Spirituality In An Age Of Change Rediscovering The Spirit Of The Reformers:

Spirituality in an Age of Change Alister E. McGrath, 1994 McGrath shows that we look to the Reformers for our theology but fail to grasp the profound spirituality that stands at the heart of that theology It is that spirituality which evangelicalism must recover if it is to replace shallowness with depth and staying power **Transforming Spirituality** F. LeRon Shults, Steven J. Sandage, 2006-06 Explores the concept of spiritual transformation through the lenses of theology and psychology **The Merging of Theology and Spirituality** Larry S. McDonald, 2006-07-29 While acknowledging the inherent tension between evangelicals who emphasize theological propositions and those who emphasize personal experience Alister McGrath believes that spirituality represents the interface between ideas and life between Christian theology and human existence The book explores the centrality of McGrath's theology in the development of his views on spirituality McGrath does not approach spirituality from a theological void but instead uses his theological perspective as the foundation Through detailed examination of McGrath's previous work and the writing of other evangelicals *The Merging of Theology and Spirituality* offers an overview of a unique thinker's contributions and a guide for future theological and spiritual exploration

Boston's Historic Park Street Church Garth M. Rosell, This enthralling and beautiful book tells the story of one of America's most important Protestant churches **Spiritual Theology** Simon Chan, 2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished *Spiritual Theology* is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective *Spiritual Theology* is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading **Biblical Greek Exegesis** George H. Guthrie, J. Scott Duvall, 1998 This intermediate advanced text and workbook teaches syntax as well as exegesis by means of a modified inductive approach *More Than Meets the Eye* Dennis E. Hensley, 2004-05-12 Using experiences and things from ordinary life this widely published author pulls back the curtain to reveal an extraordinary God and gives practical advice on life More than just a great devotional Liz Curtis Higgs best selling author of *Bad Girls of the Bible* **Future Grace, Revised Edition** John Piper, 2012-09-18 Explore

this stunning quality of God's grace. It never ends. In this revision of a foundational work John Piper reveals how grace is not only God's undeserved gift to us in the past but also God's power to make good happen for us today, tomorrow, and forever. True life for the follower of Jesus really is a moment-by-moment trust that God is dependable and fulfills his promises. This is living by faith in future grace which provides God's mercy, provision, and wisdom everything we need to accomplish his good plans for us. In *Future Grace*, chapter by chapter, one for each day of the month, Piper reveals how cherishing the promises of God helps break the power of persistent sin issues like anxiety, despondency, greed, lust, bitterness, impatience, pride, misplaced shame, and more. Ultimate joy, peace, and hope in life and death are found in a confident, continual awareness of the reality of future grace.

Spirituality Kees Waaijman, 2002 This textbook is a systematic guide to the extensive field of spirituality. Kees Waaijman charts the multiform phenomenon of spirituality: the spirituality of ordinary people, the great spiritual traditions, and the force of counter-movements. From the foundation of this survey, he answers questions like: What exactly is spirituality? What forms can a scholarly approach take? Finally, the book provides methodic access to the study of spirituality, focusing on the following questions: Which are the different forms of spirituality and how can we describe them? How can spiritual texts be given a reliable reading? Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them? What do we mean by spiritual guidance and what can we learn from it? This textbook has no equal. It is indispensable to scholars wishing to study the subject but also to others who want to learn about spirituality.

Religiosity and Work in the Lives of Mortuary College Students Charles Lynn Gibson, 2009-11 The study investigated the failure to integrate faith in daily work, a multifaceted problem important for interdisciplinary studies in religion and society. The Purpose in Life (PIL) test and the Engagement in Meaningful Work Scale (EMWS) were used to research how religious faith impacted work perceptions of mortuary college students. Students from Gupton Jones College of Funeral Service in Atlanta, Georgia, and John A. Gupton College in Nashville, Tennessee, were chosen as the respondents. The following research question was examined: What were the effects of religiosity on mortuary college student perceptions of purpose in life and the engagement in meaningful work? The study identified four facets of religiosity for observation: 1. belief, 2. attitude, 3. practice, and 4. group experience. The primary research objectives examined the variables of denominational preference, Christian affirmation, favorability toward the institutional church, active church membership, the number of religious disciplines practiced, and involvement in church activities. Secondary objectives of the study examined the demographics of age, gender, educational attainment, and experience in funeral service work. Two hypotheses with ten corollaries for each hypothesis were tested: eight with a Kruskal-Wallis procedure, ten with a Mann-Whitney U procedure, and two with a Spearman's Rank Correlation procedure. Six independent variables demonstrated a significant relationship with PIL values: funeral service experience, denominational preference, Christian affirmation, active church membership, the number of religious disciplines practiced, and the involvement in church activities. Six variables demonstrated a significant or

practically significant relationship with EMWS values funeral service experience denominational preference favorability toward the institutional church active church membership the number of religious disciplines practiced and the involvement in church activities Conclusions drawn from the findings of the study had important implications for the fields of religion psychology business administration and funeral service

