

Spetsnaz Soviet Special Forces

Viktor Suvorov

Spetsnaz Soviet Special Forces:

Spetsnaz: The Inside Story of the Soviet Special Forces Viktor Suvorov, 1988-09-01 Viktor Suvorov is a Soviet army officer who has defected to the West Here is the full story of the Spetsnaz forces the Soviet army's secret killer elite This is the first comprehensive insight for the West into a Soviet army within an army whose existence has been known until recently only to a few highly placed people most of whom would deny it The spetsnaz Soviet special forces are one of the more shadowy and ruthless secret special forces in the world Controlled by military intelligence the GRU spetsnaz units are recruited from the ranks of the toughest officers and men in the Soviet Army the cutting edge of Soviet military might In modern warfare their primary task is the destruction of enemy tactical nuclear weapons but the training of anyone selected for spetsnaz prepares him or her for an unlimited range of tasks from undercover activity as a member of a Soviet Olympic sports team to piloting a midget submarine As an officer in the GRU the author was directly involved in the control and planning of spetsnaz In this revealing and sometimes shocking book he talks about his own experience about the military code of an armed force that kills its own wounded about the weapons strategy and training For anyone interested in the true military capability of the Soviet Union this book is essential reading *Inside Spetsnaz* Kirsten Amundsen, 1990

Spetsnaz Tor Bukkvoll, 2024-12-12 In January 1951 Lieutenant Evgeniy Borisov was sent to the headquarters of the Soviet 5th Army in Spassk Dalnii a small city in the Russian Far East Borisov was there on a secret mission Together with his superior Major Rusinov his job was to establish the 91st Special Forces Company The 91st was to be one of forty six similar units spread out across the Soviet Union The new forces were called spetsnaz short for spetsnialnoe naznachenie which translates to special purpose In *Spetsnaz* Tor Bukkvoll presents the first in depth history of the Soviet and later Russian special operations forces from their establishment until today He focuses on three broad topics Soviet and later Russian thinking on the use of special operations forces the actual process of constructing these forces and how this was facilitated or hampered by other agencies of the Soviet and Russian states and the use of these forces in combat Bukkvoll uses a variety of sources but the most important are the recollections of former spetsnaz soldiers and officers themselves which allow an understanding of the history of these forces as the men of spetsnaz see and have seen it Bukkvoll also draws upon observations and judgments from other parts of the Soviet and Russian militaries from a number of KGB sources and from independent Russian experts and journalists *Spetsnaz* is essential reading for anyone interested in special operations forces or Russian military history **Spetsnaz** Mark Galeotti, 2015-06-20 When the shadowy notorious Spetsnaz were first formed they drew on a long Soviet tradition of elite behind the lines commando forces from World War II and even earlier Throughout the 1960s 70s they were instrumental both in projecting Soviet power in the Third World and in suppressing resistance within the Warsaw pact As a powerful but mysterious tool of a world superpower the Spetsnaz have inevitably become the focus of many tall tales in the West In this book a peerless authority on Russia's military Special Forces debunks

several of these myths uncovering truths that are often even more remarkable Now since the chaotic dissolution of the USSR and the two Chechen Wars Russian forces have seen increasing modernization involving them ever more in power projection counter insurgency and anti terrorism and the Spetsnaz have been deployed as a spearhead in virtually all of these operations This book offers a unique absorbing guide to the secrets of the Spetsnaz their most noteworthy missions and personalities but is also packed with details such as orders of battle equipment and operational doctrine

Operation Spetsnaz Michael G. Welham, Bruce Quarrie, 1989 Beskrivelse af de sovjetiske Spetsnaz specialtropper deres opgaver taktik og teknik *Spetsnaz* Viktor Suvorov, 1987 Combat Vehicles of Russia's Special Forces Mark Galeotti, 2020-05-28 An illustrated study of both the combat vehicles of Russia's legendary Spetsnaz special forces and the whole range of unique and modified vehicles that Russia's elite units use from combat snowmobiles to the world's biggest water cannon Elite forces need elite vehicles As Vladimir Putin has devoted effort and funds into modernising Russia's armed forces and turning them into an instrument geared not just for defending the Motherland but also projecting power beyond its borders Russia has seen a growing emphasis on special and specialist forces Traditionally the elite Spetsnaz commandos had to make do with regular vehicles or civilian based technicals not least to conceal their presence or indeed very existence Now increasingly at the forefront of Russian power projection the Spetsnaz are acquiring more capable versatile vehicles such as the paratroopers BTR D personnel carrier and also experimenting with exotic specialist new acquisitions such as the Chaborz M3 buggy and Yamaha Grizzly all terrain vehicle The other elite branches of Russia's forces such as the Arctic warfare troops of the 200th Independent Motor Rifle Brigade the paratroopers of the Air Assault Troops VDV the Naval Infantry and the elite units of the security forces are also developing and fielding new vehicles for their specialist roles from combat snowmobiles to urban warfare vehicles From highly mobile LMVs able to operate in the deserts of Syria or the streets of Ukraine through dedicated fire support vehicles such as the air droppable Sprut SD or the massive BMPT Terminator to amphibious tanks and drone equipped security trucks these are the workhorses of Russia's special forces This study explores all these combat vehicles in detail combining expert analysis from Russia expert Mark Galeotti with highly accurate full colour illustrations and photographs
