Spirited Americans A Comentary On Americas Optimistsfrom The Puritans To The Cybercentury:

Spirited Americans A. E. Jeffcoat,2000 The author examines the history of America and the resilience of its citizens and presents his reasons for believing that Americans want to reverse the current moral decline Jacket Local Glories Ann Satterthwaite,2016-02-23 To most people the term opera house conjures up images of mink coated dowagers accompanied by tuxedo clad men in the gilded interiors of opulent buildings like the Met in New York or La Scala in Milan However the opera house in the United States has a far more varied and far more interesting history than that stereotype implies In Local Glories Ann Satterthwaite explores the creative social and communal roles of the thousands of opera houses that flourished in small towns across the country By 1900 opera houses were everywhere on second floors over hardware stores in grand independent buildings in the back rooms of New England town halls and even in the bowels of a Mississippi department store With travel made easier by the newly expanded rail lines Sarah Bernhardt Mark Twain and John Philip Sousa entertained thousands of townspeople as did countless actors theater and opera companies innumerable minor league magicians circuses and lecturers and even 500 troupes that performed nothing but Uncle Tom s Cabin Often the town s only large space for public assembly the local opera house served as a place for local activities such as school graduations recitations sports town meetings elections political rallies and even social dances and roller skating parties Considered local landmarks often in distinctive architect designed buildings they aroused considerable pride and reinforced town identity By considering states with distinctly different histories principally Maine Nebraska Vermont New York and Colorado Satterthwaite describes the diversity of opera houses programs audiences buildings promoters and supporters and their hopes dreams and ambitions In the twentieth century radio and movies and later television and changing tastes made these opera houses seem obsolete Some were demolished while others languished for decades until stalwart revivers discovered them again in the 1970s The resuscitation of these opera houses today an example of historic preservation and creative reuse reflects the timeless quest for cultural inspiration and for local engagement to counter the anonymity of the larger world These local glories are where art and community meet forging connections and making communities today just as they did in the nineteenth century
