Spiritus Mundi Northrop Frye,1976      *Spiritus Mundi* Northrop Frye,1976      **The Reception of Northrop Frye**,2021-08-31 The widespread opinion is that Northrop Frye s influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton s 1983 rhetorical question Who now reads Frye In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye s work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye s reception in front of us such as Hayden White s theory of emplotments applied to historical writing and Byron Almén s theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton s rhetorical question is a very large and growing number the growth being not incremental but exponential      **A Companion to Literary Theory** David H. Richter,2018-03-19 Introduces readers to the modes of literary and cultural study of the previous half century *A Companion to Literary Theory* is a collection of 36 original essays all by noted scholars in their field designed to introduce the modes and ideas of contemporary literary and cultural theory Arranged by topic rather than chronology in order to highlight the relationships between earlier and most recent theoretical developments the book groups its chapters into seven convenient sections I Literary Form Narrative and Poetry II The Task of Reading III Literary Locations and Cultural Studies IV The Politics of Literature V Identities VI Bodies and Their Minds and VII Scientific Inflections Allotting proper space to all areas of theory most relevant today this comprehensive volume features three dozen masterfully written chapters covering such subjects as Anglo American New Criticism Chicago Formalism Russian Formalism Derrida and Deconstruction Empathy Affect Studies Foucault and Poststructuralism Marx and Marxist Literary Theory Postcolonial Studies Ethnic Studies Gender Theory Freudian Psychoanalytic Criticism Cognitive Literary Theory Evolutionary Literary Theory Cybernetics and Posthumanism and much more Features 36 essays by noted scholars in the field Fills a growing need for companion books that can guide readers through the thicket of ideas systems and terminologies Presents important contemporary literary theory while examining those of the past *The Wiley Blackwell Companion to Literary Theory* will be welcomed by college and university students seeking an accessible and authoritative guide to the complex and often intimidating modes of literary and cultural study of the previous half century      **Sanity, Madness, Transformation** Ross Greig Woodman,2005-01-01 In *Sanity Madness Transformation* Ross Woodman offers an extended reflection on the relationship between sanity and madness in Romantic literature Woodman is one of the field s most distinguished authorities on psychoanalysis and romanticism Engaging with the works of Northrop Frye Jacques Derrida Sigmund Freud and Carl Jung he argues that madness is essential to the writings of William Blake William Wordsworth and Percy Shelley and that it has been likewise fundamental to the emergence of the

modern subject in psychoanalysis and literary theory For Frye madness threatens humanism whereas for Derrida its relationship is more complex and more productive Both approaches are informed by Freudian and Jungian responses to the psyche which in turn are drawn from an earlier Romantic ambivalence about madness This work which began as a collection of Woodman's essays assembled by colleague Joel Faflak quickly evolved into a new book that approached Romanticism from an original psychoanalytic perspective by returning madness to its proper place in the creative psyche *Sanity Madness Transformation* is a provocative hybrid of theory literary criticism and autobiography and is yet another decisive step in a distinguished academic career

Northrop Frye and Others Robert D. Denham, 2018-09-05 Robert D Denham pursues his quest to uncover the links between Northrop Frye and writers and others who directly influenced his thinking but about whom he did not write an extensive commentary The first chapter is about Frye's reading of Patanjali the founder of the philosophy of Hindu yoga while the second discusses cultural mythographer Giambattista Vico literary history and poetic language The focus of Frye's criticism was the verbal arts but he also had an abiding interest in both the visual arts and music hence Frye's admiration of J S Bach The essay on Tolkien examines the tendency in literary history to return from irony to myth as well as the role that Tolkien played in Frye's fiction writing fantasies In subsequent chapters Denham explores Frye's preference for romance and his critique of realism which run parallel to the views of Oscar Wilde and their strong shared convictions about the centripetal thrust of art and about criticism being as creative as literature Frye's appreciation for Whitehead's concept of interpenetration in *Science in the Modern World* became a key feature of Frye's speculations about the highest reaches of literature and religion Frye is clearly indebted to Martin Buber particularly his influential meditation *I and Thou* Aristotle an important influence upon Frye was partially filtered through R S Crane and his *The Languages of Criticism and the Structure of Poetry* Finally the relationship between Frye and his Oxford tutor Edmund Blunden are explored while the last is an essay on Frye and M H Abrams on how Frye's critical project might be viewed developed in Abrams's *The Mirror and the Lamp* This book is published in English Robert D Denham poursuit son examen des influences et autres influences qui ont marqué et influencé Northrop Frye mais sur lesquels celui-ci n'avait pas consacré de réflexions et développé Le premier chapitre porte sur la lecture que fait Frye de Patanjali le fondateur de la philosophie du yoga hindou et le deuxième sur le mythographe culturel Giambattista Vico l'histoire littéraire et le langage poétique Frye s'intéressait aux arts visuels et la musique et Denham approfondit l'influence de J S Bach sur Frye Le chapitre sur Tolkien porte sur la tendance en histoire littéraire de passer de l'ironie au mythe mais aussi sur l'ascendant de Tolkien sur la fiction fantaisiste de Frye Dans les chapitres suivants Denham explore la préférence de Frye pour le romantique et sa critique du réalisme qui trouvent cho chez Oscar Wilde de même que leur conviction partagée de l'importance de l'art et de la critique comme tant aussi créative que la littérature L'admiration de Frye pour le concept d'interpénétration présent dans le *Science in the Modern World* de Whitehead est devenue un élément clé des réflexions de Frye sur la portée de la littérature et de la religion

