Peter, Canon, Corpus Hellenisticum, Generalia W.C. van Unnik,2014-04-09 *The Ezekiel Generation* Grant Berry,2013-10-15 The Father s Heart for Israel and the Church You live in one of the most critical hours in human history and G d is calling you to participate For the body of Christ to be most effective in these last days unity is essential We all have key roles to play in the unfolding of G d s great agenda for history Author Grant Berry is on a mission to help you find your place in this hour and see both Jew and Gentile unite to bring G d s end time purposes to fruition In this critical book you will discover Why it is so significant that Israel and the Church strengthens their relationship The unique roles that Jews and Gentiles are purposed to play in the end times G d s burning heart to release His Kingdom through a united people This book is a challenge to the global body of Christ Will we continue with business as usual or will we embrace the glorious call to see G d s family restored in these last days *Allan's Wife* H. Rider Haggard,2015-10-19 It may be remembered that in the last pages of his diary written just before his death Allan Quatermain makes allusion to his long dead wife stating that he has written of her fully elsewhere When his death was known his papers were handed to myself as his literary executor Among them I found two manuscripts of which the following is one The other is simply a record of events wherein Mr Quatermain was not personally concerned a Zulu novel the story of which was told to him by the hero many years after the tragedy had occurred But with this we have nothing to do at present I have often thought Mr Quatermain s manuscript begins that I would set down on paper the events connected with my marriage and the loss of my most dear wife Many years have now passed since that event and to some extent time has softened the old grief though Heaven knows it is still keen enough On two or three occasions I have even begun the record Once I gave it up because the writing of it depressed me beyond bearing once because I was suddenly called away upon a journey and the third time because a Kaffir boy found my manuscript convenient for lighting the kitchen fire But now that I am at leisure here in England I will make a fourth attempt If I succeed the story may serve to interest some one in after years when I am dead and gone before that I should not wish it to be published It is a wild tale enough and suggests some curious reflections **The Works of the Rev. John Howe, M. A. with Memoirs of His Life Complete in Two Volumes** John Howe,Edmund Calamy,1857 [Theory of Literature and Other Critical Writings](#) Sōseki Natsume,2009-01-09 Natsume Soseki 1867 1916 was the foremost Japanese novelist of the twentieth

century known for such highly acclaimed works as *Kokoro* and *Sanshiro* and *I Am a Cat*. Yet he began his career as a literary theorist and scholar of English literature. In 1907 he published *Theory of Literature*, a remarkably forward thinking attempt to understand how and why we read. The text anticipates by decades the ideas and concepts of formalism, structuralism, reader response theory, and postcolonialism, as well as cognitive approaches to literature that are only now gaining traction. Employing the cutting edge approaches of contemporary psychology and sociology, Soseki created a model for studying the conscious experience of reading literature as well as a theory for how the process changes over time and across cultures. Along with *Theory of Literature*, this volume reproduces a later series of lectures and essays in which Soseki continued to develop his theories. By insisting that literary taste is socially and historically determined, Soseki was able to challenge the superiority of the Western canon and by grounding his theory in scientific knowledge, he was able to claim a universal validity.

Augustine Calmet, 2017-11-08. Many people today are entranced by the idea of speaking with the dead or else immersing themselves in vampire tales and wonder what most people don't realize is how old and revered these stories really are. Within this work, Calmet attempts to show where the idea of spirits and apparitions comes from and then within the second part of the main work where the idea and history of the vampire itself comes from. This work simply is not just a history text of ancient religious beliefs but also explains the thinking and beliefs that surrounded the spirits and vampires in the day and age when Calmet wrote this work. Spirit of the English Magazines, 1823. **The Great Medicine Road, Part 1**. Michael L. Tate, 2014-10-22. Between 1841 and 1866 more than 500,000 people followed trails to Oregon, California, and the Salt Lake Valley in one of the greatest mass migrations in American history. This collection of travelers' accounts of their journeys in the 1840s, the first volume in a new series of trail narratives, comprises excerpts from pioneer and missionary letters, diaries, journals, and memoirs, many previously unpublished, accompanied by biographical information and historical background. Beginning with Father Pierre Jean de Smet's letters relating his encounters with Plains Indians and ending with an account of a Mormon gold miner's journey from California to Salt Lake City, these narratives tell varied and vivid stories. Some travelers fled hard times, religious persecution, the collapse of the agricultural economy, illness, or unpredictable weather. Others looked ahead, attracted by California gold, the verdant Willamette Valley of Oregon, or the prospect of converting Native people to Christianity. Although many welcomed the adventure and adjusted to the rigors of trail life, others complained in their accounts of difficulty adapting. Remembrances of the Oregon, California, and Mormon Trails have yielded some of the most iconic images in American history. This and forthcoming volumes in The Great Medicine Road series present the pioneer spirit of the original overlanders, supported by the rich scholarship of the past.
