Little Way of Spiritual Childhood Martin Gabriel, 1901

The Little Way of Spiritual Childhood G. Martin, 2012-10-04 The future welfare of both Church and state depends chiefly on the manner in which the rising generation is brought up for if all parents were to give their children a good religious training the future prosperity of both Church and state would be assured because a good religious training will make children good Christians and as experience proves good Christians are always good citizens In our Popular Instructions on Marriage we have briefly outlined the duties of parents in the bringing up of their children In this little work we enter more fully into details and clearly point out almost step by step the manner in which Christian parents should bring up their children from birth to the time when they embrace that state of life for which God has destined them may this little book prove useful in directing and assisting parents in the proper performance of the noble but difficult task of making their children exemplary Christians and virtuous citizens

The "Little Way" of Spiritual Childhood According to the Life and Writings of Saint Therese de L'Enfant Jesus G. Martin, 1948

Raising Spiritual Children: Cultivating a Revelatory Life Patricia Mapes, Greg Mapes, 2009-10 Raising Spiritual Children is a practical resource for parents who want to raise their children to be whole healthy and capable of using their spiritual gifts with wisdom What does it mean to have spiritual gifting How can we help our spiritually gifted children s stay on the right path What do our children s dreams mean This book answers these questions and many more Book jacket

The Spiritual Dimension of Childhood Richard Woolley, Brendan Hyde, Kate Adams, 2008-04-15 The authors outline exactly what is understood by contemporary spirituality and discuss the importance of context in a consideration of spirituality They explore key issues in understanding children s spirituality under three broad headings children s voices children s worlds and children s lives

Complete Spiritual Doctrine of St. Therese of Lisieux Fr. François Jamart, 2017-02-07 Over a century ago there lived a Carmelite nun Th r se of Lisieux Although she was young and seemed to have no authority she taught a Little Way very straight and short which would lead people to perfection Others had declared

that sanctity was hard to attain but she said that it was easy Th r se maintained that in order to become holy it was not necessary to engage in manifold practices to perform rigorous penances or to receive extraordinary graces What was needed was simply that we acknowledge our nothingness and approach God with love and confidence Sanctity she proclaimed is an interior disposition which makes us humble and little in God s arms conscious of our weakness and trusting even to audacity in the goodness of our Father Th r se did not reveal new truths nor did she teach new means for attaining perfection Her doctrine was not a revelation of a new kind of sanctity but a new way of revealing sanctity to us What she teaches flows from the knowledge of God as He is revealed in the Gospel she invites us to return to evangelical simplicity The Church has endorsed her doctrine at the highest level in 1999 Pope John Paul II declared her a Doctor of the Church In the Complete Spiritual Doctrine of St Th r se of Lisieux he presents her teachings in their original beauty simplicity and practicality According to the judgment of the Carmelite nuns of Lisieux this work represents the pure doctrine of Th r se without deviation Since this book first appeared in French in 1958 and in English in 1961 it has established itself as a classic Although many fine studies on St Th r se have appeared in more recent years the Complete Spiritual Doctrine of St Th r se of Lisieux is still an indispensable guide to the Little Way

Nurturing Child and Adolescent Spirituality Karen-Marie Yust,Aostre N. Johnson,Sandy Eisenberg Sasso,Eugene C.

Roehlkepartain,2005-12-27 Nurturing Child and Adolescent Spirituality Perspectives from the World s Religious Traditions provides a forum for prominent religious scholars to examine the state of religious knowledge and theological reflection on spiritual development in childhood and adolescence Featuring essays from thinkers representing the world s major religious traditions the book introduces new voices challenges assumptions raises new questions and broadens the base of knowledge and investment in this important domain of life It specifically and intentionally focuses on theological and philosophical perspectives from within religious traditions creating space for the religious traditions to find their voices Nurturing Child and Adolescent Spirituality is firmly grounded in the language and priorities of religious studies and helps stimulate explorations of whether and how religious communities are tapping their own wisdom and strengths in nurturing today s

young people in a complex and changing world Nurturing Child and Adolescent Spirituality will set the stage for new waves of scholarship and dialogue within and across traditions disciplines and cultures that will enrich understanding and strengthen how the world's religious traditions and others understand and cultivate the spiritual lives of children and adolescents around the globe

The Secret Spiritual World of Children Tobin Hart, PhD, 2010-10-06 Many of the great mystics and sages in history have told us that their spiritual realizations began in childhood Gandhi Albert Einstein and Abraham Lincoln are just a few famous figures who have reported these events Based on more than five years of interviews this book combines startling firsthand accounts of secret spiritual lives including recollections from adults who have forgotten or repressed such experiences in childhood The author explains how parents educators and therapists can recognize identify and nurture children's deep spiritual connections The book is divided into ten chapters treating the phenomena of wisdom wonder and visions including guiding parents along the spiritual path building a curriculum and learning from children

