Minnesota for the Year ... Minnesota,1915 **Inherit the Wind** Jerome Lawrence,Robert E. Lee,2003-11-04 A classic work of American theatre based on the Scopes Monkey Trial of 1925 which pitted Clarence Darrow against William Jennings Bryan in defense of a schoolteacher accused of teaching the theory of evolution The accused was a slight frightened man who had deliberately broken the law His trial was a Roman circus The chief gladiators were two great legal giants of the century Like two bull elephants locked in mortal combat they bellowed and roared imprecations and abuse The spectators sat uneasily in the sweltering heat with murder in their hearts barely able to restrain themselves At stake was the freedom of every American One of the most moving and meaningful plays of our generation Praise for Inherit the Wind A tidal wave of a drama New York World Telegram And Sun Jerome Lawrence and Robert E Lee were classic Broadway scribes who knew how to crank out serious plays for thinking Americans Inherit the Wind is a perpetually prescient courtroom battle over the legality of teaching evolution We re still arguing this case all the way to the White House Chicago Tribune Powerful a crackling good courtroom play that provides two of the juiciest roles in American theater Copley News Service This historical drama deserves respect The Columbus Dispatch Atlantic Reporter ,1893 **The Welfare of Infants of Illegitimate Birth in Baltimore** Douglas Armour Thom,Emelyn Foster Peck,United States. Office of Independent Counsel,James C. McKay,1988 **Rural Space in the Middle Ages and Early Modern Age** Albrecht Classen,2012-05-29 Older research on the premodern world limited its focus on the Church the court and more recently on urban space The present volume invites readers to consider the meaning of rural space both in light of ecocritical readings and social historical approaches While previous scholars examined the figure of the peasant in the premodern world the current volume combines a large number of specialized studies that investigate how the natural environment and the appearance of members of the rural population interacted with the world of the court and of the city The experience in rural space was important already for writers and artists in the premodern era as the large variety of scholarly approaches indicates The present volume signals how much the surprisingly close interaction between members of the aristocratic and of the peasant class determined many literary and art historical works In a surprisingly large number of cases we can even discover elements of utopia hidden in rural space We also observe how much the rural world was a

significant element already in early medieval mentality Moreover as many authors point out the impact of natural forces on premodern society was tremendous if not catastrophic Inherit the Holy Mountain Mark Stoll,2015 Inherit the Holy Mountain puts religion at the center of the history of American environmentalism rather than at its margins demonstrating how religion provided environmentalists with content direction and tone for the environmental causes they espoused
