Spiritual Dreaming A Cross Cultural And Historical Journey:

Spiritual Dreaming Kelly Bulkeley,1995 A sweeping overview of the varieties of spiritual dream experiences that people have reported throughout history from cultures all over the world *Dream Work* Jeremy Taylor,1983 All people dream regularly regardless of their circumstances whether they remember their dreams upon awakening or not From the beginning of human history dreams have been a source of creative inspiration and spiritual renewal emotional and psychological insight and scientific and cultural innovation **Discerning Life with Dreams: The Triadic Relationships Between Dreams, Discernment, and Spiritual Intelligence** B. Anne Frey,2008-01-23 This study explored the relationship between dreams discernment and spiritual intelligence It focused on the experience of people who use dreams to help them with spiritual discernment or decision making in a spiritual context A case study methodology included questionnaires personal dream records and interviews to understand the seven participants experiences of exploring their dreams for guidance Participants were self selected by answering an ad seeking people whose dreams had helped them to make a decision who journaled their dreams and who consider themselves to be spiritual Most participants reported being drawn to dreamwork by a significant life experience While participants shared different perceptions as to what discernment consists of each participant reported that dreams helped them to grow spiritually A number of outcomes were exemplified falling into two main grouping a the use of discernment in order to understand a dream whether or not they ended up reaching a resolution or making a decision about the dream and b the use of dreams as part of a discernment process whether or not the dreams helped them to resolve their discernment issue or make a decision The intensity of emotion attached to an issue seemed for some to render it more difficult to arrive at particular decisions For others dreams seemed to ease the burden of discernment or decision making by raising their degree of confidence towards their resolution or decision Deepening appreciation of and growing desire for living spiritually and learning more about spirituality were indicators of a developing spiritual intelligence For most spiritual growth occurred through knowledge or learning gained from their dreams For some their belief about God s role in their life impacted their experience of the Divine in their dreams Finally the study showed that individuals are not always aware of what had helped them suggesting a subconscious process at work in both discernment and decision making The study affirmed a triadic link between dreams discernment and spiritual intelligence among people involved in spiritual dreamwork It demonstrated ways by which the discernment process can build confidence in people who are turning to their dreams for guidance in a spiritual context *The Wondering Brain* Kelly Bulkeley,2005-07-08 This book argues that the profounded questions raised by cognitive neuroscience may best be answered through a dialogue with religion **I'd Say Yes God If I Knew What You Wanted** Nancy Reeves,2001 What do you want from me God If you have ever struggled with this question but have not found a way to answer it then this book is for you Real life stories from 75 men and women open up a world of spiritual discernment practices inviting you to find one that works for you Easy to read yet rich with information this book

Droll, 2023-09-29 Euro Western descriptions of knowledge and its sources fall short of accommodating the spiritual experiential terrain of the imagination What of the embodied affective knowing that characterizes Pentecostal epistemology that is the distinctive Pentecostal Charismatic knowing derived from dreams and visions D Vs In this stunning ethnographic work the author merges African scholarship with an investigation of what visioners say about the significance of their D Vs

for Christian life and spirituality Revealing data showcases case studies for their biblical and theological articulations of the value of DV experiences and affirms them as sources of Pentecostal love ministerial agency and the missionary impulse

Visions of the Night Kelly Bulkeley,1999-09-16 This wide ranging exploration of the spiritual and scientific dimensions of dreaming offers new connections between the ancient wisdom of the world's religious traditions which have always taught that dreams reveal divine truths and the recent findings of modern psychological research Drawing upon philosophy anthropology sociology neurology literature and film criticism the book offers a better understanding of the mysterious complexity and startling creative powers of human dreaming experience For those interested in gaining new perspectives on dreaming the powers of the imagination and the newest frontiers in the dialogue between religion and science Visions of the Night promises to be a welcome resource *The Religious Dreamworld of Apuleius' Metamorphoses* James

Gollnick,2006-01-01 Apuleius Metamorphoses is probably best known as the literary source for the myth of Eros and Psyche and as a primary source of information about mystery religions in the ancient world There is another realm of the Metamorphoses which has until now received relatively little attention namely the many dreams found within it The Religious Dreamworld of Apuleius Metamorphoses offers an engaging portrait of the second century dreamworld Recognizing the centrality of the religious function and spiritual interpretation of dreams this book illustrates their vital importance in the ancient world and the wide variety of meanings attributed to them James Gollnick draws deeply from historical and psychological studies and provides a historical background on the current interest in the role of dreams in psychological and spiritual transformation This study of Apuleius Metamorphoses adds to an appreciation of Apuleius the dreamer and the second century dreamworld in which he lived and wrote The Way of Conflict Deidre Combs,2011-02-08 The Way of

