## **Spirituality For Religious Life:**

*Spirituality for Religious Life* Robert Faricy, 1976      Radical and Free Brian O'Leary, 2017-05-12 This book is the result of two preached retreats I gave to mark the recent Year of Consecrated Life 2015 However the origin of the material goes much further back drawing on my teaching experience both at Manresa Centre of Spirituality and at Milltown Institute covering a period of thirty years In both places I had taught courses on religious life its history theology and most of all its underlying spirituality Indeed I have always used history and theology and other disciplines such as psychology and anthropology in service of exploring and renewing the spirituality of religious life Another way of saying this is that I am above all interested in values as appreciated appropriated and articulated This lies behind my decision to structure the talks now the book almost entirely around the vows After an initial chapter on the origins of religious life I devote two chapters each to poverty chastity and obedience My emphasis is not on the vows as such dealing with questions that Canon Law might raise but on the motivating values that the vows express Only these values can explain why people enter and flourish in religious life All religious without distinction are called to be radical and free      *Am I Living a Spiritual Life?* Susan Muto, Adrian L. Van Kaam, 2006 You can have a richer spiritual life If you re ready to take the next step on the path of spiritual progress these pages will help you to identify the greatest challenges you face as you seek to live a spiritual life and you ll discover sound strategies you can use to overcome each one of those challenges      *A Spiritual Life* Allan Hugh Cole, 2011-01-01 This revealing collection presents a selection of twenty poets prophets and preachers who share their understandings of what makes a good spiritual life They draw on their professional experiences and as important grace us with their personal thoughts The result is essentially a textbook for spirituality courses exposing readers to the spiritual lives of a wonderfully diverse group of people with a wide range of Christian experiences Every reader is sure to find a perspective with which he or she can identify      **An Exploration into Dominican Spirituality** Erik Borgman, 2024-08-01 My aim in this book is to show clearly that the Dominican tradition is capable of shedding light on the questions of men and women today and suggesting a way of dealing with them These questions are ultimately a variant of the one central question of human existence bound up with a particular time place and person the question of a good and meaningful life my starting point is the basic conviction that a religious and dedicated life cannot be lived anywhere else than in the midst of our turbulent culture which constantly makes us uncertain this book is deliberately written from the perspective of someone who in ecclesiastical jargon is called a lay person From the Introduction by Erik Borgman This book is a highly attractive and stimulating exposition of Dominican spirituality by Erik Borgman a Dutch Lay Dominican The central intuition of the book is that Dominican spirituality is founded on the encounter of God in all of human experience Dominic s experience in the early thirteenth century was born in opposition to Catharism which maintained that God was remote from us and that there was a fundamental opposition between the divine and this material world But for Dominic it is here in our lives with all their

creativity and goodness their mess and confusion that God is to be found Our mission as preachers pushes us to enter the unrest of the street and the inn politics and journalism welfare teaching and science in the belief that the holy the traces of the Holy One are to be found there Even in the most difficult situations when all is dark God is waiting to be discovered If Dominican spirituality has a core then it would be this insight into the unexpected and unheard of nearness of God This is the good news that the Order of Preachers was founded to preach and the source of the happiness of the preacher From the Foreword by Timothy Radcliffe OP

**The Fire in These Ashes** Joan Chittister,1995 Joan Chittister writes from the perspective of decades of deep involvement in religious life She writes about religious life in the here and now not about the value of its past nor about the possible shape of its future asking a simple question What if anything constitutes the spirituality of contemporary religious life What is the work of religious life now What are the virtues demanded of religious now that take character and test commitment that make the world closer to the reign of God and bring a person closer to the Truth of life Provided by publisher

human resistance to the divine will and the means whereby that resistance may be overcome Part III is a brief outline of the divine economy of the sacraments Part IV is concerned with the life of prayer and in Part V we consider the end of the spiritual life and the ways by which that end may be reached concluding with a chapter on the guidance of souls with some consideration of the qualities of the ideal director from the Preface
