Foster,2019-10-04 This book is a brutal expose of religion s failure to keep and preserve our Godly American culture and the unconventional answer to restore the cultural soul that is rightfully ours to maintain It exposes the history and spiritual influences behind the decline and the process Christians can follow to reverse that decline Liberals may claim that they are godless Atheists but the truth is they are following the doctrines of Lucifer and following a game plan taught by followers of Lucifer We are losing a spiritual battle by fighting with the tools of the flesh logic reason emotion science and the law We are bound to lose We need to learn the rules and methods that have been proven to work spiritually against a ruthless spiritual opponent Liberals know full well that they are fighting for the soul of our nation We need to realize that the soul they are fighting for is the complete corruption and loss of the Godly soul our founding fathers tried to establish for our nation It not only presents the problem but also provides the solution to our problem and the promise that the problem of ungodliness in our culture can be reversed Godliness can be restored We are also fighting for the soul of our nation It is NOT the same soul that the Liberals are trying to preserve They have corrupted our nation by deception We can restore the national soul they corrupted with the truth      **Our Wisdom Years** Charles Garfield,2020-06-02 Psychologist and best selling author Charles

Garfield shares an uplifting vision as he takes us on a journey of a lifetime Some of the most profound growth of our lives can happen in the home stretch the years after age sixty or so It s a time when we can finally crystallize the meaning of what we ve been and done and fully expand into the self we ve always intended to be But says psychologist Charles Garfield that can only happen if we first loosen the grip of the life we ve led so far the one that s been focused outwardly on activity achievement and the idea of success and let our souls lead the way In *Our Wisdom Years* Dr Garfield skillfully and practically guides readers through nine tasks that can transform the struggles of aging bringing fulfillment joy and serenity Drawing on the understandings that come from both his work as acclaimed success guru in the 1980s and the truths distilled from volunteering with those at the end of life Garfield offers a fresh uplifting vision of the wholeness that awaits us Dr Garfield shares how we can gracefully let go of the younger selves we ve been and walk through the opening that keeps beckoning toward this soul driven version of later life He encourages us to take the risk of being fully alive as our years pass This is no small task aging is not for the faint of heart The beautiful paradox of growing older is that none of the gifts of age are available without the kind of loss that forces us to confront mortality in a way we can t deny In the face of loss we re changed and expanded by truths that come from the heart not the mind We learn that we re more than our bodies part of something
