Merkle,2025-08-21 This book investigates religious vows shedding light on the type of faith that can sustain humanity in secular times It examines the personal impact of religious life as well as its potential to foster a sense of completeness within society at large Unbelief in today s society can be partially rooted in the

shallowness of the sort of religion that the secular can abandon. Such a religion characterized as magical, shallow, illusory or rooted solely in external rituals lacks the depth required to thrive in a secular society. It fails to address the profound aspects of human existence, the authentic freedom of the spirit and the enduring obedience of faith. This study of religious vows uncovers their deeper meanings in light of these challenges. It invites us to consider whether religious life despite contemporary criticisms can be seen as touching wholeness. This book does not only delve into the theological foundations of these vows but also key areas which impact their understanding and living in new contexts. It surveys sociological landscapes and goes beyond to encompass shifts in science, psychology, theology. Religious life in this sense is part of the renewal of the church as well as an agent in it. By focusing briefly on each vow, Judith A. Merkle illustrates how religious life serves as a bridge connecting the secular and the sacred. It is a life focused on love of God and service of others which is a witness to the coming of Kingdom of God and values which truly matter in contemporary society. An Effective Sunday School in the Midst of 21st Century Stephane Timothée Loremy, 2022-06-28. The purpose of the Sunday school is to teach the word of God; its power brings about the spread of justice and equality in society. It aims at developing a society that believes in living with peace and harmony. Sunday schools aim at helping people from all age groups to adopt the principles of God. Sunday school education intends to educate people the ways to adhere to ideals in life. At times this involves the teaching of scriptures from the Bible. Learning what the Bible has to say helps the people meet with God. Enabling the connection of a common man with God is a primary purpose of Sunday schools. They aim at bringing about a spiritual development for their students. The purpose of Sunday schools is indeed worthy. One must not ignore the fact that Sunday schools offer the group an opportunity to be a part of the mission of Christianity to establish equality, peace and harmony in society. They aim at the creation of a society based on the principles of Christ and serve as excellent platforms to move closer to God. *Spiritual Formation in Local Faith Communities* Neil Pembroke, Ewan Kelly, Theo Pleizier, William S. Schmidt, Jan-Albert van den Berg, 2022-03-31. Spiritual formation in our local churches is too often poorly done or it is virtually nonexistent. We developed this innovative approach to spiritual formation in the congregation because it is desperately needed. The prompt cards are used to spark deep reflection and shape potentially life-transforming conversations with a pastor around spiritual practices: spiritual character, personal and social ethics and emotional well-being. The model was trialed in five countries. We heard time and time again how the six-week process fired a passion to go deeper with Christ. Some reported praying regularly for the first time in decades. Others found the Scriptures coming alive after years of going through the motions. In this book the authors present a simple but powerful method and offer in-depth theological reflection on related issues. Some of the important areas covered are early church approaches to spiritual formation, contemporary spiritual practices, spiritual character, the indissoluble link between spirituality and moral virtue, the spirituality of the pastor and the positive psychology approach.