Conflict teaches strategies for using ancient wisdom and modern techniques to confidently engage in any dispute and reach a balanced resolution This groundbreaking book integrates the wealth of conflict skills found throughout the world's major religious and indigenous traditions with the latest scientific systems and conflict resolution theory It uses the cross cultural metaphor of the four natural elements earth water fire and air to identify the innate conflict personality types and propose a productive path through the chaos of conflict Combining her extensive experience as a licensed mediator and corporate trainer with wisdom gained from years of spiritual study Combs uses assessment tests anecdotes from indigenous and religious traditions and illustrative folktales to show how to quickly assess a conflict and implement an appropriate resolution strategy **Women Who Fly** Serinity Young,2018-01-02 Flying women are a common motif in the world's myths and

religions Not necessarily winged these women elicit reactions of fear fascination and ambivalence and in so doing reveal much about the perceptions of female power and sexuality through the ages The first book to systematically chronicle the figure of the flying woman in myth literature and art Women Who Fly sheds new light on the ways in which women have both influenced and been understood by society and religious traditions around the world **Dreams and Spirituality** Kate

Adams,2015-03-09 A comprehensive overview of the nature of dreams as understood from a range of diverse perspectives and their relevance for pastoral care Its approach is both systematic and practical enabling ministers spiritual directors and counsellors to understand the nature of dreams and the role they play in the lives of those in their pastoral care **Jacob Boehme and the Spiritual Roots of Psychotherapy** Glenn J. McCullough,2025-04-14 Jacob Boehme 1574 1624 was a wildly creative mystical writer whose extraordinary revelations of God the soul and the universe have been consigned to obscurity In this original book Glenn J McCullough argues that Boehme is the ultimate source of a key modern movement psychotherapy Bringing clarity to Boehme s revelations McCullough shows how he anticipates the pioneering concepts of Sigmund Freud and C G Jung including their ideas of the unconscious mind and its remarkable potentials At the centre of Boehme s thought is the figure of Sophia divine Wisdom and her seven drives which guide the soul on a journey of expanded awareness and rebirth While Boehme has been dismissed as an esoteric outsider McCullough situates him in the mainstream Western tradition of Augustine and Luther while highlighting his unique approach to the ecstatic dream world of Wisdom

American Dreamers Kelly Bulkeley,2008 When politicians and pundits refer to the American Dream they do so to evoke images of national unity identity and a better future But in what ways does this metaphor manifest in the actual dreams of sleeping Americans In American Dreamers dream researcher Kelly Bulkeley takes the ideology of the American Dream one step further into the study of sleeping dreams to explore how the nocturnal side of human existence offers a key to the psychological origins of people s waking beliefs and political passions Bulkeley builds on sixteen years of scientific research involving thousands of dream reports to show how the playful fancies of our dreaming imaginations can be interpreted as insightful expressions of our hopes and fears about issues as varied as the environment religion family values and the war in Iraq Examining in particular detail the dreaming tendencies of conservatives and liberals the book centers on ten people of different political perspectives a dreamers focus group who kept yearlong sleep and dream journals The dreaming and waking stories of these ordinary Americans among them a cancer survivor a lesbian horse rancher a former Catholic priest a young waitress engaged to be married and a soldier preparing for his third tour to Iraq provide raw psychological material and a window into their deepest beliefs darkest fears and most inspiring ideals Hyperventilating political pundits have described in lurid detail what conservatives and liberals disagree about but rarely do they try to explain why they disagree and that s the real question At a time of bitter partisan conflict and governmental paralysis American Dreamers calls the country back to its visionary origins arguing that dreams can serve as a royal road to the creation of new political solutions that integrate the best of conservative and liberal ideals If we truly want to learn something new about the American Dream in people s lives today Bulkeley proposes we take a good close look at how well Americans are sleeping and dreaming at night A beautifully written reminder of the depth of differences and a dream of how difference might be understood Bulkeley understands something profound about us we would benefit enormously if we could even just glimpse that understanding

