Spirit Possession Theodore E. Wade, 1991 What do demon possession hypnotism voodoo rock music yoga meditation and certain modern church experiences have in common Specifically what makes them dangerous And how do they destroy God's plan for our happiness This book will tell you Dr Wade and his co authors write from personal experience and study Although you will find their message interesting its object is not entertainment Evil spirit possession is closer to your own doorstep than you think And whether or not you accept any of its forms into your mind it is bound to affect your future For the devil has come down to you with great wrath because he knows that his time is short He would lead astray if possible even the elect Rev 12 12 Matt 24 24 Open these pages with a prayer

**The Self Possessed** Frederick M. Smith, 2006 The Self Possessed is a multifaceted diachronic study reconsidering the very nature of religion in South Asia the culmination of years of intensive research Frederick M Smith proposes that positive oracular or ecstatic possession is the most common form of spiritual expression in India and that it has been linguistically distinguished from negative disease producing possession for thousands of years In South Asia possession has always been broader and more diverse than in the West where it has been almost entirely characterized as demonic At best spirit possession has been regarded as a medically treatable psychological ailment and at worst as a condition that requires exorcism or punishment In South and East Asia ecstatic or oracular possession has been widely practiced throughout history occupying a position of respect in early and recent Hinduism and in certain forms of Buddhism Smith analyzes Indic literature from all ages the earliest Vedic texts the Mahabharata Buddhist Jain Yogic Ayurvedic and Tantric texts Hindu devotional literature Sanskrit drama and narrative literature and more than a hundred ethnographies He identifies several forms of possession including festival initiatory oracular and devotional and demonstrates their multivocality within a wide range of sects and religious identities Possession is common among both men and women and is practiced by members of all social and caste strata Smith theorizes on notions of embodiment disembodiment selfhood personal identity and other key issues through the prism of possession redefining the relationship between Sanskrit and vernacular culture and between elite and popular religion Smith's study is also comparative introducing considerable material from Tibet classical China modern America and elsewhere Brilliant and persuasive The Self Possessed provides careful new translations of rare material and is the most comprehensive study in any language on this subject

has set it up for us in His family and His Kingdom to share in His wisdom His power and His love because that is what He wanted to do We have not deserved it and we have not invoked it by our actions or our faith God has done it all because it pleased Him to do it We are accepted in the beloved family of God because He has made us to be accepted Ephesians proceeds to tell us what this language means in terms of our lives and relationship to God now The magnitude of this grace and glory is staggering
