boundaries between theoretical and literary writing Nightwalking Matthew Beaumont,2015-03-24 A captivating literary portrait of London explored at night by some of the city s most iconic writers throughout history Cities like cats will reveal themselves at night wrote the poet Rupert Brooke Before the age of electricity the nighttime city was a very different place to the one we know today home to the lost the vagrant and the noctambulant Matthew Beaumont recounts an alternative history of London by focusing on those of its denizens who surface on the streets when the sun s down If nightwalking is a matter of going astray in the streets of the metropolis after dark then nightwalkers represent some of the most suggestive and revealing guides to the neglected and forgotten aspects of the city In this brilliant work of literary investigation Beaumont shines a light on the shadowy perambulations of poets novelists and thinkers Chaucer and Shakespeare William Blake and his ecstatic peregrinations and the feverish ramblings of opium addict Thomas De Quincey and among the lamp lit literary throng the supreme nightwalker Charles Dickens We discover how the nocturnal city has inspired some and served as a balm or narcotic to others In each case the city is revealed as a place divided between work and pleasure the affluent and the indigent where the entitled and the desperate jostle in the streets With a foreword and afterword by Will Self Nightwalking is a fascinating literary exploration of the writers who traverse the city at night and the people they meet

Walking Two Worlds Betty Nadine Thomas,2024-07-04 This book has been a profound personal journey across time space and dimensions Most of the poems have been given to me directly from my Spirit Guides their words ideas and concepts have not been altered in anyway My role has only been to transcribe their messages I am just the person holding the pencil Recently I was asked to read a few poems to an audience from Walking Two Worlds After reading them I realized

these poems should not be read in an audience setting The poems and drawings are so interrelated that one misses out experiencing the totality of both art forms This book of poems is a journey that needs to be experienced and enjoyed by each person on an individual personal basis As with all of my writing and drawings my goal is to teach compassion broaden narrow minds and motivate people to accept all peoples for who they are regardless of culture race religion and or sexual orientation If only one person s life or ideas are changed in a positive way as a result of reading Walking Two Worlds I will consider it an outstanding accomplishment

Containing History Gary Grieve-Carlson, 2013-11-08 Ezra Pound's definition of an epic as a poem containing history raises questions how can a poem contain history And if it can does it help us to think about history in ways that conventional historiography cannot *Poems Containing History Twentieth Century American Poetry's Engagement with the Past* by Gary Grieve Carlson argues that twentieth century American poetry has contained and helped its readers to think about history in a variety of provocative and powerful ways Tracing the discussion of the relationship between poetry and history from Aristotle's *Poetics* to Norman Mailer's *The Armies of the Night* and Hayden White's *Metahistory* the book shows that even as history evolves into a professional academic discipline in the late nineteenth century and as its practitioners emphasize the scientific aspects of their work and minimize its literary aspects twentieth century American poets continue to take history as the subject of their major poems Sometimes they endorse the views of mainstream historians as Stephen Vincent Benét does

in John Brown's Body but more often they challenge them as do Robert Penn Warren in *Brother to Dragons* Ezra Pound in *The Cantos* or Charles Olson in *The Maximus Poems* In *Conquistador* Archibald MacLeish illustrates Aristotle's claim that poetry tells more philosophical truths about the past than history does while in Paterson William Carlos Williams develops a Nietzschean suspicion of history's value Three major American poets T S Eliot in *Four Quartets* Hart Crane in *The Bridge* and Carolyn Forché in *The Angel of History* present different challenges to professional historiography's assumption that the past is best understood in strictly material terms *Poems Containing History* devotes chapters to each of these poets and offers a clear sense of the seriousness with which American poetry has engaged the past as well as the great variety of those engagements

Cultural Journeys Pamela S. Gates, Dianne L. Hall Mark, 2010-08-16 As multicultural education is becoming integral to the core curriculum teachers often implement this aspect into their courses through literature However standards and criteria to teach and promote active discussion about this literature are sparse *Cultural Journeys* introduces pre-service and experienced teachers to the use of literature to promote active discussions that lead students to think about racial diversity More than just an annotated list of books for children Pamela S. Gates and Dianne L. Hall Mark provide systematic guidelines that teachers can use throughout their careers to evaluate multicultural literature for students in grades K-8 At the same time the text leads the reader to a deeper understanding of how to use multicultural literature throughout the entire curriculum and not just during specially designated months or time periods With the example unit plans and extensive annotated bibliography this book is a valuable resource that pre-service teachers will utilize when they begin teaching and in-service teachers will reference repeatedly during their planning periods

Wordsworth's Poems of Travel 1819-1842 J.

Wyatt,1999-06-03 There is a long held view that Wordsworth's inspiration dried up before the age of forty This book opposes that view by examining the substantial body of poetry written after his fiftieth year The argument is that in order to appreciate this work much of which was inspired by itineraries in Britain and in Europe we have to read the poems as they were first published By adopting the perspective of the contemporary reader Wordsworth's grand design can be appreciated
