Spices The Story Of Indonesias Spice Trade:

Spices Joanna Hall Brierley,1994 **Spice Islands** Ian Burnet,2013 Cloves and nutmeg are indigenous to the Spice Islands of Eastern Indonesia The book tells of the many uses of these exotic spices and the history of their trade over a period of more than 2000 years It describes how the Spice trade into Europe came to be dominated by Middle Eastern and Venetian merchants Backed by the Crowns of Portugal and Spain explorers such as Columbus Vasco da Gama and Magellan dreamt of sailing directly to the Spice Islands Much of the story is told through the lives of these historical characters as well as Sir Francis Drake Jan Pieterzoom Coen Pierre Poive and others lesser known but equally important The story revolves around the intense rivalry between the Sultans of Ternate and Tidore their relationship with the Portuguese Spanish Dutch and English who at different times occupied the Spice Islands **Spices and Tourism** Lee Jolliffe,2014-06-23 This is the first book to explore the relationship between tourism and spices It examines the various layers of connection between spices and tourism in the context of destinations attractions and cuisines This volume will be useful for researchers and students in cultural tourism culinary tourism anthropology of food and food history The Spice Trade Jeanie M. Welch,1994-11-21 The trade in spices is one of the oldest and at one time one of the most important forms of commerce While taken for granted today spices have been coveted plundered fought over and hoarded throughout history The Age of Exploration was fueled in part by the desire to find direct routes to the spice growing regions of Asia Fortunes were made battles fought and countries conquered to satisfy the Western spice trade This book is the first comprehensive bibliography on the economic and historical aspects of the spice trade Arranged in broad chronological categories the bibliography lists monographs periodical articles and other miscellaneous sources including pamphlets and maps The first chapter includes sources covering more than one time period or the entire history of the spice trade Chapter two covers the period from Biblical times through the fall of the Roman Empire c 400 A D including ancient Egypt Greece Rome and the Holy Land The Dark Ages and Middle Ages from c 400 to 1500 are covered in chapter three Chapter four covers the Age of Exploration and Colonialism including the European voyages and the colonization of Africa Asia and the Americas The final chapter provides selective coverage of the post World War II era Sources listed in all chapters are in Western languages and available in U S libraries *Spices* Fred Czarra,2009-05-01 The scent of oregano immediately conjures the comforts of Italian food curry is synonymous with Indian flavor and the fire of chili peppers ignites the cuisine of Latin America Spices are often the overlooked essentials that define our greatest eating experiences In this global history of spices Fred Czarra tracks the path of these fundamental ingredients from the trade routes of the ancient world to the McCormick s brand s contemporary domination of the global spice market Focusing on the five premier spices black pepper cinnamon nutmeg cloves and chili pepper while also relating the story of many others along the way Czarra describes how spices have been used in cooking throughout history and how their spread has influenced regional cuisines around the world Chili peppers for example migrated west from the Americas with European

sailors and spread rapidly in the Philippines and then to India and the rest of Asia where the spice quickly became essential to local cuisines The chili pepper also traveled west from India to Hungary where it eventually became the national spice paprika Mixing a wide range of spice fact with fascinating spice fable such as giant birds building nests of cinnamon Czarra details how the spice trade opened up the first age of globalization prompting a cross cultural exchange of culinary technique and tradition This savory spice history will enliven any dinner table conversation and give that meal an unforgettable dash of something extra

Navigating African Maritime History Carina E. Ray, Jeremy Rich, 2017-10-18 This book is a collection of essays addressing multiple aspects of African maritime history in attempt to counter the lack of academic research that exists in comparison to other nations and continents and to assert the value of African topics to the global study of maritime history Each essay addresses African maritime history whilst also demonstrating an inextricable link to the global maritime stage The topics discussed include early human migration to Africa early European contact with Africa the role of West African maritime communities in the Atlantic slave trade New World slaveholders and the exploitation of African maritime skillsets the construction of Atlantic world racial discourses the rise and fall of colonial rule and African immigrant communities in Europe These essays cover maritime topics such as seafaring labour navigational technology swimming diving surfing plus political subjects that include colonisation decolonisation immigration and citizenship The book consists of eight essays and an introduction that evaluates the existing research into African maritime history It includes case studies from every major geographical part of the continent bar North Africa and covers the Early Modern period up to the twentieth century The purpose is not to provide a comprehensive chronological history but rather a diverse collection of topics across a range of periods and locations to reflect the wealth of maritime topics in the history of Africa and their global significance It concludes with a call for further research into non European maritime activity to deepen the global historiography

