We explore concepts of the importance of been more in charge of our day and night dreams but mainly to be able to accept that we are experiencing a real illusion reality. recognition of its enchanted enspirited identity But in a digitalized America of unprecedented mobility can place still matter as seed ground for the soul Such questions have been broached by ecocritics concerned with how place inflected experience figures in literature and by theologians concerned with ecotheology and ecospirituality This book offers a uniquely integrative perspective informed by a theological phenomenology of place that takes fuller account of the spiritualities associated with built environments than ecocriticism typically does Spirits of Place blends theological and cultural analysis with personal reflection while focusing on the multi layered witness presented by American literature John Gatta s interpretive readings range across texts by an array of canonical as well as lesser known writers Along the way it addresses such themes as the religious implications of localism vs globalism the diverse spiritualities associated with long term residency resettlement and pilgrimage why some sites seem more hallowed than others and how the creative spirit of Imagination figures in place identified perceptions of the numinous Whether in Christian or other religious terms no discrete place matters absolutely Yet this study demonstrates how and why hallowed geography and the sacramentality of place have mattered throughout our cultural history Spiritual Concepts for a New Age Connie Johnson, 2012-04-13 We are spiritual beings living in a human experience Our souls are energy but each time we incarnate we take on a human body We have relationships with other embodied beings we must concern ourselves with the issues situations and circumstances of life here on Earth Spiritual Concepts for a New Age is an easy to read comprehensive guide to living a spiritually significant life With the assistance of our spiritual quardians we can learn to live lives that are in balance with our souls desire for harmony and peace We can unlock our personal truths and begin to experience psychic serenity How do the laws of abundance and attraction interact with the laws of reincarnation and karma What role do spiritual guardians play Learn how universal law operates in our daily lives and in our relationships with others Explore soul ages and stages Discover the Akashic Record and learn how our past lives influence our current existence Learn the difference between meditation and channeling Determine how messages signs and information can be obtained Use the easy reference guides for sign interpretation Determine your own metaphysical blueprint and those of friends and family Connie Johnson has had a lifetime career as a social worker She earned her social welfare degree at the University of Minnesota during a time when community activism and personal empowerment were emphasized She has had extensive experience working with those who are mentally emotionally and behaviorally challenged Connie has a co history in metaphysics When she was in Washington DC to attend a gender equality conference she was introduced to spiritual concepts that embraced philosophies outside of the conventional Judeo Christian expressions Within the Judeo Christian tradition less customary or accepted perceptions of God and the Universe were examined as well Connie has had a lifetime interest in human behavior in the metaphysical world and in the interaction between spirituality and feelings thoughts and actions She has a special interest in reincarnation soul ages karma and past life issues She is a numerologist a reader of the tarot and a practicing psychic Connie lives in St Paul Minnesota where she is
