Chasing Davis James

Luce,2012-03-22 When author James Luce was a boy his father once summarized his moral philosophy of life in one sentence Your rights end at the tip of my nose Many years later after embarking on his own voyage of reflection Luce finally

understood his fathers words In Chasing Davis he shares a set of unique ethical tools and blueprints that can be conceived and implemented by either societies or individuals ultimately creating a moral life solely guided by logic and science rather than superstition or belief in divine guidance Luce believes it is time for a new genesis of moral living He relies on several decades of research and contemplation as well as ancient and newly acquired wisdom as he carefully examines the difference between good and evil the importance of self awareness and the reasons that morality is not dependent upon the existence of any god Seekers of the truth and new ideas will learn the meaning and consequences of perception as well as how to train ourselves to think more productively and morally and why laws government and religions are symptoms of our immorality Chasing Davis provides a practical objective set of behavioral and cognitive guidelines that will help anyone live a moral life regardless of individual cultural religious or philosophic antecedents Unanswered Questions Julian Pace,2023-01-12 This book recounts one man s powerful journey from faith to doubt to faith once again Although raised in a devout Christian home and having a profound conversion experience as a teenager Julian Pace began to doubt the truthfulness of Christianity as he prepared for ordination to the Gospel Ministry This painful crisis of faith caused him to doubt God s existence and he wondered if there were any good reasons to be a Christian Julian s doubts lead him to study Christian theology more deeply than ever before and he discovered that there are good reasons to believe that God exists and that Christianity is reasonable because the Resurrection of Jesus is supported by historical evidence In this book you will walk alongside Julian during his crisis of faith learn what he learned and discover that Christianity is reasonable and answers the deepest longings of the human heart and mind **Prabuddha Bharata** ,1993 **Living the Questions of the Bible** Luke A. Powery,2023-05-16 Living the Questions of the Bible presents questioning as a viable and faithful Christian practice We may think the Bible is only about getting answers but the Bible is also a question book revealing how the life of faith is a quest with and for God By exploring various passages in the Bible this book attempts to invite readers into an interrogative spirituality one in which we learn that even God questions Faith seeks and keeps on seeking It may reach understanding or it may not Either way our questions are a way to live the Christian life honestly faithfully and doxologically Walking on Water Robert P. Vande Kappelle,2020-02-03 How did Jesus do it we wonder How did he walk on water To which we can imagine Jesus responding O ye of literal faith Walk with me on the waters of life explore with me the depths of reality Walking on water is not as one might think about staying on the surface of things but rather about going deep into the ordinary aspects of our lives and finding gold It is not about exotic miracles or blind faith but about living into a new way of thinking Most of us experience a continual flow of ideas images and feelings clinging to these as if they were us They are us but not our True Self They represent the atomized self our small imperial ego While this egocentric False Self is necessary its role is temporary a warm up rather than the adventure itself To ascertain our True Self we must lose the false images that no longer serve us images of God that are insufficient and images of ourselves that are similarly inadequate Bringing to life tales about labyrinths and

quests for the Grail Walking on Water encourages us to go with Jesus into death and resurrection encountering the universal Christ there the True Self that gives all humans final meaning and definition Such living saves us from our smaller and untrue selves transforms our consciousness and transports us from limited first half of life living and thinking into second half of life possibilities The dynamic approach to spirituality described in this book a transformational journey nourished by myth metaphor and mystery will promote the wisdom compassion maturity and connectedness we all need and desire