Global Perspectives on Spirituality and Education Jacqueline Watson, Marian de Souza, Ann Trousdale, 2013-12-04 In recent decades and around the world much attention has been given to the role of spirituality in the education of children and young people While educationalists share many common goals and values in nurturing the spiritual lives of children and young people national and regional cultures religions and politics have impacted on the approaches scholars and practitioners have adopted in their investigations and practices The different contexts across nations and regions mean that educators face quite distinct conditions in which to frame their approaches to spiritual education and research and the nature and impact of these differences is not yet understood This book brings together thinkers from around the globe and sets them the task of explaining how their research on children's spirituality and education has been shaped by the historical cultural religious and political contexts of the geographic region in which they work The book presents contributions in three sections Europe and Israel Australasia and The Americas and concludes with a chapter highlighting what is common and what is contextually unique about global approaches to spirituality and education

The Founder of Opus Dei Andrés Vázquez de Prada, 2001

The Only Mind Worth Having Fiona Gardner, 2015-11-06 In *The Only Mind Worth Having* Fiona Gardner takes Thomas Merton's belief that the child mind is the only mind worth having and explores it in the context of Jesus challenging paradoxical and enigmatic command to become like small children She demonstrates how Merton's belief and Jesus's command can be understood as part of contemporary spirituality and spiritual practice To follow Christ's command requires a great leap of the imagination Gardner examines what it might mean to make this leap when one is an adult without it becoming sentimental and mawkish or regressive and pathological Using both psychological and spiritual insights and drawing on the experiences of Thomas Merton and others Gardner suggests that in some mysterious and paradoxical way recovering a sense of childhood spirituality is the path toward spiritual maturity The move from childhood spirituality to adulthood and on to a spiritual maturity through the child mind is a move from innocence

to experience to organized innocence or from dependence to independence to a state of being in dependence with God

Children and Spirituality Brendan Hyde, 2008-01-15 This book provides ways in which schoolteachers and parents can nurture and foster these particular characteristics of children's spirituality. It also considers two factors material pursuit and trivialising which may inhibit children's expression of their spirituality. It will be of great interest to educators policy makers and parents.

The Spiritual Child Dr. Lisa Miller, 2015-05-05 In *The Spiritual Child* psychologist Lisa Miller presents the next big idea in psychology the science and the power of spirituality. She explains the clear scientific link between spirituality and health and shows that children who have a positive active relationship to spirituality are 40% less likely to use and abuse substances are 60% less likely to be depressed as teenagers are 80% less likely to have dangerous or unprotected sex have significantly more positive markers for thriving including an increased sense of meaning and purpose and high levels of academic success. Combining cutting edge research with broad anecdotal evidence from her work as a clinical psychologist to illustrate just how invaluable spirituality is to a child's mental and physical health Miller translates these findings into practical advice for parents giving them concrete ways to develop and encourage their children's as well as their own well being. In this provocative conversation starting book Dr Miller presents us with a pioneering new way to think about parenting our modern youth.

Persevering in Prayer Jean Lafrance, 2002 *The Radiant Child* Thomas Armstrong, 1985-01-01 Armstrong believes that children come into this life radiating and reflecting the mystery of creation that their spiritual nature as well as their basic instincts are close to the surface of their awareness. This hidden side of youthful consciousness has been noticed and appreciated primarily by poets mystics authors of fairy tales and world mythologists but not by parents teachers and child therapists. He relates mystical and transpersonal experiences in children and provides methods for keeping their inner dimension alive.

The Founder of Opus Dei: The Life of Josemaría Escrivá, Volume I Andres Vazquez de Prada, 2017-03-31 This is the first volume of three about the life of Saint Josemaría Escrivá. He has been hailed as a pioneer in helping ordinary Christians find God in their daily lives. Moved as a teenager by footprints of a barefoot Carmelite priest in the snow Josemaría felt called to greater generosity in the priesthood and in his struggles to build up Opus Dei during the outbreak of the Spanish Civil War. This latest biography is the most extensively researched work on his family history childhood adolescence and young adulthood. The reader benefits from an enormous wealth of details in extensive notes and appendices. Accompanying them are excerpts from his correspondence spiritual writings and testimonials from dozens of friends and acquaintances. The remarkable story continues in volumes II and III.

Spiritual Childhood Introduction

In today's digital age, the availability of Spiritual Childhood books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Spiritual Childhood books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Spiritual Childhood books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Spiritual Childhood versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Spiritual Childhood books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Spiritual Childhood books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Spiritual Childhood books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Spiritual Childhood books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Spiritual Childhood books and manuals for download and embark on your journey of knowledge?
