## **Spirit Of The Raven:**

**Spirit of the Raven** Bob Cherry, 1999 The story begins in the Alaskan bush in November when one of the main characters Hjalmar the Finn spies what looks like an axe handle frozen into a mound of ice He moves closer only to see a wool Mackinaw coat beneath a fresh skiff of snow Half the double bitted axehead is buried between the shoulder blades of the body lying on the ice Already fairly certain whose body it is Finn struggles to dislodge the axe head to turn the body on its back to make sure And indeed the body is that of his trapping partner Swede Thus begins a story in which the characters are as mysterious and compelling as Alaska itself each with his or her own story of how they came to live in the lonely isolation of the Alaskan bush There is the pregnant young girl who refuses to name the identity of the father of her unborn child There is the priest who is pursued by his own demons There is the pompous man of the law who wields his power inappropriately And there is the sweet but simpering town drunk who through the haze of whiskey still manages to be a source of comfort to many Although some of the characters are victimised and defeated they are never destroyed Engulfing the novel and its characters is a central narrative force surrounding the evasive and enigmatic Native Alaskan named Keetuk feared and revered by all those living near the Chiktok River It is through the spirit of the Raven a mythological trickster believed by many to have created the world some characters are spared the wrath of Keetuk The plot is a uniquely structured fabric and a distillation of the way things were and are in Alaska with all its incredibly diverse cultural geographic and historical influences

The Raven's Gift Jonathan Turk, 2010-01-19 Noted scientist and kayak adventurer undertakes a journey of spiritual healing Jon Turk has kayaked around Cape Horn and paddled across the Pacific Ocean to retrace the voyages of ancient people But the strangest trip he ever took was the journey he made as a man of science into the realm of the spiritual In a remote Siberian village Turk met an elderly Koryak shaman named Moolynaut who invoked the help of a Spirit Raven to mend his fractured pelvis When the healing was complete he was able to walk

without pain Turk finding no rational explanation sought understanding by traversing the frozen tundra where Moolynaut was born camping with bands of reindeer herders and recording stories of their lives and spirituality Framed by high adventure across the vast and forbidding Siberian landscape The Raven s Gift creates a vision of natural and spiritual realms interwoven by one man s awakening

**Make Prayers to the Raven** Richard K. Nelson, 2024-05-31 Nelson spent a year among the Koyukon people of western Alaska studying their intimate relationship with animals and the land His chronicle of that visit represents a thorough and elegant account of the mystical connection between Native Americans and the natural world Outside This admirable reflection on the natural history of the Koyukon River drainage in Alaska is founded on knowledge the author gained as a student of the Koyukon culture indigenous to that region He presents these Athapascan views of the land principally of its animals and Koyukon relationships with those creatures together with a measured account of his own experiences and doubts For someone in search of a native American expression of ecology and natural history I can think of no better place to begin than with this work Barry Lopez Orion Nature Quarterly Far from being a romantic attempt to pass on the spiritual lore of Native Americans for a quick fix by others this is a very serious ethnographic study of some Alaskan Indians in the Northern Forest area He has painstakingly regarded their views of earth sky water mammals and every creeping thing that creepeth upon the earth He does admire their love of nature and spirit Those who see the world through his eyes using their eyes will likely come away with new respect for the boreal forest and those who live with it and in it not against it The Christian Century In Make Prayers to the Raven Nelson reveals to us the Koyukon beliefs and attitudes toward the fauna that surround them in their forested habitat close to the lower Yukon Nelson s presentation also gives rich insights into the Koyukon subsistence cycle through the year and into the hardships of life in this northern region The book is written with both brain and heart This book represents a landmark never before has the integration of American Indians with their environment been so well spelled out Ake Hultkrantz Journal of Forest History
