civilization      **The Signs and Symbols of Primordial Man** Albert Churchward, 1913 Albert Churchward's famous study of Ancient Egyptian myths and symbology reveals how their mythological culture evolved over thousands of years influencing other civilizations. The author was among the first Western scholars to investigate the connection between the religious symbols, deities and traditions of Egypt and those which emerged in later societies. By studying the hieroglyphic texts preserved in the monuments and papyrus of the Egyptian society, Churchward uncovered the origins of legendary stories, the roles of Gods like Horus and Ptah and the emergence of important symbols such as the triangle, cross and swastika. The religious and cultural influence of this ancient society whose dynasties stretched across millennia is revealed to be of staggering magnitude. This book pieces together the connections between Egyptian lore and that of the Hebrews, the Freemasons, the Mayans and various tribal societies. The depth of Churchward's enquiry is enormous; hundreds of drawings, symbols and photographs accompany the narrative that the reader may discover the myriad connections and wide-ranging influence of the Egyptians from antiquity onward. Frequent quotations and cites of accomplished workers in the field of Egyptology such as Dr Wallis Budge and Gerald Massey further support the points established.

R B of D chap cx but Renouf is wrong in this as Shu is said to work in the abode of the books of Seb i c of earth. Ritual chap xvii This can be identified with the Great Library at Annu. The papyrus Mahit of Shu as mentioned in the Ritzml I am in unison with his successive changes and his laws or rules and his writings. Ritual \_ chap cx The Book of the Laws is the Book of Ia or Iati which was presented by the duality of Shu Anhur the Lord of Truth or Mati. The writings of Shu Anhur were preserved at Annu amongst the 36 000 books that were traditionally ascribed to Australia New Guinea and the east. Taht He wrote them at dictation from Ra or Atum Huhi the Father of Iu who was carried into Judea as Ihuh and brought on the sacred writings that had been placed in the temple of Atum Ra Har Makhu to be transmitted from generation to generation for time and eternity if The human race therefore had its origin in Africa and that by gradual development and evolution some of them settled in Upper Egypt and along the banks of the Nile gaining here the first knowledge of Nature's Laws and gradually acquiring a mythology later an Astral.
