**Spirit Animals and the Wheel of Life** Hal Zina Bennett, 2001-02-01 Though our ancient ancestors had a deep spiritual connection to the natural world most modern humans have lost that connection resulting in ever increasing ecological assaults on our planet As environmental quality continues to worsen we must find a way to spiritually reconnect with Mother Earth before it is too late Ecospiritualism is a form of spirituality that embraces and takes responsibility for the natural world we live in One of the most practical enjoyable and simple ways of reclaiming our ecospiritual connection with Mother Earth is journeying with the spirits of animals just as our ancestors did thousands of years ago Animals most intimately connect with Mother Earth are the perfect guides to the ancient wisdom we have lost Mole eagle badger wolf bear mountain lion each animal has its place on the sacred medicine wheel each has knowledge vital to the future of our Earth and to rediscovering our rightful place in it In Spirit Animals author Hal Zina Bennett offers an accessible form of spiritual orienteering in which personal power animals are the guides and teachers and shamanism is the means by which we work with and learn from them
