Sánchez M.,2019-02-05 Like the work of an artist who molds a lump of clay the Spirit s sanctifying work lies in shaping people into the image of Christ Avoiding either a Spirit only or a Spirit void theology Leopoldo S nchez carefully crafts a Spirit Christology which considers the role of God s Spirit in the life and mission of Jesus and leads to five distinct models of sanctification that can help Christians discern how the Spirit is at work in our lives     Doctrine and

Experience Christopher Charles Zito, 2016-06-30 Should evangelical spirituality be grounded in doctrine experience neither or both If in one which and why not the other If in both how might the two co exist without cancelling out each other s distinctives If in neither then what practical value does either have for the Christian life In this book the author has combined critical research pastoral awareness and thoughtful reflection to show how the radicalizations of doctrine and experience have not only polarized contemporary evangelicalism into two nearly irreconcilable camps but also has opened the door for a subtle but potent form of idolatry to creep into our midst In an attempt to purge these idols and bridge the gap this book contextualizes the biblical teachings and practices of our original spiritual instructors asking the double edged question of what it means for us today that the Word of God is normative and that the Spirit is Lord The author concludes that evangelicals should seek an incarnate cross centered spirituality that is informed by meticulous attention and obedience to sound doctrine but only as it is lived out in a deeply felt faith that is made perfect as we experience God daily in any number of ways
