Good Sex Martin Buss,Nickie Stipe,2014-01-13 Good Sex presents sexual ethics in the light of faith Speaking on behalf of Christianity Buss describes love your neighbor as yourself as the only Christian rule it is a positive rule rather than one that focuses on

prohibitions Since this call is never fulfilled in practice it is joined by forgiveness for oneself and others More concrete guidelines need to be aided by wisdom which is not specifically Christian Detailed biblical support is provided at the end Stipe a contemporary Pagan advocates respect for all living things and doing no harm as a minimal ethical guide leaving positive prescriptions to individual judgment Buss and Stipe discuss details of sexual ethics in largely positive terms what is good to do but also with a concern for problems that should be avoided They agree in many practical matters just as Christians and Pagans did many years ago before sexual equality became an ideal They discuss various kinds of sex including seeing and being seen touching masturbation and penetration different sexual identities committed and uncommitted relationships including the advisability of extended relations having and raising children abortion and sensuous awareness in a spiritual setting *Sex and the Soul, Updated Edition* Donna Freitas, 2015-02-27 First published in 2008 Donna Freitas's *Sex and the Soul* achieved national acclaim illuminating the as yet unexplored struggles of college students navigating the lines of faith and sexuality Conducting face to face interviews at a wide range of colleges and universities from public to private Catholic to evangelical Freitas discovers what students really think about these highly personal subjects Their stories will not only engage readers but in many cases move them with the painful struggles these candid young women and men face This updated edition includes a new Afterword in which Freitas reflects on the hundreds of conversations she has had with college students since the book was first published and offers further practical advice for dealing with hookup culture

Spiritual Power Gian Kumar, 2018-10-30 What we achieve inwardly will change outer reality Plutarch In this compact volume Gian Kumar a thinker by nature has delved into the essence of spirituality and its relationship with every aspect of human existence When we cease to blame destiny for every mishap occurring in our lives and instead seek answers from within we will be on the path to illumination and awareness Gian Kumar has put this wisdom to the test innumerable times in his life His own struggles strengthened his resolve to fight life's battles from his inner resources rather than look outward He shares his insights with us offering some new revelations each time He reiterates that spiritualism is purely based on the theory that all that exists is one and not two We are here to experience this oneness with the realization that we are all interconnected and interrelated and simply cannot exist on our own This volume should be used as an advanced guide to help us discover the inner path of spirituality and how to live complete fulfilling lives **The Philosophy of Spiritual**

Anger Control Management Sex the Ultimate Orgasm Rea Rahaman, 2017-06-19 Anger control management is a new approach in human engineering It offers an in depth understanding in controlling anger managing life and having orgasmic sex Anger and sex are a mismatched combination Using anger to create drama and desire to have fulfilling sex is old At the same time the role anger plays in sex creates meaningless sex There is a passionate fire burning in everyone waiting to be explored and initiated Making love works to ignite that passion enhanced by the magic of romance and foreplay It does not matter how long a couple has been in a relationship or how sour it has become sex can be passionate fulfilling and satisfying again Never have anger and sex been explained like this So ladies and gentlemen fasten your seatbelts and enjoy the ride to the ultimate orgasm **Sex and the Soul** Donna Freitas, 2008-04-11 Based on dozens of face to face interviews *Sex and the Soul* explores the sexual and spiritual lives of today's college students Donna Freitas crisscrossed the country visiting a range of America's colleges and universities from public to private Catholic to evangelical to find out what students had to say about these highly personal subjects Their stories will not only engage readers but in many cases move them with the painful struggles these candid young women and men face Indeed the book uncovers aspects of college life that may unsettle some readers especially parents Many campuses for instance are dominated by the pervasiveness of hook up culture Moreover many students see little connection between sex and religion even as they seek one between sex and spirituality Indeed these observations hold true even at Catholic schools Only at evangelical colleges is religion an important factor when deciding whether or not to engage in sex But Freitas's research also reveals that even at secular schools students are not comfortable with a culture of casual sex and that they do want spirituality at least if not also religion to speak about what they should do and who they should try to be not just what they should avoid doing *Sex and the Soul* will offer readers the chance to hear college students speaking honestly about extremely sensitive topics in a book that will be of great interest to

The Sexual Person Todd A. Salzman, Michael G. Lawler, 2008-05-21 Two principles capture the essence of the official Catholic position on the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act must remain open to the transmission of life In this comprehensive overview of Catholicism and sexuality theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity s historically and culturally conditioned understanding of human sexuality *The Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium
