Handelman, 2011-12-20 Make Yourself a Teacher is a teaching book and a book about teaching It discusses three dramatic well-known stories about the student and teacher Rabbi Eliezer ben Hyrcanus from the Oral Torah The stories of R. Eliezer serve as teaching texts and models for reflection on the teacher-student relationship in the Jewish tradition and in contemporary culture with special emphasis on the *hevruta* mode of Jewish learning a collaborative process that invites the reader into a dialogue with teachers past and present Susan Handelman considers how teacher-student relations sustain and renew the Jewish tradition especially during troubled times As a commentary on historical and contemporary educational practices she asks a range of questions about teaching and learning What is it that teachers do when they teach How do

knowledge spirituality and education relate What might Jewish models of study and commentary say about how we teach and learn today Handelman not only presents pedagogical issues that remain controversial in today s debates on education but she also brings the stories themselves to life Through her readings the stories beckon us to sit among the sages and be their student

**With Intent to Maim; An Autobiographical Narrative** Kalman Dubov, 2020-10-06 This book describes my experiences being subjected to and living with abuse during my childhood and early adult years in the Lubavitch Chabad community in Brooklyn New York I discuss the effects this physical emotional and psychological abuse had on my development and life which resulted in my leaving this community and lifestyle When I grew up in this community the topic of abuse was either denied or spoken about in whispers Generally even if abuse of a child was known it was not reported to law enforcement and the child was not protected from further abuse The topic of reporting such crimes to the law enforcement authorities for eventual criminal prosecution is referred to as *mosur* a term of revilement Such a person regardless of the crime s committed is protected by the Jewish community and the victim is forced to face the abuse by himself herself without the benefit of communal embrace for resolution Moreover Jewish law excoriates a *mosur* informer by exclusion from normative communal membership These exclusions are embodied in codes of Jewish law which formalizes the process by vilifying the informer The victim thereby faces a double attack The first is by the predator and the second by the code of silence forced upon the victim The primary focus of this book regards the physical attack I endured at the hands of my mother She was angered by my non diligence in religious study motivating her to try to break my arm I was eight years old at the time And she was following the actions of another mother who broke the arm of her son for the same perverse reason this attack was a life changing event It forced to identify my mother and others as persons who represented a great danger to me necessitating measures that resulted in distance and eventual examination of the fundamentals of this religious life and identity I describe the other Jewish family that similarly abused a child Similar to my own circumstance no investigation or prosecution was ever conducted I remain convinced other families from these ultra Orthodox Charedi Jewish communities experienced similar or worse violence but such violence was muted and not reported My father was aware of the attack but did not intervene I discuss the details of the abuse as well as its aftermath and the larger concatenates these events caused in my life I conclude my narrative by stating that these acts and especially community refusal to acknowledge and respond is shameful and indefensible A few persons reviewed this material prior to publication While I remain grateful for their comments and recommendations the publication reflects my own insights and I remain responsible for any errors or oversights

**Sacred Books; Secular Books** Kalman Dubov, The ultra orthodox Jewish world divides the world into two distinct realities the sphere within and the sphere without The internal sphere which I refer to as the Sphere of Holiness is maintained in a sacrosanct manner so that the Sphere of Secularity does not intrude and contaminate the other sphere The range of figurative walls maintaining these two spheres affects the consciousness and reality of every ultra orthodox Jew so

that this construct is continually brought to conscious awareness Every member of those who maintain this lifestyle is urged to continually be reminded and reinvigorated in this awareness Examples of such awareness begin with ultra orthodox schooling A child begins religious studies that are exclusive with secular studies either ignored or completed in a way that denies credence or importance In New York State the education law contains vague language regarding how a child is to be educated This vagueness allows those in charge of that school to largely circumvent traditional pedagogy As the child advances in religious studies the lack of external exposure coupled with the intensity of study requirements ensures the young man does not stray into forbidden areas that might endanger his sacred standing in the community and be enticed by the larger world Such study intensifies with each passing grade and year until he is fully conversant with ancient Jewish law and traditions after nearly twenty years of such study At the same time however he will be a functional illiterate in the lingua franca of his home country His female counterpart will not be exposed to such traditional studies because her role is to be the mother and home caretaker not the scholar The Jewish tradition not to teach girls and women similar to men derives from the Talmud and the legal determination of Maimonides This mindset has continued for hundreds of years and is unlikely to change Despite this limitation on women's education through Jewish history exceptional women achieved a high scholarship to the acclaim of their entire community including men In fact one woman a singular exception became a Chassidic Rebbe amidst fierce opposition A modern exception to such a study curriculum is Chabad Because it has a messianic outreach program the Chabad couple who establish a Chabad House in diverse cities and countries and are often the only ones running the program the woman must have the training to lead and know the deeper aspects of Judaism This book is not only about women's education but it represents the larger dynamics in how the ultra orthodox Jewish world bifurcates the reality of its members so that any intrusion from that external world remains in place An example of such limitation is the ultra orthodox public denunciations against the use of the internet use of computers as against the smartphone unless these devices are programmed so that surfing is not possible The future of these communities on a trajectory of high fertility ensures their future growth As they populate the United States and other countries replenishing the numbers lost in the Holocaust their exposure to and awareness of the world at large will remain extremely limited

Jewish Views of the Afterlife Simcha Paull Raphael, 2019-04-15 Originally published in 1994 Jewish Views of the Afterlife is a classic study of ideas of afterlife and postmortem survival in Jewish tradition and mysticism As both a scholar and pastoral counselor Raphael guides the reader through 4 000 years of Jewish thought on the afterlife by investigating pertinent sacred texts produced in each era Through a compilation of ideas found in the Bible Apocrypha rabbinic literature medieval philosophy medieval Midrash Kabbalah Hasidism and Yiddish literature the reader learns how Judaism conceived of the fate of the individual after death throughout Jewish history In addition this book explores the implications of Jewish afterlife beliefs for a renewed understanding of traditional rituals of funeral burial shiva kaddish and more This newly

released twenty fifth anniversary edition presents new material on little known Jewish mystical teachings on reincarnation a chapter on Spirits Ghosts and Dybbuks in Yiddish Literature and a foreword by the renowned scholar of Jewish mysticism Rabbi Arthur Green Both historical and contemporary this book provides a rich resource for scholars and laypeople and for teachers and students and makes an important Jewish contribution to the growing contemporary psychology of death and dying

**Does the Soul Survive?** Elie Kaplan Spitz, 2012-12-14 Near death experiences Past life regression Reincarnation Are these sorts of things Jewish With a blend of candor personal questioning and sharp eyed scholarship Rabbi Elie Kaplan Spitz relates his own observations and the firsthand accounts shared with him by others experiences that helped propel his journey from skeptic to believer that there is life after life From near death experiences to reincarnation past life memory to the work of mediums Rabbi Spitz explores what we are really able to know about the afterlife and draws on Jewish texts to share that belief in these concepts so often approached with reluctance is in fact true to Jewish tradition The increasing interest and faith in survival of the soul may grow into a cultural wave that is as potentially transformative for society as the civil rights movement and feminism A renewed faith in the soul s journeys will call for a reassessment of our priorities and will enable traditional religions to renew and transform their adherents from the Introduction

**Jewish Bioethics** Yechiel Michael Barilan, 2014 Presents the discourse in Jewish law and rabbinic literature on bioethical issues highlighting practical problems in their socio historical contexts
