Human Spirits: A Cultural Account of Trance in Mayotte Michael Lambek,1981-11-30 Based on intensive ethnographic fieldwork this book describes and interprets trance behaviour among the Malagasy speakers of Mayotte a small island in the Comoro Archipelago in the Indian Ocean off the coast of East Africa Professor Lambek describes how the people of Mayotte most often women enter into trances during which they believe their bodies are inhabited by spirits He then analyses the conventions for behaviour in trance and the process by which the individuals come to terms with the spirits in their midst The book presents thorough case studies of spirit possession over time providing one of the most detailed

accounts of possession phenomena available for a single society The author argues that trance can best be understood as a social activity within a defined system of cultural meaning rather than as a psychological problem a simple deception or a means of manipulating others This book should be of particular interest to those concerned with the study of ritual symbols and non Western religious systems **Religious Chastity** Elsie Worthington Clews Parsons,1912 Parsons compares cultural responses to widowhood chastity marriage etc in countries around the world *Believing in Ghosts and Spirits* Hu Baozhu,2020-09-21 The present book by Hu Baozhu explores the subject of ghosts and spirits and attempts to map the religious landscape of ancient China The main focus of attention is the character gui an essential key to the understanding of spiritual beings The author analyses the character gui in various materials lexicons and dictionaries excavated manuscripts and inscriptions and received classical texts Gui is examined from the perspective of its linguistic root literary interpretation ritual practices sociopolitical implication and cosmological thinking In the gradual process of coming to know the otherworld in terms of ghosts and spirits Chinese people in ancient times attempted to identify and classify these spiritual entities In their philosophical thinking they connected the subject of gui with the movement of the universe Thus the belief in ghosts and spirits in ancient China appeared to be a moral standard for all not only providing a room for individual religiosity but also implementing the purpose of family oriented social order the legitimization of political operations and the understanding of the way of Heaven and Earth *Legend of Holy Door* Dian ShuiHu,2020-06-30 Young Ye Zangming Green Lotus Pearl The strong wind blew against the willow tree neutralizing the irreversible situation the Fiery Blaze Needle pierced through the gate of rebirth with a faint glow After entering the World Gate a beautiful woman appeared within the world tomb After experiencing life and death several times she would obtain the benefits of being able to destroy the heavens On the road of no return brothers share the same heart and the true and false know what a hero is Outside of Cheng City demons flew in a frenzy and people kowtowed to become true kings The Three Gates of Life and Death would swarm over the world turning the sun and moon into a new song The Cave of Samsara surrounded by mountains had smoke rising from all corners of the world looked like a painting in the tenth generation and within the compass formation four ferocious beasts and a hundred thousand devil soldiers would be reduced to fragments after ten thousand years of enmity Her beauty was old and she had no desire for marriage She could only look forward to dancing with the king for all eternity Hand to hand desire the crippled king life does not love just to join hands to advance the new article Communicator 476311286 Wrap [Ming Tombs near Beijing](#) Wander Stories,2012-05-15 Dear Traveler Welcome to the WanderStories tour of the Ming Tombs near Beijing We at WanderStories are storytellers We don t tell you where to eat or sleep we don t intend to replace a typical travel reference guide Our mission is to be the best local guide that you would wish to have by your side when visiting the sights So we meet you at the sight and take you on a tour WanderStories travel guides are unique because our storytelling style puts you alongside the best local guide who tells you fascinating stories and unusual facts recreating the passion and sacrifice that

Christian Souls and Chinese Spirits Nicole Constable,2023-11-15 How do the people of a village that is both Chinese and Christian reconcile the contradictions between their religious and ethnic identities This ethnographic study explores the construction and changing meanings of ethnic identity in Hong Kong Established at the turn of the century by Hakka Christians who sought to escape hardships and discrimination in China Shung Him Tong was constructed as an ideal Chinese and Christian village The Hakka Christians translate traditional Chinese beliefs such as ancestral worship and death rituals that are incompatible with their Christian ideals into secular form providing a crucial link with the past and with a Chinese identity Despite accusations to the contrary these villagers maintain that while they are Christian they are still Chinese This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994

