Spiritism And Theosophy:

Spiritualism, Madame Blavatsky and Theosophy Rudolf Steiner, 2002-11 This work builds on the foundation of the Popol Vuh the document that retraces in mythical language the four ages or stages of civilization that all of America has undergone to some degree It also moves from the Popol Vuh into later times through myths and legends of the Aztec and Iroquois Myth and history are placed side by side in a scientific and imaginative approach that documents the correlation between pre historical and historical periods and the spiritual events that ushered them in as narrated in the myths and legends of North America This approach reconciles Western analytical consciousness with the Native American language of myths and legends All of this is placed first in the perspective of Maya spiritual tradition and then from the perspective that the twentieth century research of Rudolf Steiner brought to light especially in relation to the events that took place in Central America two thousand years ago about which only Rudolf Steiner has spoken The first part of the work explores events of 2 000 years ago and their consequences in the onset of Maya civilization The second part researches the rise of new spiritual influences around the time just before the arrival of Columbus in America At the extremes of the spectrum we find Aztec and Iroquois worldviews Both cosmologies have links subtle or obvious with the Popol Vuh whether continuing or reinterpreting its original message This polarity carries momentous consequences for global social trends in modern world history *Spiritual Turning Points of North American History* brings a fresh perspective to North American history and the meeting of European and First Nations worldviews *Spiritism and Theosophy* Louis Elbe, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

Spiritualism and Theosophy Charles Webster Leadbeater, 1928 **The Spiritist Fallacy** René Guénon, 2003 The *Spiritual Fallacy* though packed with arcane facts is unique in revealing how one the greatest metaphysicians of our age interprets the phenomena real or alleged of spiritualism The doctrinal expositions that accompany his astonishing account offer extraordinarily prescient insight into many deviations and psychological afflictions of the modern mind and will be a valuable to psychological practitioners and spiritual counselors as to historians of esoteric history It also offers a profound corrective to the many brands of New Age therapy that all too unwittingly invoke many of the same elements whose nefarious origins Guenon so clearly described many years ago **The Spirit World Unmasked** Henry Ridgely Evans, 1897

Theosophia Inner Wisdom Helena Petrovna Blavatsky, et al., 2019-03-10 Theosophy is the renaissance of ancient spiritualism Theosophy is Archaic Wisdom Religion as taught by Masters and Magi Sages and Hierophants Prophets and Philosophers to the Elect undisguised by symbols It is Spiritual Knowledge reasoned out and corroborated by personal experience Diogenes La rtius traces Theosophy to an epoch antedating the dynasty of the Ptolemies But in fact Theosophy is much older It is the parent stem of Archaic Wisdom The term was revived in the 3rd century AD by Ammonius Saccas the Alexandrian Socrates of Neo Platonism teacher of Plotinus and founder of the Eclectic Theosophical System Briefly Eclectic Theosophy asserts that 1 Humanity is a periodic emanation from a single noetic essence and 2 When by exertion and merit a mortal soul activates its latent faculties and potencies it can be re connected with its immortal noetic origin and source Hence the Buddhistic Vedantic and Magian or Zoroastrian systems were taught in the Eclectic Theosophical School along with all the philosophies of Greece It was Theosophy which prompted such men as Hegel Fichte and Spinoza to take up the labours of the old Grecian philosophers and speculate upon the One Substance the Deity the Divine All proceeding from Divine Wisdom And it was Theosophy that made it possible for great thinkers such as Plotinus Schelling and Emerson to reflect upon man s divine ancestry What Theosophy is and is not By looking inwards at the noumenal worlds and causes Theosophy is Esoteric Science par excellence Exact Science is only concerned with phenomenal worlds and effects Esoteric Science corroborates Nature s metaphysics and Divine Laws Exact Science Its physics and natural laws In Its fruition Theosophy is Inner Knowledge about the divinity of Cosmos and Man and a noetic progression from the known and knowable to the unknown and otherwise unknowable And as such It lies at the root of every moral philosophy religion and science Theosophy is the world s tree of knowledge and sum total of all sciences Sophia is the accumulated wisdom of Divine Beings from the beginning of time who have willingly accepted the harshness and drudgery of sentient life to help their toiling brothers Theosophy is not a religion It is but an analytical science the ally of every honest religion Being the culmination and practical demonstration of the Truths underlying every creed Theosophy is compatible with every religion It believes in no miracle whether divine or devilish and cherishes no anthropomorphic concepts whether gods or demons Theosophy discriminates between finite animal man and Infinite Divine Man and differs from the Vedantin doctrines It is not even esoteric religion Every old religion is but a chapter or two of the entire volume of archaic primeval mysteries Eastern Occultism alone being able to boast that it is in possession of the full secret with its seven keys In other words Theosophy is Religion itself Loyalty to Truth is Its creed Brotherhood of all beings not just men Its noble aim Theosophy is Inner Wisdom or Divine Knowledge It is at the heart of all religions and philosophies from the earliest time to the present day embracing all domains of mundane knowledge and human endeavour Yet It is a practical and an ethical philosophy ever transcending self imposed boundaries to expand consciousness and to dispel lingering doubts In short Theosophy is Supernal Philosophy

