source of life that will bring you to the place of inner peace and abundance Our opening verse for this book is from John 10 10b I came that they may have and enjoy life and have it in abundance to the full till it overflows The Greek word used here for life is Zo So we can conclude that Jesus came to show us how to have and enjoy the God kind of life As a born again believer you have been recreated and given a new life code or DNA to live by and Jesus came to show us how to live that new creation reality here on earth The Bible tells us in John 3 16 For God so greatly loved and dearly prized the world that He even gave up His only begotten unique Son so that whoever believes in trusts in clings to relies on Him shall not perish come to destruction be lost but have eternal everlasting God kind of life Then in Romans 6 23 it tells us For the wages which sin pays is death but the bountiful free gift of God is eternal the God kind of life through and in union with Jesus Christ our Lord This eternal life He came to give us is the very nature of God In John 1 4 we can get a better understanding of what this life will do for us In Him was Life and the Life was the Light of men One of the meanings for Light in the dictionary is a state of understanding or awareness So we could read this verse like this In Him was the God kind of Life and the God kind of Life was the state of understanding and awareness for men

Understanding The Anatomy of Evil William Nitardy,2016-04-14 The book examines the anatomy of evil in the realm of ideological and philosophical beliefs This includes politics culture religion science and law It attempts to answer many questions by giving the reader a better understanding of all aspects of evil including stealth evils that are not even on our radar Although the author uses many scriptural verses to support the book s thesis it does not simply rely on scripture but relies on probability science and rationale to draw conclusions while showing consistency with and support of scripture Although the author is convinced that the bible is the infallible Word of God and believes in biblical Christianity he is very critical of denominational Christianity and other religions including pseudo science and other religions that masquerade as secular entities He believes that the rapid and virtually complete secularization of our society has only been possible because of the many false foundations that have been established and accepted as fact when they are completely false and destructive Those false foundations justify and support many evils that have been and are being promoted in America The book discusses the situation in which America finds itself where we are being destroyed and are near the point of no return The book addresses the current political situation and the upcoming presidential election The final chapter of the book is to encourage skeptics to believe the truth of the bible through rational evidence Although this book should connect well with Christians it is hoped that the rational approach taken would attract atheists agnostics and skeptics as well as pastors and religious leaders Pastors and religious leaders are encouraged to teach the full council of God by relating scriptural principles to our evil culture and even go so far as to attack the false foundations that are making the gospel irrelevant or addressing the contaminated soil that prevents the gospel seeds from germinating