Denham explore aussi le lien entre Frye et Martin Buber dont la m ditation I and Thou l a beaucoup inspir et celui entre Frye et R S Crane qui parle beaucoup d Aristote dans son ouvrage The Languages of Criticism and the Structure of Poetry Le chapitre 9 explore la relation entre Frye et son tuteur d Oxford Edmund Blunden alors que le dernier chapitre porte sur Frye et M H Abrams et notamment sur le projet critique de Frye compris la lumi re du cadre sur la th orie critique d velopp par Abrams dans The Mirror and the Lamp Ce livre est publi en anglais **Realms of Gold** Leland Ryken,2003-09-12

**Key Concepts in Literary Theory** Julian Wolfreys,2013-12-11 A must have guide students of literary and critical studies wishing to improve their writing skills Presents definitions of the most significant terms and concepts currently used in psychoanalytic poststructuralist Marxist feminist and postcolonial l **Northrop Frye's Late Notebooks, 1982-1990** Northrop Frye,2000-01-01 An inveterate notebook keeper Northrop Frye continually jotted down his ideas and thoughts as he worked through the complex schemes of his criticism Volumes 5 and 6 of the Collected Works are the notebooks that he kept while writing his two final books Words with Power and The Double Vision They provide a record of what he was reading and thinking as he struggled with the implications of those projects In a sense they are the workshops out of which the books were constructed While focusing on the works in progress the 3684 entries presented here range over diverse territory never failing to surprise delight and provoke In these notebooks for instance we find comments triggered by a detective story Frye is reading a lecture he has to prepare a glance at the books on his shelves a quotation he remembers a

letter received or the memory of a trip In many respects the notebooks reveal a Frye who is quite different from the critic who made his reputation with *Fearful Symmetry* and *Anatomy of Criticism* displaying aspects of his personality and thought that are not apparent in his books and essays The notebooks show us the unbuttoned Frye a complex man capable of both spiritual transcendence and hard headed pragmatism Here for instance his criticism of Catholicism is far more acerbic than in anything he published Likewise his rejection of both Marxist and feminist ideology is far more pointed than elsewhere These two volumes include seven of Frye's handwritten notebooks and five collections of his typed notebooks all previously unpublished The material is the record of an extraordinary intellectual odyssey an odyssey that is at its base deeply spiritual

*Northrop Frye* Robert D. Denham, 2004 The notebooks contents not only expand on ideas laid out in Frye's published works but also touch on subjects most readers would not associate with Frye such as his wide reading both in Eastern religious texts and in esoteric traditions ranging from astrology to the Kabbalah **BOOK JACKET**

**Northrop Frye's Notebooks and Lectures on the Bible and Other Religious Texts** Northrop Frye, 2003-01-01 In the third published volume of Canadian literary critic Frye's 1912-91-77 holograph notebooks the material is mostly from the 1970s when he was writing the first of his books on the Bible *The Great Code* However it begins with Notebook Three from the late 1940s in which he writes primarily on religious themes It concludes with Notebook 23 from the middle 1980s written between his first and second book on the Bible and one from the 1960s devoted largely to his reading of Dante's *Purgatorio* and the first ten cantos of the *Paradiso* Altogether the volume contains 11 notebooks three sets of typed notes and a transcription of 24 lectures on *The Mythological Framework of Western Culture* in 1981-82 Annotation c 2003 Book News Inc Portland OR booknews.com