The Evangelicals Robert Krapohl, Charles H. Lippy, 1999-04-30 The different facets of American religious life are more thoroughly understood with an awareness of the Evangelical heritage that intersects the different denominational boundaries Since Evangelicalism is not confined to one religious denomination or group it has associations with a number of American religious movements such as Fundamentalism Pentecostalism the Charismatic Movement and Revivalism This study modeled after the popular Greenwood Denominations in America series analyzes the people institutions and the religious culture of modern American Evangelicals Divided into three sections the book presents a history of American Evangelicalism discusses themes and issues in modern American Evangelicalism and provides a biographical dictionary of modern American Evangelical leaders The combination of critical narrative and reference will appeal to religion scholars and American culture scholars alike Separate bibliographies unique to the history section and to the themes and issues section provide valuable resources for further research Equally helpful is the bibliographic material that completes each entry in the biographical dictionary section of the book The three part organization makes this an accessible research tool clearly organized for easy cross referencing

Urban Ministry Manuel Ortiz, Harvie M. Conn, 2025-06-06 No 3 in the Academy of Parish Clergy Top Ten Books of the Year The city presents serious challenges that cry out for answers poverty racism human exploitation and government corruption How can the church move ahead in the midst of these demands with the gospel of hope Here in one comprehensive volume Harvie Conn and Manuel Ortiz two noted scholars and proven practitioners of urban ministry address the vital work of the church in the city Their dual goal to understand the city and God s work in it Through four great waves

of development Conn and Ortiz trace the history of the city around the world Then they tackle the critical issue of a biblical basis for urban mission How does the Bible view the city Are we closer to God in the country than the city Does the Bible have an anti urban bias These questions are given a thorough analysis that unveils God s urban mandate as reflected in both Old and New Testaments From this foundation the authors unpack the multifaceted nature of the city as place as process as center as power and as a place of change and stability They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop In addition Conn and Ortiz lay out what the social sciences have to offer urban mission including ethnographic and demographic studies and they focus on the particular issues and needs of urban leadership including a plan for developing and mentoring leaders while equipping the laity for ministry in the city This is the essential text for bringing God s kingdom to the city through the people of God

A Redemptive Theology of Art

David A. Covington, 2018-05-01 A Redemptive Theology of Art develops a biblical systematic and practical theology of aesthetics It begins with the roots and ontology of aesthetics vs art and the architecture and narrative of affection and passion their woes and their glory Those who would search the Bible find little support for art as commonly conceived in the West The language of aesthetics applied to the maker s intentions the qualities of the work and the responses of the audience better addresses the questions of beauty and better suits the discussion of human actions beliefs and culture than the language of art does The Bible yields more consistent and helpful answers to questions about the broader category of aesthetics than it does to questions about art leading in turn to better questions and a more practical and theological appreciation of human affections beauty and delight and the many paths by which people including Christians pursue them Using the categories and definitions from Scripture Covington gives hope and help not only for those who labor in the arts but for everyone who cares about the passions that motivate us We were made for God s delight and though sin and bondage plague our passions God can shape our fun feelings desires affections and aversions Feelings are neither objective nor subjective they are redeemable Borrowing key ideas from other Christian writers on the arts or aesthetics Covington explores the connection between orthodox Protestant theology and a responsible respectful treatment of arts artists and all aesthetic fields of human work and speech

The Nature of Confession

George A. Lindbeck, 1996-01-01 Voted one of Christianity Today s 1997 Books of the Year Ours is an age of profound cultural change in which new categories and alliances are bound to arise In theology the liberal strategy has lost support having degenerated into mere anthropology and succumbed to the political agendas of its proponents And while the evangelical movement appears to be gaining ground it is simultaneously suffering an acute identity crisis Currently the postliberal or Yale school movement has found a strong resonance in some mainline denominational circles Its emphasis on the biblical text and Jesus Christ through which all other reality needs to be construed may turn out to be the most significant theological realignment in more than a century Are we witnessing a paradigm shift Can evangelicals and postliberals make common confession Might they even combine forces to

reinvigorate the church its theology and its mission for a new era In this groundbreaking book creative evangelical and postliberal thinkers explore exactly how they agree and disagree along a range of issues from epistemology and theological method to doctrinal concerns Evangelical contributors include such significant theologians as Alister McGrath and Gabriel Fackre Postliberal contributors include George Lindbeck a founding father of postliberalism and George Hunsinger the former student and major interpreter of the late Hans Frei another founder of postliberalism In *The Nature of Confession* we are presented with the beginnings of a robust discussion of real importance to both the academy and the church

Hartford Puritanism Baird Tipson, 2015 Statues of Thomas Hooker and Samuel Stone grace downtown Hartford Connecticut but few residents are aware of the distinctive version of Puritanism that these founding ministers of Hartford s First Church carried into the Connecticut wilderness or indeed that the city takes its name from Stone s English birthplace Shaped by interpretations of the writings of Saint Augustine largely developed during the ministers years at Emmanuel College Cambridge Hartford s church order diverged in significant ways from its counterpart in the churches of the Massachusetts Bay Colony Hartford Puritanism argues for a new paradigm of New England Puritanism Hartford s founding ministers Baird Tipson shows both fully embraced and even harshened Calvin s double predestination Tipson explores the contributions of the lesser known William Perkins Alexander Richardson and John Rogers to Thomas Hooker s thought and practice the art and content of his preaching as well as his determination to define and impose a distinctive notion of conversion on his hearers The book draws heavily on Samuel Stone s *The Whole Body of Divinity* a comprehensive exposition of his thought and the first systematic theology written in the American colonies Virtually unknown today *The Whole Body of Divinity* not only provides the indispensable intellectual context for the religious development of early Connecticut but also offers a more
