Spirits Willing:

Elementary Concepts of Spiritism Lincoln Mello, 2024-07-17 Elementary Concepts of Spiritism is no substitute for the main works of the Spiritist Codification. It is a quick and simple guide for those curious to learn Spiritist fundamentals: God, the immortality of the soul, Spirit communication, mediumship, the plurality of worlds, and Jesus. It includes a succinct account of the story of Spiritism, a Q & A chapter, and a collection of maxims conveying the main points contained in the Spiritist Codification. So for those of you out there wondering what on earth is Spiritism, this book is for you.

Spirits and Ships Andrea Acri, Roger Blench, Alexandra Landmann, 2017-03-10 This volume seeks to foreground a borderless history and geography of South Southeast and East Asian littoral zones that would be maritime focused and thereby explore the ancient connections and dynamics of interaction that favoured the encounters among the cultures found throughout the region stretching from the Indian Ocean littorals to the Western Pacific from the early historical period to the present. Transcending the artificial boundaries of macro regions and nation states and trying to bridge the arbitrary divide between inherently cosmopolitan high cultures (e.g. Sanskrit, Sinitic or Islamic) and local or indigenous cultures, this multidisciplinary volume explores the metaphor of Monsoon Asia as a vast geo-environmental area inhabited by speakers of numerous language phyla which for millennia has formed an integrated system of littorals where crops, goods, ideas, cosmologies, and ritual practices circulated on the sea routes governed by the seasonal monsoon winds. The collective body of work presented in the volume describes Monsoon Asia as an ideal theatre for circulatory dynamics of cultural transfer, interaction, acceptance, selection, and avoidance, and argues that despite the rich ethnic, linguistic, and sociocultural diversity, a shared pattern of values, norms, and cultural models is discernible throughout the region.

Charismatic Healers in Contemporary Africa Sandra Fancello, Alessandro Gusman, 2022-12-15 Based on ethnographic studies conducted in several African countries, this volume analyses the phenomenon of deliverance, which is promoted both in charismatic churches and in Islam as a weapon against witchcraft, in order to clarify the political dimensions of spiritual warfare in contemporary African societies. Deliverance from evil is part and parcel of the contemporary discourse on the struggle against witchcraft in most African contexts. However, contributors show how its importance extends beyond this, highlighting a pluralism of approaches to deliverance in geographically distant religious movements which coexist in Africa. Against this background, the book reflects on the responsibilities of Pentecostal deliverance politics within the condition of epistemic anxiety of contemporary African societies to shed light on complex relational dimensions in which individual deliverance is part of a wider social and spiritual struggle. Spanning across the study of religion, healing, and politics, this book contributes to ongoing debates about witchcraft and deliverance in Africa.

Mark Adrienne Von Speyr, 2012-01-01 These meditations on the Gospel of Mark, with the exception of the second part on the Passion, were given by Adrienne von Speyr between 1945 and 1958 to members of the Community of St John, which she founded with the renowned theologian Fr Hans Urs von Balthasar. Adrienne is speaking to young adults.

who have decided to live the state of the evangelical counsels in a secular profession as part of a recently established secular institute Nevertheless this contemplative commentary can be very useful for all who seek to meditate on Holy Scripture As always Adrienne here draws from the abundance of her own contemplation which keeps continually in view the harmonious unity of Christian dogmatic truth she gives to others what has been offered to her in contemplation without exegetical notes or any attempt at scholarship Since she is speaking to novices the train of thought is simple and practical yet rich in depth The points for meditation are not primarily for spiritual reading but an introduction to personal prayer They are meant only to point out a path because it is the Holy Spirit who directs contemplative prayer in all liberty As one reads through this book he will find in it a kind of synthesis of Adrienne von Speyr's spirituality This work will also be very useful to preachers catechists pastors communities and institutes who have understood with Pope Benedict XVI that It is time to reaffirm the importance of prayer in the face of the activism and the growing secularism of many Christians engaged in charitable work
