Splintered Dreams:

Splintered Dreams Deborah Campbell, 2005-02 Most folks have traveled many roads in their lifetime And hopefully there will be many more yet to travel The most precious things we hold dear are our family and the new generations we will someday meet To have a home empty is voided space that some are not yet ready to accept Splintered Dreams is filled with thoughts and moments during my life and could be very easily connected to others It is of how we sometimes lose focus and forget what we once felt important simply to turn around one day and totally understand that first things first is family over anything we could possibly have dreamed of Hopefully within these pages you too will remember some of your dreams then look around you to see if you have accomplished them But look very closely at those little ones who once stepped on your toes and now own your heart *Splintered Dreams, Blades of Truth, Shafts of Sunlight* Enriqueta Cartagena Mayuga, M.D., 2009-09-22 Splintered Dreams Blades of Truth Shafts of Sunlight is an autobiography in poetry not an autobiography of dates events and achievements but of the inner life an autobiography of the soul Throughout all the vicissitudes of life Dr Enriqueta Cartagena Mayuga's hopes remain constant there is no such thing as a nullified life no such thing as charred hope This volume follows in timely fashion the admonition of Horace in his Art of Poetry It suits Dr Mayuga's genius well This book is a poetic account of one woman which resonates with the thoughts and feelings of women and men of our common humanity This volume in my mind surpasses her earlier works Rev Charles D Skok S T D Professor Emeritus of Religious Studies Gonzaga University *Why We Dream* Alice Robb, 2018-11-20 A science journalist explores the latest research on dreams how they work what they're for and how we can reap the benefits While on a research trip in Peru science journalist Alice Robb became hooked on lucid dreaming the uncanny phenomenon in which a sleeping person can realize that they're dreaming and even control the dreamed experience Finding these forays both puzzling and exhilarating Robb dug deeper into the science of dreams at an extremely opportune moment just as researchers began to understand why dreams exist They aren't just random events they have clear purposes They help us learn and even overcome psychic trauma Robb draws on fresh and forgotten research as well as her experience and that of other dream experts to show why dreams are vital to our emotional and physical health She explains how we can remember our dreams better and why we should She traces the intricate links between dreaming and creativity and even offers advice on how we can relish the intense adventure of lucid dreaming for ourselves *Why We Dream* is both a cutting edge examination of the meaning and purpose of our nightly visions and a guide to changing our dream lives in order to make our waking lives richer healthier and happier Robb offers a welcome antidote to the medicine administered by most sleep gurus New Yorker **The Mysteries** Keletso Raletsemo, 2023-11-29 The Mysteries of the Untold A Poetry Collection Description Step into a realm where words become whispers of enchantment and emotions are woven into intricate tapestries of verse The Mysteries of the Untold is a spellbinding poetry collection that beckons you to explore the hidden depths of the human experience In this enchanting