Lawrence Lessig author of *The Future of Ideas* and *Free Culture* and Professor of Law Stanford Law School No book about dreams could be more timely or more important than Kelly Bulkeley's *American Dreamers* Whatever is important in people's waking lives is reflected in their dreams politics included American conservatives report different dreams than American liberals American Democrats report different dreams than American Republicans Dr Bulkeley paints his portraits of American dreamers with a palette that reflects his scholarship in both religious studies and dream science the results are filled with insights that will delight amuse and infuriate his readers *American Dreamers* provides its readers with insight into the country's future insight that is available from no other or better source Stanley Krippner Ph D Co author *Haunted by Combat* Understanding PTSD in War Veterans This story we tell ourselves in our dreams passes the impurities of our waking life through an ethical filter and exposes truths we have not yet acknowledged *American Dreamers* is a comprehensive and very readable account of our unconscious adaptation of what is still a hazardous and imperfect waking domain Bulkeley's professional life has revolved around dreams and what we can learn from them This book is true to its title He has opened the door to the sociology of dreams Montague Ullman M D author of *Appreciating Dreams* A Group Approach and Clinical Professor of Psychiatry Emeritus **Dreams of Healing** Kelly Bulkeley, 2003 *Dreams of Healing* has a tremendous healing potential of dreams in times of crisis This book focuses on the religious and spiritual dimensions of healing offers practical suggestions for caregivers who are working in a post 9 11 world is clearly written and accessible to the general reader is ideal for pastoral care and counseling courses in seminaries and for crisis counseling courses in schools of professional psychology *African Psychology* Augustine Nwoye, 2022 One of the most unprecedented developments in the history of the scientific study of psychology in postcolonial Africa is the recent welcome inclusion of the study of African psychology within the psychology degree curriculum of some foreword thinking African universities In each of those universities such as the University of KwaZulu Natal in South Africa and Kenyatta University in Nairobi Kenya East Africa there now exists a gradual entrenchment of the African derived psychology in the curricular provisions of their psychology degree programmes With particular reference to the University of KwaZulu Natal in South Africa for instance a number of African psychology based modules have recently been developed approved and incorporated into the list of modules for psychology degree students at the undergraduate Honours and the Master's degree levels see University of KwaZulu Natal College of Humanities Handbook 2018 *The Secret Life of Sleep* Kat Duff, 2014-03-18 Citing a high percentage of Americans who routinely experience sleep problems or shortages the award winning author of *The Alchemy of Illness* draws on a wide range of disciplines to reveal the healing benefits of sleep and argue for its prioritizing Publisher information *God and Dreams* John Pratt Bingham, 2010-01-01 At one time when an individual wanted a direct personal experience of God that person turned to his or her dreams The early third century Christian defender of the faith Tertullian observed Is it not known to all people that the dream is the most usual way that God reveals himself to man Yet by the eleventh century King William II of England states

They are not good Christians that regard dreams Why did this reversal of opinion occur not only in Christian thinking but in Jewish and Islamic attitudes also God and Dreams Is There a Connection traces the historic connection between God and dreams and examines why this shift happened While particular attention is given to Jewish Christian and Islamic thought several secular disciplines are discussed also After investigating the different points of view an argument is made that the connection between God and dreams still exists Dreams Beyond Time Lee Irwin,2022-05-04 Dreams Beyond Time On Sacred Encounter and Spiritual Transformation offers readers an overview of dreams research as applied to non ordinary dreams Lee Irwin describes four basic types of dreaming normative mythic psychic and transpersonal and he illustrates each type with specific dream examples These types of dreaming are then used as a lens to look more closely at additional dream types that indicate dreaming as a process of creative discovery Through virtual dreaming encounters latent human potentials are revealed and suggest aspects for spiritual development based on dream recording interpretation and analysis In turn this leads to a metaphysical description that is pan sentient illustrating a vivid living universe of process becoming in which certain dream types reveal mythic psychic and transpersonal capacities as intrinsic to a deeper more awakened sense of intersubjective self awareness While dream theories from many diverse authors are explored the author uses an existential and phenomenological method to analyze dreaming contents in relationship to altered states of mind trance out of body and near death experience meditation imagination and stages of lucid self awareness Transpersonal dreams are given considerable attention in relationship to mystical traditions paranormal research and the comparative anthropology of self

Extraordinary Dreams Kimberly R. Mascaro,2017-12-08 Some see dreams as communications with another reality and others see them as insignificant random phenomena Dreams range from the mundane of day to day events to the extraordinary including visions lucid dreaming out of body experiences interactions with the deceased precognition sleep paralysis and vivid hallucinations during transitions between sleep and wakefulness Drawing on individuals reports this book explores the phenomena and the significance of extraordinary dreams