Spice Trade Amelia Scott, AI, 2025-03-03 Spice Trade explores how spices transformed from simple commodities to the foundation of a global industry deeply influencing economic history The book examines the evolution of trade routes and the profound economic impact of spices revealing how these factors shaped international relations and globalization One intriguing aspect is how the demand for spices catalyzed early globalization connecting disparate cultures long before modern technology Another key insight is the role of the spice trade in driving colonialism fundamentally restructuring global trade dynamics

and exploiting indigenous populations The book progresses through three sections starting with the origins of the spice trade and key spices like cinnamon and cloves It then traces the development of maritime trade routes dominated by European powers like the Dutch East India Company and the consequences of mercantilism Finally it examines the modern spice industry focusing on contemporary production fair trade initiatives and sustainability This approach allows the book to offer a comprehensive understanding of the subject making it valuable for anyone interested in history economics and the lasting impact of the spice trade on our world Reinterpreting Indian Ocean Worlds Stefan C. A. Halikowski Smith,2011-05-25

The Indian Ocean World was an idea borne out by researchers in economic history and trade in the 1980s in response to the compartmentalization of specific area studies within the wider rubric of Asian civilisations and culture Professor Kirti N Chaudhuri s books *Trading World of Asia and the English East India Company* 1978 and then *Trade and Civilization in the Indian Ocean* 1985 figured amongst the forefront of this new movement in historical thinking undertaking detailed historical analysis first of the English East India Company and then a comparative cultural history of Asian material life and civilisation Today historians continue to hold on to the idea of an Indian Ocean world although studies now follow a number of different threads from themes like linguistics and creolization to the seeds of national consciousness By presenting a number of studies here gathered into the themes of Intermixing The World of Trade and Colonial Paths it is hoped we can render tribute to one of the outstanding historians in this field and reflect the plenitude of current research in this subject area **Oceanic**

Migration Charles E.M. Pearce,F. M. Pearce,2010-06-17 Oceanic Migration studies the prehistoric peopling of the Pacific It uses science and mathematics to expand the research base of Pacific prehistory and casts new light on this final human expansion It explores the fundamental roles of oceanography and of global climate change in determining the paths sequence timing and range of Spice Island based maritime migrations ranging across a quarter of the globe The book is of interest to Pacific prehistorians oceanographers and American anthropologists concerned with the diffusionist debate For oceanographers it presents the new idea of the role of the West Pacific Warm Pool and of three of its four major currents in determining the evolution of voyaging in two oceans For diffusionists it provides new chronological and technological contexts in which the issue of diffusionism needs to be reconsidered For prehistorians it creates a paradigmatic shift by establishing a new time depth and mechanism for Polynesian exploration offers a new view of voyaging and exploration strategies and of economic imperatives and adds a new dimension to the debate on Polynesian origins *Maritime*

1528 when Islam became dominant in the region 1994 Massimo Mastrogregori, 2013-05-08 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors Dragons and Tigers Barbara A. Weightman, 2011-03-15 Dragons and Tigers A Geography of South East and Southeast Asia Third Edition explores and illustrates conditions events problems and trends of both larger regions and individual nations Using a cross disciplinary approach the author discusses evolving physical and cultural landscapes Nature Society relations provide the foundation for social economic political and environmental problems Dragons and Tigers is the only textbook that covers all three regions South Asia East Asia and Southeast Asia in one textbook It is the most comprehensive book on the market about the geography of Asia Confronting Biopiracy Daniel F. Robinson, 2010 Biopiracy refers either to the unauthorised extraction of biological resources such as plants with medicinal properties and associated traditional knowledge from indigenous peoples and local communities or to the patenting of spurious inventions based on such knowledge or resources without compensation Biopiracy cases continue to emerge in the media and public eye yet they remain the source of considerable disagreement confusion controversy and grief The aim of this book is to provide the most detailed coherent analysis of the issue of biopiracy to date The book synthesises the rise of the issue and increasing use of the term by activists and negotiators in the World Trade Organization WTO and the Convention on Biological Diversity CBD to form a critical understanding of the themes implications and politics of biopiracy Taking a case study based approach derived from interviews and fieldwork with researchers government industry local farmers healers and indigenous people the author sequentially documents events that have occurred in biopiracy and bioprospecting controversies Implications and ethical dilemmas are explored particularly relating to work with local communities and the power relations entailed Detailing international debates from the WTO CBD and other fora in an accessible manner the book provides a unique overview of current institutional limitations and suggests ways forward Options and solutions are suggested which are relevant for local communities national governments international negotiators NGO and interest groups researchers and industry Spice Trade Routes Gideon Fairchild, 2025-02-27 Spice Trade Routes explores how the demand for spices like pepper and cinnamon drove maritime exploration colonialism and the creation of global economic networks The book argues that the quest for these commodities acted as a major catalyst for global interaction reshaping societies worldwide Intriguingly spices weren't just culinary enhancements they served as medicines perfumes and status symbols demonstrating their profound cultural and economic value The book progresses chronologically beginning with the origins and uses of spices in ancient civilizations It then traces the development of maritime technology and the impact of voyages by explorers such as Vasco da

Gama It culminates in an analysis of the lasting legacies of colonialism and globalization Highlighting the interconnectedness of history and economics the book uniquely focuses on the spices themselves as key drivers of historical events rather than solely on the countries or companies involved **World Agricultural Economics and Rural Sociology Abstracts** ,1995
