## **Spirits Of America:**

**The Spirits of America** Eric Burns,2004 In *The spirits of America* Burns relates that drinking was the first national pastime and shows how it shaped American politics and culture from the earliest colonial days He details the transformation of alcohol from virtue to vice and back again and how it was thought of as both scourge and medicine He tells us how the great American thirst developed over the centuries and how reform movements and laws sprang up to combat it Burns brings back to life such vivid characters as Carrie Nation and other crusaders against drink He informs us that in the final analysis Prohibition the culmination of the reformers quest had as much to do with politics and economics and geography as it did with spirituous beverage *Spirits of America* Nicholas O.