Resisting Spirits Maggie Greene,2019-08-09 *Resisting Spirits* is a reconsideration of the significance and periodization of literary production in the high socialist era roughly 1953 through 1966 specifically focused on Mao era culture workers experiments with ghosts and ghost plays Maggie Greene combines rare manuscript materials such as theatre troupes annotated practice scripts with archival documents memoirs newspapers and films to track key debates over the direction of socialist aesthetics Through arguments over the role of ghosts in literature Greene illuminates

the ways in which culture workers were able to make space for aesthetic innovation and contestation both despite and because of the constantly shifting political demands of the Mao era Ghosts were caught up in the broader discourse of superstition modernization and China's social and cultural future Yet as Greene demonstrates the ramifications of those concerns as manifested in the actual craft of writing and performing plays led to further debates in the realm of literature itself If we remove the ghost from a ghost play does it remain a ghost play Does it lose its artistic value its didactic value or both At the heart of Greene's intervention is just reading the book regards literature first as literature rather than searching immediately for its political subtext and the voices of dramatists themselves finally upstage those of Mao's inner circle Ironically this surface reading reveals layers of history that scholars of the Mao era have often ignored including the ways in which social relations and artistic commitments continued to inform the world of art *Resisting Spirits* thus illuminates the origins of more famous literary inquisitions showing how the arguments surrounding ghost plays and the fates of their authors place the origins of the Cultural Revolution several years earlier with a radical new shift in the discourse of theatre

The Origins of the Boxer Uprising Joseph Esherick, 1987 In the summer of 1900 bands of peasant youths from the villages of north China streamed into Beijing to besiege the foreign legations attracting the attention of the entire world Joseph Esherick reconstructs the early history of the Boxers challenging the traditional view that they grew from earlier anti-dynastic sects and stressing instead the impact of social ecology and popular culture *What's A Peasant To Do? Village Becoming Town In Southern China* Greg Guldin, 2018-05-04 Since China entered the post Mao Reform Era in the late 1970s and early 1980s the Chinese economy has taken off as few economies ever have Labor migration rural enterprises rising production and globalization have all combined to end the isolation of the Chinese countryside Yet although China's unsurpassed economic boom has produced reams of impressive statistics has this economic growth led to improving the livelihood of the average Chinese person Has development accompanied economic growth Has the promise of opening to the outside been fulfilled in providing a better life for China's 1.2 billion plus people In this book which is based on field work Guldin presents and explores some of the changes sweeping through China in the 1990s that are affecting hundreds of millions of people Guldin looks at the growth of town and village enterprises labor mobility and the other aspects of rural urbanization to investigate the connection between economic growth and development in contemporary China The political changes at the village level the swelling flows of capital data goods and people new ways of thinking and behaving and a significant surge in social inequalities are all topics for chapter discussions Guldin invites readers to face the same question that former Chinese peasants must face namely how to respond as their villages are transformed forever **Shrines to Living Men in the Ming Political Cosmos** Sarah Schneewind, 2020-10-26 *Shrines to Living Men in the Ming Political Cosmos* the first book focusing on premortem shrines in any era of Chinese history places the institution at the intersection of politics and religion When a local official left his post grateful subjects housed an image of him in a temple requiting his

grace that was the ideal model By Ming times the living shrine was legal old and justified by readings of the classics Sarah Schneewind argues that the institution could invite and pressure officials to serve local interests the policies that had earned a man commemoration were carved into stone beside the shrine Since everyone recognized that elite men might honor living officials just to further their own careers premortem shrine rhetoric stressed the role of commoners who embraced the opportunity by initiating many living shrines This legitimate institutionalized political voice for commoners expands a scholarly understanding of public opinion in late imperial China aligning it with the efficacy of deities to create a nascent political conception Schneewind calls the minor Mandate of Heaven Her exploration of premortem shrine theory and practice illuminates Ming thought and politics including the Donglin Party's battle with eunuch dictator Wei Zhongxian and Gu Yanwu's theories
