hope exploring areas of present ecumenical encounter and discussing the future of Reformed ecumenism CONTRIBUTORS Karel Blei Anna Case Winters John W Coakley Paul R Fries Douglas Fromm Wesley Granberg Michaelson Herman Harmelink III Dale T Irvin Allan Janssen Lynn Japinga Gregg A Mast David Melvin and Dennis Tamburello The Oxford Handbook of Evangelical Theology Gerald R. McDermott, 2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject *Resumé de l'auteur* **Four Philosophical Anglicans** Alan P.F.
