Spirit-Empowered Christianity in the 21st Century Vinson Synan, 2011-02-01 What does a re vision of the Charismatic Pentecostal Spirit empowered movement look like in the coming years of this millennium The first century of this revival seems to attest that the Lord raised up the holiness and Pentecostal movements not only to be custodians of these distinctive truths but the perpetuators of them as well If any generation ceases to accentuate this emphasis the movement likely will forfeit the right to be recognized as such When the Pentecostal message is preached published and proclaimed through triumphant song an atmosphere is sustained for people to experience anew and again the reality of salvation holiness charismata wholeness and hope Such a revival will be biblically based rationally sound traditionally accurate and experientially real Spirit Empowered Christianity in the 21st Century is an authoritative compilation of the presentations from thirty leaders in the Charismatic Pentecostal movement given at the Empowered 21 Conference in Tulsa OK in April 2010 These chapters share emerging insights on how the next generation will handle the profound issues facing Christians within the Charismatic Pentecostal movement in the 21st century For example one portion covers the topic of the 21st century renewal while another discusses how we can protect our Charismatic distinctive Another portion will highlight Charismatic adaptations for reaching this present age discussing issues of social and economic justice prosperity and suffering challenges to urban ministry the future of the next generation Oneness Pentecostalism and missiological aims in North America

Out from the Shadows Dr. Bill Effler, 2014-12-19 The beach has always been a safe place for me where the concerns of life all but disappear One late afternoon I was walking directly into the sun I barely noticed its final descent toward the horizon As I glanced back I caught my shadow It seemed so big my heart was imprisoned by an imperfect replica an emotional stalker seen only as I turned away

from the sun's radiance It was then I realized when I walk facing the Light I will see no shadow Only a life lived out from the shadow will experience the grandeur of God the Accusers maligning voice will be stilled That day I came to grasp that the shadow of a person's past is not how God sees any of His children Dr Effler writes with clarity biblical expertise personal counseling experience and a passion for each minister to succeed in Christ This book will change your life in a marvelous way Bill Leonard PhD BCCC BCCTR Center for Ministerial Care and Director Church of God International Headquarters Out From the Shadows creates a therapeutic approach to the creation account found in Genesis This material resonates with the substance abuse community by identifying possible areas of brokenness often overlooked Boldly discussing sin rather than symptomology Out From the Shadows cogently dissects root issues throughout the counseling process Although primarily intended for pastoral counselors this information can be utilized in a wide array of counseling venues Austin Davis LPC S Clinical Director at Stonegate Center

A Spiritual Strategy for Counseling and Psychotherapy P. Scott Richards,2009 The book begins with a review of the history of science and psychology of the central beliefs of the major world religions and of the

evolution of psychotherapy The authors then look at traditional antagonisms between the spiritual and scientific domains and they offer guidelines and a series of case studies that bring their theses and research to life The authors argue that when psychotherapists diagnose and assess their clients they should routinely assess the religious and spiritual system of their clients lives to obtain a fuller and more accurate diagnostic picture This book provides guidance for integrating a theistic spiritual strategy into mainstream approaches to psychology and psychotherapy in order to reach a large underserved population of clients with religious and spiritual beliefs The theistic approach assumes that God exists that human beings have an eternal spirit or soul and that God communicates with human beings through spiritual processes The authors argue that spirituality is also susceptible to scientific investigation They place their proposed theistic strategy on a parallel path with the more traditional forms of psychotherapy that have evolved in the past 100 years PsycINFO Database Record c 2004 APA all rights reserved *Spiritual Care and Therapy* Peter VanKatwyk,2003-09-03 Annotation Peter VanKatwyk explores spiritual care from pastoral traditions to essential psychotherapies in individual couple and family therapy offering integrative perspectives Therapy vignettes from multiple perspectives are included as well as a wealth of diagrams and maps His recognition of different helping relationships is an approach that acknowledges diversity and promotes the flexible use of multiple selves and their respective styles of care

Foreword by Brian Thorne Emeritus Professor

Product descriptionAt one level this book is an impassioned plea for the field of counselling and psychotherapy to take more seriously the spiritual dimension of human existence and to put the soul back in psychotherapy At another level the book constitutes an in depth exploration of a spiritually oriented person centred approach which is based on an integrative therapeutic model called the core self model The author traces the journey of the self through the stages of life and looks afresh at the process of becoming a person that Carl Rogers first described over fifty years ago In so doing she draws not only on humanistic person centred theory and practice but also on the truths to be found in the world s major spiritual traditions Finally on a more practical level she considers what it might mean to be a spiritually oriented person centred therapist and discusses the key principles involved in working effectively with the kind of spiritual issues clients may bring to therapy She also explores the concept of soul work and considers how this might be incorporated into person centred therapeutic practice