**Claims of Identity** Alan Lewis Silva, 2020-01-12 *Claims of Identity* is a book of essays discussing relationships between archetypes and identities Drawing on history timeless tropes and comparative literature this book explores the activities of identification in a variety of ways adding significance to representations of outsiders and the marginalized in order to appreciate authors and cultures with a view toward philosophy A thematic treatise included in this volume *Claims of Identity* in Bret Harte's Gabriel Conroy argues that identity is claimed rather than inherently bestowed and that this is contributive to California identity The treatise also discusses Bret Harte the original California author Gabriel Conroy Bret Harte's only long novel published in 1875 tells a fiction of who owns California symbolized as a silver mine in the Sierras Various imposters are implicated The result is a sweeping adventure that typifies Californian identity to this day and compliments the understanding of additional topics

**The Secular Scripture and Other Writings on Critical Theory, 1976-1991** Northrop Frye, 2006-12-15 Northrop Frye's *The Secular Scripture* was first published in 1976 and was soon recognized as one of his most influential works reflecting an extensive development of Frye's thoughts about romance as a literary form This new edition in the *Collected Works of Northrop Frye* series brings *The Secular Scripture* together with thirty shorter pieces pertaining to literary theory and criticism from the last fifteen years of Frye's life Frye's study

illuminates the enduring attraction and deep human significance of the romance genre in all its forms He provides a unique perspective on popular fiction and culture and shows how romance forms have by their very structural and conventional features an ability to address both specific social concerns and deep and fundamental human concerns that span time and place In distinguishing popular from elite culture Frye insists that they are both ultimately two aspects of the same human compulsion to create in the face of chaos The additional late writings reflect Frye's sense at the time that he was working toward some kind of final statement which eventually saw the light of day only months before his death as Words with Power 1990 **Writers Directory NA** NA,2016-03-05 **Charms and Charming** Svetlana Adonyeva, Saša Babič, Valer Simion

**Jerome Rothenberg's Experimental Poetry and Jewish Tradition** Christine Meilicke,2005-07 On a more specific level this book analyses Rothenberg's use of postmodern appropriative strategies such as collage assemblage palimpsest parody pastiche forgery found poetry and theft These strategies illustrate the concept practice and problematics of appropriation Embracing postmodern experimentation and drawing on heterodox Jewish sources Rothenberg constructs a contemporary American Jewish identity that does not rely on institutionalized Judaism Jacket Petronius and the Anatomy of Fiction Victoria Rimell,2002-11-28 Petronius Satyricon long regarded as the first novel of the Western tradition has always sparked controversy It has been puzzled over as a strikingly modernist riddle elevated as a work of exemplary comic realism condemned as obscene and repackaged as a morality tale This reading of the surviving portions of the work shows how the Satyricon fuses the anarchic and the classic the comic and the disturbing and presents readers with a labyrinth of narratorial

viewpoints Dr Rimell argues that the surviving fragments are connected by an imagery of disintegration focused on the pervasive Neronian metaphor of the literary text as a human or animal body Throughout she discusses the limits of dominant twentieth century views of the Satyricon as bawdy pantomime and challenges prevailing restrictions of Petronian corporeality to material or non metaphorical realms This novel emerges as both very Roman and very satirical in its intestinal view of reality

Mothers and Other Clowns (Routledge Revivals) Magdalene Redekop, 2014-03-14 First published in 1992 this is the first study of the work of Alice Munro to focus on her obsession with mothering and to relate it to the hallucinatory quality of her magic realism A bizarre collection of clowning mothers parade across the pages of Munro's fiction playing practical jokes performing stunts and dressing in disguises that recycle vintage literary images Magdalene Redekop studies this with the aim of gaining increased understanding of Munro's evolving comic vision

**The Riddle in the Poem** Živilė Gimbutas, 2004 The Riddle in the Poem is a study of the ramifications of riddles and riddle elements in the context of selected twentieth century poetry It includes works by Francis Ponge Wallace Stevens Richard Wilbur Rainer M Rilke and Henrikas Radauskas This book enlarges the scope of riddles as a root of lyric by connecting it with the folkloristic concept of riddling essentially a question and answer series and by tracing the influence of the root in poetic methodology The Riddle in the Poem may be defined as an attempt to advance the notion which has been discussed in previous folkloristic and literary studies which riddle as the root of lyric manifests itself in various ways