Wisdom s True Love not mere verbiage It is a philosophy to live by Metaphysically Theosophy is the accumulated testimony and wisdom of the ages Theosophy is not knowledge of a God It is knowledge of gods Celestial Knowledge a shoreless ocean of Everlasting Truth Love and Impartiality monistic through and through By seeking the One Truth its allied with the ideals of every seeker of Truth To fully define Theosophy we must consider it under all its aspects By means of Its Golden Precepts those who are intellectually and ethically fit might gain insights of the inner world of being There mystics can see past present and future as in a mirror Theosophy wakes up and frees the Heavenly Man from the clutches of Its outer shadow so that He can live for others here on Earth unconstrained by his earthly jailer forgetting himself in the midst of the many selves in the words of a Philaletheian Ethically Theosophy is unconditioned love for humanity and for all that lives Theosophy is philanthropy par excellence unconditioned and unreserved love for our fellow human beings and for all that lives in thought and deed It alone can restore hope and instil responsibility in a world suffocating from ignorance and its own misdeeds by mediating between egotism and altruism Even the great Law of Harmony depends on altruism Theosophy s aim and noble mission is to establish a community of spiritual thinkers who by studying Its precepts and enriching everyday life with Its exalted ethics can bring about a peaceful realignment of mainstream thought as a matter of urgency Warnings to aspirants Those who do not enter inner life in the Spirit of Brotherhood Those who try to degrade a noble philosophy into a den for immorality Those who are ignorant of the dangers of psychic powers And specially those who have already pledged to live for the World Beware Only purity of deed and thought can raise you to the company of your Divine Self

The Menace of Spiritualism Elliott O'Donnell,1920 *Madame Blavatsky against Spiritualism* Helena Petrovna Blavatsky,2020-06-12
There are Spirits and Spirits High Planetary Spirits who have been human beings millions of ages since and upon other besides our own planet there are the illusionary appearances of these projected upon the intra psychic screen of our mediumistic hence confused perceptions and there are seers and mediums as there are great men of science willing and sincere but ignorant tyros Spiritualism has spawned almost as many books as a herring does eggs There can be no spiritual intercourse either with the souls of the living or the dead unless it is preceded by self spiritualization the conquest of selfishness and the unfoldment of the nobler powers within us Spiritualism and Theosophy are mere opinions and beliefs and nothing more They can no more claim to be regarded as facts than any other emotional belief for the facts of one will be delusion in the eyes of the other Spiritualists and Theosophists fully agree that there are higher and pure spirits outside the realm of our physical senses But they entirely disagree as to the nature and causal agency of communicating intelligences The disembodied spirits instead of having become the wiser for being rid of the physiological impediments and the restraints of their gross material senses would seem to have become far more stupid far less perspicacious and in every respect worse than they were during their earthly life As nations became restricted by their own tongue the once universal Mystery Language is being gradually denied to subsequent generations While the disciples of Eastern Occultism are trying to purify

matter Western Spiritualists are striving to degrade spirit Spiritualists and Theosophists travel along a parallel if not quite identical path Yet to those bereft of a metaphysico spiritual vocabulary Eastern Occultism will remain impassable to the babel tower of modern thought caused by ignorance of the true meaning of words and their synonyms a skin deep learning leading to mistaken notions and the tendency of elevating misconceptions to the dignity of dogmas If people would stop speculating and would simply stick to substantiated fact truth would be more readily attained in each and every case Truth stands higher than any earthly consideration ever will Let each of us show our facts and give our explanations and let those who are neither Occultists Spiritualists nor sceptics adjudicate between the contestant parties The world must learn at last under the penalty of falling back to superstitious beliefs in the biblical devil why such phenomena do so happen and to what cause or causes they are to be attributed New Dispensation is the latest folly of dogmatic Christianity We are not acquainted with a god who thinks plots rewards punishes and repents The only god whom we serve is humanity and our only cult is love of our fellow man This our religion and dogma Men have done their best to replace the solar rays with the false glare of error and fiction none more so than the bigoted narrow minded theologians and priests of every faith the sophists and perverters of the Spirit of Truth Parsifal is the theatrical representation of good and evil in a supreme struggle It is our universe saved through atonement it is sin redeemed through grace and the triumph of faith and charity Thus far Pilate s What is truth has never been sufficiently answered to the satisfaction of narrow minded sectarians The Theosophical Society upholds and advocates only corroborated facts and Truth and nothing but the Truth whencesoever and from whomsoever it may come Our views have to stand or fall upon their own merit since we claim neither divine revelation nor infallibility We will not serve Truth and Falsehood at the same time Our policy is war to death to every unproved dogma superstition bigotry and intolerance Spiritism in Bible Light Rhys Bevan Jones,1921 Wind of the Spirit Gottfried Purucker,1944 The Ashgate Research Companion to Nineteenth-Century Spiritualism and the Occult Tatiana Kontou,2016-03-23 Critical attention to the Victorian supernatural has flourished over the last twenty five years Whether it is spiritualism or Theosophy mesmerism or the occult the dozens of book length studies and hundreds of articles that have appeared recently reflect the avid scholarly discussion of Victorian mystical practices Designed both for those new to the field and for experts this volume is organized into sections covering the relationship between Victorian spiritualism and science the occult and politics and the culture of mystical practices The Ashgate Research Companion to Nineteenth Century Spiritualism and the Occult brings together some of the most prominent scholars working in the field to introduce current approaches to the study of nineteenth century mysticism and to define new areas for research **Occultism and Modern Science** Traugott Konstantin Oesterreich,1923 *Madame Blavatsky refutes the assertions of a French Theosophist* Helena Petrovna Blavatsky,2018-06-21 These study notes are about a Fellow of the Theosophical Society in Paris who asserted that Theosophy is a doctrine without proof without authority and without prestige in its origin who accused Brother Theosophists of teaching

pseudo Theosophy and preaching annihilation of the spiritual ego who talked about the yugas like a blind man about colours who invented apocryphal Codes in order to discredit Oriental Theosophy who was not aware of the relation between the sacred sound and the ether of space or that the Yajur Veda is black when recited by whose accent is impure
